NOTICE.

The 24th November 1885.—The following draft of rules which the Lieutenant-Governor proposes to make under clauses (*j*) and (*q*) of section 138 of the Bengal Local Self-Government Act, 1885, is published for general information under section 143 of the said Act, and notice is hereby given that the said rules will be taken into consideration on or after the 1st January 1886, when any objections or suggestions which may be made by any person and received before that date will also be considered.

EDUCATION.

GENERAL.

1. Throughout these rules the term "Inspector" includes the Circle Inspector, and a Joint or Assistant Inspector authorized to act on his behalf, and the term "schools under public management" includes all schools in which the course of study conforms to the standards prescribed by the Department of Public Instruction or by the University, and which are aided or inspected by the Department or regularly present pupils at the public examinations held by the Department, or by the University.

SECTION I.—BOARD SCHOOLS

1. All schools under public management, with the maintenance and management of which a District Board shall be charged, and for the management and maintenance of which it shall become responsible under sections 62 and 63 of the Act, shall be deemed Board Schools. They are divided into three classes—Middle Schools maintained and managed directly by the Board, Aided Schools, and Primary Schools.

2. Subject to the approval of the Educational Department, and also subject to the rules hereinafter to be prescribed in regard to Aided schools and schools maintained by Union Committees, the administration of Board schools as regards teaching and discipline, the appointment, punishment, and dismissal of masters, the fixing and payment of the masters' salaries, allowances, and pension contributions, and the grant of leave of absence to the masters, shall be conducted by the District or Local Board, or by the Committee of Management, under the general control of the District or Local Board.

3. District Boards shall be liable for the payment of the stipends of Board school teachers under training in institutions provided by Government for that purpose.

4. Board schools shall be liable to periodical inspection and examination by officers of the Educational Department and by the Magistrate of the district.

5. Every member of the District Board, and in cases where the management and maintenance of a school shall have been made over to a Local Board, every member of the Local Board, and in cases where a Committee of Management shall have been appointed, every member of the Committee of Management shall be entitled to be present at such inspections and examinations.

6. The Bills of Board schools shall be passed by the District Board.

SECTION II.—HIGH ENGLISH SCHOOLS.

1. Whenever by order under section 64 of the Act the management and maintenance of a High English school shall have been entrusted to a Joint Committee, the following rules shall be in force.

2. Subject to the approval of the Educational Department, the administration of the school as regards teaching and discipline, the fixing of the monthly, admission, and re-admission fees, to be paid by the pupils, the award of prizes to the pupils, the appointment, punishment, and dismissal of masters, the fixing and payment of the master's salaries, allowances, and pension contributions, and the grant of leave of absence to the masters shall be conducted by the Joint Committee.

3. No vacations or holidays shall be allowed to the masters and pupils of the school other than those sanctioned by Government.

4. The Joint Committee shall be bound to furnish such reports and returns as shall be from time to time required by the Educational Department and by the authorities of the University of Calcutta.

5. The Joint Committee shall conform to such regulations as the authorities of the University of Calcutta shall from time to time make with regard to the conduct of examinations.

6. The school shall be liable to inspection and examination by the Inspector, the Magistrate of the district, the Principal of any Government College within the Municipality in which the school is situated, and any Fellow of the University of Calcutta. Any report that the Inspector, the Principal of any Government College within the Municipality, or any Fellow of the University of Calcutta shall think fit to make, shall be forwarded in writing to the Joint Committee, and a copy shall at the same time be sent to the Director of Public Instruction.

7. The buildings of the school shall be liable to inspection by any officer of the Public Works Department whom the Government may entrust with this duty. He shall forward his remarks in writing to the District Board, and shall at the same time send a copy of them to the Director of Public Instruction.

SECTION III.—MIDDLE SCHOOLS.

1. All Middle Schools, not being grant-in-aid schools, shall be managed and maintained directly by the District Board.

2. With regard to all such schools, the District Board shall have, within the Board's jurisdiction, the following powers:—

(1) Of deciding where new schools shall be opened and the manner in which accommodation therefor shall be provided.
(2) Of deciding upon the transfer or abolition of existing schools.
(3) Of fixing the class of every such school: the selection to be made from classes recognized by the Educational Department.
(4) Of prescribing the standard of teaching in every such school: the selection to be made from standards recognized by the Educational Department.
(5) Of fixing, subject to such limitations as may be from time to time prescribed by the Education Department, the rate of monthly, admission, and re-admission fees to be paid by pupils in every such school.

SECTION IV.—GRANT-IN-AID SCHOOLS.

1. Nothing contained in this section shall entitle a District Board to interfere in the management of an aided school further than is necessary to ascertain whether the terms of the grant are being complied with.

2. The Lieutenant-Governor shall have power to exempt any school or class of schools from the operation of the rules contained in this section.

3. Whenever under section 63 of the Act funds shall have been made over to a District Board for the management and maintenance of grant-in-aid schools within the district, the District Board shall be charged with and responsible for their distribution in accordance with the following rules.

4. The managers of any school on behalf of which application for a grant is made must appoint a Secretary to conduct their correspondence with the District Board and with the Educational Department.

5. In respect of any school for which application is made, full information must be supplied on the following points in the form prescribed in the grant-in-aid rules sanctioned by the Government of Bengal:—

(a) The pecuniary resources—permanent and temporary—on which the school will depend for support.
(b) The proposed monthly expenditure in detail.
(c) The average number of pupils to be instructed.
(d) The persons who will form the Committee of Management.
(e) The standard of instruction: the selection to be from standards recognized by the Educational Department.
(f) The number and salary of the teachers.
(g) The amount of aid sought.
(h) The existence of other schools within a distance of six miles.

6. An application for a grant shall be made directly to the District Board. Should the Board refuse to sanction the application either in whole or in part, it shall record its reasons for such refusal. The applicant may then appeal from such refusal to the Inspector, who shall consult the Magistrate, and, if necessary, report the matter through the Director of Public Instruction to the Government for final orders.

7. No grant to a school shall exceed in amount the sums to be expended from private sources, except in special cases under special orders of Government.

8. Grants may be of two kinds—annual and special.

9. No annual grant to a middle school shall exceed one-half of the income guaranteed from private sources.

10. No annual grant to a primary school, a girl's school, a training school, or a special school, shall exceed the full amount of the income guaranteed from private sources.

11. Annual grants shall be sanctioned ordinarily for a period of five years, but the Board may at any time during its currency, for reasons specified in writing, and which shall have reference to the Board's finances, or to the character of the teaching and discipline in the school, or to the general circumstances of education in the district, revise the grant. Against such an order of revision, however, an appeal shall lie to the Inspector, who shall deal with it in the manner specified in Rule No. 6.

12. The sanction to a grant shall be given in a form prescribed by Government.

13. Special grants up to a maximum of half the total expenditure may be given by District Boards towards the cost of furnishing school-houses and providing maps and other school apparatus in consideration of expenditure from private sources incurred in the establishment and equipment of schools, and on condition that the managers undertake to refund the amount of any such grant if the school obtaining it should be abolished within a period of five years.

14. Special grants may be given towards the cost of building school-houses, provided such school-houses are masonry structures.

15. Grants shall not be given to pay off debts for buildings, nor in consideration of former expenditure for building, nor for the maintenance of buildings.

16. Before a building grant is sanctioned by a District Board, the site, plans, estimates, specifications, title and trust deeds must be approved by the Inspector.

17. In the event of a difference of opinion between a District Board and an Inspector with reference to a building grant, the matter shall be referred to the Commissioner through the Magistrate, and if the Commissioner does not concur in the view of the Inspector, to Government through the Director of Public Instruction.

18. Any school to which aid is given by a District Board, together with all its accounts, books and other records shall at all times be open to inspection and examination by any officer appointed by Government for that purpose; and to this end the records and accounts shall be placed in such custody that they shall always be accessible on the visit of any inspecting officer. Such inspection shall have no reference to religious instruction, but only to secular education.

19. Should an Inspecting officer discover that the instruction or discipline in any school aided by a District Board is not efficient, or that the accounts are not properly kept, or that any of the conditions on which grants are made are not observed, he shall refer the matter to the Magistrate, who may, if he thinks fit, make a representation to the District Board. Should the District Board not comply with his representation, he shall report the fact to Government through the Director of Public Instruction.

20. District Boards shall not be allowed to make a grant to any school, except a school for training teachers, that does not require some fee from all its scholars, without the permission of the Director of Public Instruction. Before giving a grant-in-aid to any school, the District Board shall require the managers of the school to which aid is proposed to be given, to sign an agreement on stamped paper to the effect that they will conduct the school in accordance with the conditions of the grant.

SECTION V.—PRIMARY SCHOOLS.

1. Subject to the powers entrusted to Union Committees by section 112 of the Act, District Boards shall be charged with the duty of maintaining and managing all primary schools under public management within the district, and of determining the rates of stipends or rewards payable to the gurus and pupils of such schools, in accordance with the rules prescribed by the Educational Department.

2. District Boards shall grant rewards to the gurus and pupils of all primary schools within the district on the result of periodical examinations.

3. Such examinations shall be conducted under the supervision of the Deputy Inspector by the Sub-Inspectors and Examiners appointed by the District Board in consultation with the Deputy Inspector, at times to be settled beforehand by the Inspector in consultation with the District Board.

4. All payments and rewards to gurus and pupils to be granted on the result of such examinations shall be sanctioned by the Board on the report of a Sub-Inspector, confirmed by the Deputy Inspector.

5. The District Board shall, in consultation with the Deputy Inspector, make payments to chief gurus and other agents (exclusive of Sub-Inspectors) employed to inspect primary schools within the district.

6. Every District Board may make grants and contributions to primary schools under private management within the district, provided such grants and contributions be in accordance with the rules from time to time prescribed by Government.

7. Should any difference of opinion arise between the District Board and the Deputy Inspector, the matter shall be referred for the decision of the Inspector. Should the District Board be dissatisfied with the decision of the Inspector, the matter shall be referred through the Magistrate to the Commissioner; and if the Commissioner does not concur in the views of the Inspector, to Government through the Director of Public Instruction.

8. Should the District Board be dissatisfied with the decision of the Inspector, it may request him to refer the matter to Government through the Director of Public Instruction.

9. District Boards shall be responsible for the payment of the stipends of primary school teachers under training in institutions provided by Government for this purpose.

SECTION VI.—LOCAL BOARDS.

1. In every case where a District Board shall, under section 101 of the Act, transfer the management and maintenance of any school or schools to a Local Board, the provisions contained in the preceding rules shall be generally applicable to such Local Board: provided that the District Board shall, in all cases, have a general power of control.

SECTION VII.—UNION COMMITTEES.

1. Every primary school under public management maintained by a Union Committee under section 112 of the Act shall be called a Union Committee school.

2. Every Union Committee shall have the power within the Union—

(1) Of determining the places at which Union Committee schools shall be opened.

(2) Of deciding upon the transfer or abolition of existing Union Committee schools.

(3) Of fixing the class of every such school, the selection to be made from classes recognized by the Educational Department.

(4) Of prescribing the standard of instruction in every such school, the selection to be made from standards recognized by the Educational Department.

(5) Of fixing the salary of the guru of every such school and of removing or transferring him within the Union

(6) Of fixing the rate of monthly, admission, or re-admission fees payable by the pupils of every such school.

3. With reference to section 112 of the Act, by which Union Committees are declared responsible for the transmission to gurus of Union Committee schools for the rewards granted by the District or Local Boards, it shall be the duty of each Union Committee to compel the guru of each such school to attend such examinations and gatherings, and to present his pupils at such examinations and gatherings as shall be from time to time ordered by the District or Local Board or the Deputy Inspector.

4. Every Union Committee school will be subject to periodical inspection and examination by officers of the Educational Department and by the Magistrate of the district.

5. Nothing in these rules shall preclude the establishment and maintenance of primary schools within the Union by private individuals or self-constituted local associations, and the pupils of all such schools shall be entitled to present themselves at all examinations for rewards and grants payable by the District Board to the pupils and gurus of primary schools.

SECTION VIII.—SCHOLARSHIPS.

1. Lower primary scholarships shall be awarded by the District Board in consultation with the Deputy Inspector, and a list of the scholars elected shall be forwarded to the Inspector, who will pass the bills as at present.

2. The lower primary scholarship examination shall be conducted in every district by the Sub-Inspectors under the supervision of the Deputy Inspector.

3. It shall be competent to the District Board, before the award of upper primary and middle scholarships, to make representations to the Inspector in favour of particular schools or tracts which it may deem deserving of special encouragement on account of their less advanced state, or for other reasons, and the Inspector shall be bound to take such representations into consideration.

4. The District Board shall be furnished every year with an abstract of the results of the upper primary and middle scholarship examinations

SECTION IX.—FINANCE.

1. For the purpose of the maintenance and management of schools, the Lieutenant-Governor shall every year make over to the District Board the primary allotment of the district, the grant-in-aid allotment for Board schools falling under section IV of these rules, a contribution to the support of those schools to be managed directly by the Boards, and any additional sum that may be granted in support of education under the control of the District Board

2. The Deputy Inspector shall prepare educational budget estimates for the district, and shall submit them to the District Board before the 1st of August in the year immediately preceding that for which they are framed. The approved budget estimates shall be forwarded by the Board to the Director of Public Instruction before the 1st of September

3. The Inspector shall prepare budget estimates for every High English School within his circle, the management and maintenance of which shall, under section 64 of the Act, be entrusted to a Joint Committee, and shall submit them to the Joint-Committee before the 1st of August in the year immediately preceding that for which the estimates are framed. The approved estimates shall be forwarded to the Director of Public Instruction before the 1st of September.

SECTION X.—RELATION OF DISTRICT BOARDS TO EDUCATIONAL CONTROLLING AGENCIES.

1. All Sub-Inspectors within the district shall submit their diaries to the District Board through the Deputy Inspector, who will forward them with his remarks. They will conduct all examinations for rewards under the orders of the District Board in consultation with the Deputy Inspector.

2. Sub-Inspectors may be degraded or suspended by the District Board, but no Sub-Inspector shall be dismissed without the consent of the Director of Public Instruction. Sub-Inspectors who have been degraded or suspended shall have an appeal through the Magistrate to the Commissioner.

3. Subject to the veto of the Inspector, Sub-Inspectors shall be appointed by the District Board. Leave may be granted to Sub-Inspectors by the District Board, in accordance with the provisions of the Civil Leave Code, notice of the fact being at the same time communicated to the Inspector. Applications for leave from Deputy Inspectors shall be forwarded through the Inspector to the Director of Public Instruction.

4. The salary and travelling bills of Sub-Inspectors shall be passed by the District Board.

5. The Deputy Inspector shall forward to the District Board a copy of so much of the quarterly return of his inspection of schools as has reference to Board schools.

6. The correspondence of District Boards with the Director of Public Instruction shall be carried on through the Inspector.

SECTION XI. -MISCELLANEOUS.

1. No school building or extension of a school building shall be constructed by a District Board unless the plans and estimate for the same shall have been approved by the Inspector if the cost of the work is not to exceed Rs. 1,000, or by the Director of Public Instruction in any other case.

2. Before a District Board commences to erect a building for the accommodation of a school of the estimated cost of Rs. 200 and upwards, the site for the same must be approved by the Inspector.

3. In the event of a difference of opinion between a District Board and the Inspector as to the suitableness of a proposed site, the question shall be referred to the Commissioner, and if the Commissioner does not concur in the views of the Inspector, to Government through the Director of Public Instruction.

4. Every Inspector shall specially notice in his annual report the state of the building, library, furniture, and play-ground of every middle school under the management of a District Board within his circle. The annual report of the Inspector shall briefly discuss the points raised by District or Local Boards, or by Committees of Management, or by District Officers during the year.

5. A quarterly statement of all payments made for educational purposes within the District on the authority of the District Board shall be forwarded by the District Board to the Inspector.

6. At the close of every financial year the District Board shall submit a report of its operations, which shall reach the Inspector's office on or before the 1st of May, and shall be forwarded by him to the Director.

7. All schools managed and maintained by District or Local Boards shall be bound to submit such annual and periodical returns as may be called for by the Educational Department, and periodical or other indents in regard to all such schools shall be submitted in forms approved by the department.

8. All schools not being grant-in-aid schools managed and maintained by District Boards shall be obliged to select their text-books from a list published by the Director of Public Instruction.

The Indian Law Reports,

Under Au[illegible]

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series

1. (*1*) This Act may be called the Indian Tramways Act, 1886; and

(*2*) It shall come into force at once.

Local extent.

2. (*1*) It extends in the first instance to the whole of British India, except the territories administered by the Governor of Fort Saint George in Council, the Governor of Bombay in Council, and the Lieutenant-Governor of Bengal.

(*2*) But the Governor of Fort Saint George in Council, the Governor of Bombay in Council or the Lieutenant-Governor of Bengal may, by notification in the official Gazette, extend this Act to the whole or any part of the territories under his administration.

Definitions.

3. In this Act, unless there is something repugnant in the subject or context,—

[Act XIII, 1885, s. 3, clause (7).]

(*1*) "local authority" means a municipal committee, district board, body of port commissioners or other authority legally entitled to, or entrusted by the Government with, the control or management of a municipal or local fund:

[Act XXII, 1883, s. 2.]

(*2*) "road" means the way of a road, street, thoroughfare, passage or place along or across which a tramway authorised under this Act is, or is intended to be, laid, and includes the surface soil and sub-soil of a road, and the footway and drains of a road, and any bridge, culvert or causeway forming part of a road:

[33 & 34 Vic., c. 78, s. 3.]

(*3*) "road-authority", in relation to a road, means—

(*a*) if a local authority maintains and repairs the road, then that authority:

(*b*) if a local authority does not maintain and repair the road, and the road is neither vested in Her Majesty nor maintained and repaired by the Government, then the person in whom the road is vested; and

(*c*) if a local authority does not maintain and repair the road, and the road is vested in Her Majesty or maintained and repaired by the Government, then the Local Government:

[33 & 34 Vic., c. 78, s. 3.]

(*4*) "circle", in relation to a local authority or road-authority, means the area within the control of that authority:

[Act XXII, 1883, s. 2.]

(*5*) "tramway" means a tramway, or any part of a tramway, or any siding, turnout, connection, line or track belonging to a tramway:

(*6*) "order" means an order authorising the construction of a tramway under this Act, and includes a further order substituted for, or amending, extending or varying, that order:

[33 & 34 Vic., c. 78, ss. 4, 24, 43 & 44; and Act XXII, 1883, Schedule, Articles 1 and 26]

(*7*) "promoter" means a local authority or person in whose favour an order has been made, and includes a local authority or person on whom the rights and liabilities conferred and imposed on the promoter by this Act and the order and any rules made under the Act, as to the construction, maintenance and use of the tramway, have devolved.

(*8*) "undertaking" includes all moveable and immoveable property of the promoter suitable to and used by him for the purposes of the tramway:

(*9*) "carriage", in the case of a tramway on which steam-power or any other mechanical power is used, includes an engine worked on the tramway for the purpose of producing that power:

(*10*) "toll" includes any charge leviable in respect of the use of a tramway:

(*11*) "lessee" means a person to whom a lease has been granted of the right of user of a tramway and of demanding and taking the authorised tolls:

(*12*) "District Magistrate" includes an officer empowered by the Local Government by name or by virtue of his office to discharge within any local area all or any of the functions of a District Magistrate under this Act;

(*13*) "Collector" means the chief officer in charge of the revenue administration of a district, and includes an officer empowered by the Local Government by name or by virtue of his office to discharge within any local area the functions of a Collector under this Act; and

(*14*) "prescribed" means prescribed by rules made by the Local Government under this Act.

Orders authorising the Construction of Tramways.

Application for and consent necessary to making of order.

[33 & 34 Vic., c. 78, s. 4.]

4. (*1*) The Local Government may make an order authorising the construction of a tramway in a circle on the application of—

(*a*) the local authority of the circle, with, where that authority is not the road-authority of a road or part of a road to be traversed by the tramway, the consent of the road-authority in respect of that road or part; or

(*b*) any person with the consent of the local authority and, where that authority is not the road-authority of a road or part of a road to be traversed by the tramway, of the road-authority in respect of that road or part:

Provided that, if any part of the proposed tramway is to traverse land which is not included within the limits of a municipality or of a cantonment, the Local Government shall not make the order without the previous sanction of the Governor General in Council.

The Indian Tramways Bill, 1885.—Sections 5-7.

(2) A local authority shall not make an application for an order, or be deemed to consent to an application being made by any person for an order, unless the making of the application or the giving of the consent has been approved by the local authority in manner prescribed.

[33 & 34 Vic., c. 78, s. 5.]

Consent of local or road authority not necessary in certain cases.

5. When it is proposed to lay a tramway in two or more circles, and a local authority or road-authority having control in either or any of the circles does not consent thereto, the Local Government may, nevertheless, make an order authorising the construction of the tramway in the circle, if, after considering the objections of the dissenting authority, and the benefit which the public is likely to derive from the tramway being laid in the circle of that authority, it is satisfied that the construction of the tramway therein is expedient.

[33 & 34 Vic., c. 78, ss. 7 & 8; & Act XV, 1878, s. 68.]

Procedure for making order.

6. (1) The Local Government on receiving an application shall consider it, and, if satisfied as to the propriety of proceeding thereon, publish in the official Gazette, and in such other manner as it deems sufficient for giving information to persons interested, a draft of a proposed order authorising the construction of the tramway.

(2) A notice shall be published with the draft stating that any objection or suggestion which any person may desire to make with respect to the proposed order will, if submitted to the Local Government on or before a date to be specified in the notice, be received and considered.

(3) If, after considering any objections or suggestions which may have been made with respect to the draft on or before the date so specified, the Local Government is of opinion that the application should be granted, with or without addition or modification, or subject or not to any restriction or condition, it may settle and make an order accordingly.

(4) Every order authorising the construction of a tramway shall be published in the official Gazette in English, and in the other prescribed language or languages, if any, and that publication shall be conclusive proof that the order has been made as required by this section.

[33 & 34 Vic., c. 78, s. 8.]

Contents of order.

7. (1) An order made under section 6 shall empower the promoter therein specified to construct and maintain the tramway therein described in the manner therein provided, and shall specify the time within which the tramway shall be commenced and the time within which it shall be completed and opened for public traffic.

[See 33 & 34 Vic., c. 78, s. 18, and s. 10 of this Bill.]

(2) The order may also provide, in manner consistent with this Act, for all or any of the following, among other matters, that is to say:—

[Provisional Order Clause 21.]

(a) a period before the expiration of which the tramway shall not be commenced, and the conditions subject to which the local authority, when it is not itself the promoter, may, within that period, elect to be substituted in the place of the promoter in respect of the undertaking or of so much thereof as is within its circle; and the limits of time within which, and the terms upon which, the local authority may, after the tramway has been constructed, require the promoter to sell to it the undertaking or so much thereof as is within its circle;

[33 & 34 Vic., c. 78, s. 43.]

(b) the acquisition by the promoter of land for the purposes of the tramway, and the disposal by him of land which has been acquired but is no longer required for those purposes;

[33 & 34 Vic., c. 78, ss. 8 & 15; Provisional Order Clauses 2 and 5, and Report of House of Lords Committee, 1879, paragraph 11.]

(c) the conditions subject to which roads may be opened and broken up for the purposes of the construction or maintenance of the tramway or any part thereof, and the method of, and materials to be used in, the re-instating of the roads, and the approval of the method and materials by the Local Government or the road-authority before the commencement of the work;

[33 & 34 Vic., c. 78, ss. 26 & 27, and Provisional Order Clause 9.]

(d) the conditions on which the tramway may be constructed over a bridge or across a railway or tramway when the carriageway over the bridge is to form part of the tramway or when the tramway is to cross a railway or another tramway on the level;

[33 & 34 Vic., c. 78, s. 26.]

(e) the space which shall ordinarily intervene between the outside of the carriageway on either side of a road whereon the tramway is to be constructed and the nearest rail of the tramway, and the conditions on which a smaller space may be permitted;

[33 & 34 Vic., c. 78, s. 9, and Provisional Order Clause 13.]

(f) the gauge of the tramway; the rails to be used, and the mode in which, and the level at which, they shall be laid and maintained; and the adoption and application by the promoter of such improvements in the rails, and in their situation, and in the substructure upon which they rest, as the Local Government may require;

[33 & 34 Vic., c. 78, s. 25, and Provisional Order Clauses 8 and 10.]

(g) the portion of the road or roads traversed by the tramway to be kept in repair by the promoter, the maintenance by the promoter to the satisfaction of the Local Government or the road-authority, or both, of that portion of the road or roads, and the liability of the promoter, on the requisition of the Local Government, from time to time to adopt and apply such improvements in the tramway as the Local Government may consider necessary or desirable for the safety and convenience of the public, and to alter the position or level of the tramway to suit future alterations in the road or roads;

[33 & 34 Vic., c. 78, s. 28, and Provisional Order Clauses 8, 11 & 12.]

(h) the application of material excavated by the promoter in the construction or maintenance of the tramway;

[33 & 34 Vic., c. 78, s. 27, and Provisional Order Clause 17.]

(i) the provision of such crossings, passing-places, sidings, junctions and other works, in addition to those specified in or authorised by the order, as may from time to time be necessary or convenient to the efficient working of the tramway;

[Provisional Order Clause 15.]

(j) the powers which may from time to time be exercised by the Local Government, the local authority, the road-authority or any person in respect of sewers, drains, telegraph-lines, gas-pipes or water-pipes in

[33 & 34 Vic., c. 78, s. 32, and Provisional Order Clause 18.]

The Indian Tramways Bill, 1885.—Sections 8-10

or on land occupied by the tramway; the notice (if any) to be given of the intended exercise of those powers; the manner in which the powers shall be exercised; and the extent to which the tramway and the traffic thereon may be interfered with in the exercise thereof;

[33 & 34 Vic., c. 78, ss. 30 & 31.]

(k) the conditions subject to which the promoter may from time to time interfere with, or alter or require the alteration of the position of, drains (not being sewers or main drains), telegraph-lines, gas-pipes or water-pipes;

[Provisional Order Clause 16.]

(l) the provision of a temporary tramway in place of a part of a tramway which has been removed, or of which the use has been discontinued, by reason of the execution of any work affecting a road along which the part of the tramway was laid;

[33 & 34 Vic., c. 78, s 34; and Provisional Order Clauses 25, 26 & 27.]

(m) the motive power to be used on the tramway, and the conditions on which steam-power or any other mechanical power may be used;

[33 & 34 Vic., c. 78, s. 34; Schedule A to form of Provisional Order; and Regulations and Bye-laws of the Board of Trade with respect to the use of steam-power on tramways.]

(n) the nature, dimensions, fittings, appliances and apparatus of the carriages to be used on the tramway, and the inspection and examination thereof by officers of the Local Government or the local authority, and the liability of the promoter or lessee, on the requisition of the Local Government, from time to time, to adopt and apply such improvements in the carriages, and in the fittings, appliances and apparatus as the Local Government may consider necessary or desirable for the safety and convenience of the public;

[33 & 34 Vic., c. 78, s. 10, and Provisional Order Clauses 33 to 36 and 38 to 43.]

(o) the traffic which may be carried on the tramway, the traffic which the promoter or lessee shall be bound to carry, and the traffic which he may refuse to carry; the tolls to be leviable by the promoter or lessee, and the periodical revision thereof by the Local Government; and the regulation of the traffic and of the levy of the tolls;

[Provisional Order Clause 37.]

(p) the use of the tramway free of toll by the local authority, with its own carriages, for specified purposes, during specified hours, with power to the local authority to make such sidings and other works as may be necessary for communication between its premises and the tramway;

[33 & 34 Vic., c. 78, s. 41, and Provisional Order Clause 48]

(q) the conditions subject to which the promoter may transfer the undertaking, or any part thereof, by sale, mortgage, lease, exchange or otherwise; and the conditions subject to which the local authority may be the transferee;

[33 & 34 Vic., c. 78, s. 28, Proviso.]

(r) the performance by the Local Government or by the local authority or road-authority of any work required by the Act or the order to be done by the promoter; and

[Provisional Order Clauses 10, 11, 26, 27 and 40.]

(s) the penalty to be incurred by the promoter or lessee for failure to observe any condition or direction contained in the order, and the application of the penalty when recovered.

[Report of House of Lords Committee, 1879, para. 11.]

(3) The Local Government may, in providing in the order for the acquisition of land for the purposes of a tramway of which the promoter is not a company, direct that land may be acquired for the promoter under the provisions of the Land Acquisition Act, 1870, in the same manner and on the same conditions as it might be acquired for the purposes of the tramway if a company were the promoter.

X of 1870.

(4) The order shall imply the condition—

(a) in the case of a tramway of which a local authority is the promoter, that a lease thereof shall be granted only in manner by this Act provided, and

(b) in the case of a tramway of which a local authority is not the promoter, that a lease thereof shall be only of the right of user and of demanding and taking the authorised tolls, and shall not confer or impose on the lessee any of the powers or duties of the promoter in respect of the construction or maintenance of the tramway.

Further orders.

[33 & 34 Vic., c. 78, s. 16.]

8. (1) The Local Government may, on the application of the promoter, revoke, amend, extend or vary the order by a further order.

(2) An application for a further order shall be made in the same manner and subject to the same conditions as an application for an order.

(3) The Local Government may, in its discretion, either grant or reject the application.

(4) If it grants the application, it shall make the further order in the same manner as an order except that no addition to or modification of the rights, powers and authorities asked for in the application, or restriction or condition with respect thereto, shall be made or imposed by the further order without the consent in writing of the promoter.

Power to authorise joint work by local authorities.

[33 & 34 Vic., c. 78, s. 17.]

9. (1) Subject to, and in accordance with, the provisions of this Act, the Local Government may, on a joint application, or on two or more separate applications, settle and make an order empowering two or more local authorities, respectively, jointly to construct the whole, or separately to construct parts, of a tramway, and jointly or separately to own the whole or parts thereof.

(2) All the provisions of this Act which relate to the construction of tramways shall extend and apply to the construction of the whole and the separate parts of the tramway, and the form of the order may be adapted to the circumstances of the case.

Cesser of powers given by an order.

[33 & 34 Vic., c. 78, s. 18.]

10. (1) If a promoter authorised by an order to construct a tramway—

(a) does not within the time specified in the order substantially commence the construction of the tramway, or

(b) having commenced the construction, suspends it without a reason sufficient in the opinion of the Local Government to warrant the suspension, or

(c) does not within the time specified in the order complete the tramway and open it for public traffic,—

the following consequences shall ensue:—

(i) the powers given by the order to the promoter for constructing the tramway and otherwise in relation thereto shall, unless

The Indian Tramways Bill, 1885.—Sections 11-17.

the Local Government, by special direction in writing, prolongs the time or condones the suspension, cease to be exercised except as to so much of the tramway as is then completed;

(ii) as to so much of the tramway as is then completed, the Local Government may either permit, or refuse to permit, the powers given by the order to continue;

(iii) if the Local Government refuses to permit the powers to continue, then so much of the tramway as is then completed may be dealt with, under the provisions of this Act relating to the discontinuance of tramways, as a tramway of which the discontinuance has been proved to the satisfaction of the Local Government.

[Sections 19 & 20 of this Bill.]

(2) A notification published by the Local Government in the official Gazette to the effect that on a date specified in the notification the construction of a tramway had not been substantially commenced or a tramway had not been completed and opened for public traffic, or that the construction of a tramway had been suspended without sufficient reason, shall, for the purposes of this section, be conclusive proof of the matter stated therein.

Construction and Maintenance of Tramways.

Mode of formation of tramway.

11. A tramway shall be constructed and maintained in the manner provided by the order.

[33 & 34 Vic., c. 78, s. 25, & Act IV of 1879, s. 5.]

Inspection of tramway before opening.

12. A tramway, or portion or extension of, or addition to, a tramway, shall not be opened for public traffic until an engineer appointed in this behalf by the Local Government has inspected it and certified it to be fit for such traffic.

[33 & 34 Vic., c. 78, s. 29.]

Agreement between road-authority and promoter as to repair of roadway.

13. The road-authority and the promoter may from time to time enter into agreements with respect to the keeping in repair of the whole or a part of a road traversed by a tramway, and with respect to the proportion to be paid by either of them of the expense of keeping the road or part in repair.

Traffic on Tramways.

[33 & 34 Vic., c. 78, ss. 34 & 62, and Act XXII of 1883, s. 8.]

Rights of promoter and the public over tramways.

14. (*1*) The promoter of a tramway shall, subject to the provisions of sub-section (*2*) and to the other provisions of this Act and of the order, have the exclusive use of the tramway for carriages with flange-wheels or other wheels suitable to run on the rail described in the order as the rail to be used on the tramway:

Provided that nothing in this Act or the order or in any rule made under the Act shall affect the right of any person authorised to use a tramway or railway to pass across a tramway constructed under this Act with carriages having wheels suitable to run on the rail thereof.

(*2*) The public shall have a right to pass along or across any part of a road along or across which a tramway is constructed, whether on or off the tramway, with carriages not having flange-wheels or other wheels suitable to run on the rail of the tramway: provided—

(*a*) that this sub-section shall not apply where the tramway is constructed on land the right to the exclusive possession of which has been acquired by the promoter, and

(*b*) that the Local Government may by an order authorise the construction of a tramway on any part of a road with rails raised above the surface of the road, if it is satisfied that the convenience of the public will not be injuriously affected thereby.

[33 & 34 Vic. c. 78, s. 45.]

Tolls leviable by promoter or lessee.

15. (*1*) The promoter or lessee may demand and take, in respect of the tramway, tolls not exceeding the limits specified in or determinable under the order, or if the order contains no provision in this behalf, then such sums as may from time to time be fixed by the promoter or lessee with the previous sanction of the Local Government.

[33 & 34 Vic. c. 78, s. 53; and Act XXII 1883, s. 13.]

(*2*) A list of all the tolls authorised to be levied shall be exhibited, in such languages as the District Magistrate may direct, in a conspicuous place inside and outside each of the carriages used upon the tramway.

Carriage of dangerous or offensive goods.

16. (*1*) A person shall not be entitled to carry, or to require to be carried, on a tramway constructed under this Act, any goods of a dangerous or offensive nature.

(*2*) A person taking such goods with him on the tramway shall, before entering the carriage, give notice of their nature to the servant of the promoter or lessee in charge of the carriage.

(*3*) A person sending such goods by the tramway shall distinctly mark their nature on the outside of the package containing them, or otherwise give notice thereof in writing to the servant of the promoter or lessee with whom he leaves them for the purpose of their being sent by the tramway.

(*4*) Any servant of the promoter or lessee may refuse to carry upon the tramway a parcel which he suspects to contain goods of a dangerous or offensive nature, and, if any such parcel has been received for the purpose of being carried upon the tramway, may stop the transit thereof until he is satisfied as to the nature of its contents.

Licenses to use Tramways.

[33 & 34 Vic. c. 78, s. 35.]

Grant to third parties of licenses to use tramway in certain events.

17. If, at any time after a tramway or part of a tramway has been for three years opened for public traffic in a circle, the local authority of the circle represents in writing to the Local Government that the public is deprived of the full benefit of the tramway or of the part thereof, the Local Government may, if after such enquiry as it deems necessary it is satisfied as to the truth of the representation, grant a license to any person to use the tramway conformably to this Act and the order and to the rules made under the Act, subject to the following provisions, namely:—

(*a*) the license shall be for a period not less than one year or more than three years from the date of the license, but the Local Government may in its discretion renew it;

(*b*) the license shall be to use the whole of the tramway for the time being opened for public traffic, or such part or parts of the tramway as the Local Government, having regard to the cause for granting the license, thinks fit;

The Indian Tramways Bill, 1885.—Sections 18-22.

(c) the license shall specify the number of carriages which the licensee shall run upon the tramway, the mode in which and times at which, the carriages shall be run, the tolls to be paid to the promoter or lessee by the licensee for the use of the tramway, and the tolls, being those for the time being leviable by the promoter or lessee, which the licensee may demand and take for the use of his carriages;

(d) the licensee and his officers and servants shall permit one person, duly authorised for that purpose by the promoter or lessee, to travel free of toll in or upon each carriage of the licensee run upon the tramway for the whole or any part of a journey; and

(e) the Local Government may revoke, alter or modify the license for any cause sufficient in its opinion to warrant the revocation, alteration or modification thereof.

[33 & 34 Vic., c. 78, s. 37.]

Licensee to give to promoter or lessee an account of traffic.

18. A licensee shall, on demand, give to an officer or servant authorised in that behalf by the promoter or lessee an exact account in writing, signed by the licensee, of the number of passengers, or number or quantity of goods, conveyed by any and every carriage used by him on the tramway.

Discontinuance of Tramways.

[33 & 34 Vic., c. 78, s. 41.]

Cesser of powers of promoter and lessee on discontinuance of tramway.

19. If it is proved to the satisfaction of the Local Government, at any time after the opening of a tramway for public traffic, that the working of the tramway, or any part thereof, has been discontinued, for the space of three months, without a reason sufficient, in the opinion of the Local Government, to warrant the discontinuance, the Local Government, if it thinks fit, may, by notification in the official Gazette, declare that the powers of the promoter and of the lessee, if any, in respect of the tramway or the part thereof so discontinued, shall, from the date of the notification, be at an end, and thereupon the said powers shall cease and determine, except in so far as they may be purchased by a local authority in manner by this Act provided.

[Section 22 of this Bill.]

[33 & 34 Vic., c. 78, s. 41.]

Powers of road-authority on cesser of powers of promoter.

20. (*1*) Where a notification has been published under section 19, the road-authority may, at any time after the expiration of two months from the date of the notification, remove the tramway or part of the tramway so discontinued, and use the materials thereof in re-instating the road.

(*2*) The promoter shall pay to the road authority the cost incurred by that authority in removing the tramway or the part thereof and in re-instating the road.

(*3*) The cost shall be certified by an officer of the road authority, and his certificate, countersigned by the District Magistrate, shall be conclusive proof as to the cost incurred.

(*4*) If the promoter does not pay the amount so certified within one month after the delivery to him of the certificate or of a copy thereof, the road-authority may, without any previous notice to the promoter and without prejudice to any other remedy which it may have for the recovery of the amount, sell and dispose of such materials of the tramway or part thereof removed as it has not used in re-instating the road, either by public auction or by private sale, and for such sum or sums, and to such person or persons, as it thinks fit, and may, out of the proceeds of the sale, pay and reimburse itself the amount of the cost aforesaid and of the expenses of the sale, and shall pay over the residue (if any) of the proceeds of the sale to the promoter.

[Section 36 of this Bill.]

Insolvency of Promoter.

[33 & 34 Vic., c. 78, s. 42.]

Proceedings in case of insolvency of promoter.

21. (*1*) If, at any time after the opening of a tramway in a circle for public traffic, it appears to the road-authority or local authority of the circle that the promoter of the tramway is insolvent, so that he is unable to maintain the tramway, or work it with advantage to the public, and either of those authorities makes a representation to that effect to the Local Government, the Local Government may, if after such enquiry as it deems necessary it is satisfied as to the truth of the representation, declare, by notification in the official Gazette, that the powers of the promoter shall, at the expiration of six months from the publication of the notification, be at an end; and the powers of the promoter shall cease and determine at the expiration of that period, except in so far as they may be purchased by a local authority in manner by this Act provided.

[Section 22 of this Bill.]

(*2*) Where a notification has been published under sub-section (*1*), the road-authority may, at any time after the expiration of six months from the date thereof, remove the tramway in the same manner, and subject to the same provisions as to the payment of the cost of the removal, and to the same remedy for recovery of the cost, in every respect as in cases of removal under section 20.

Purchase of Tramways.

[33 & 34 Vic., c. 78, s.

Future purchase of undertaking by local authority.

22. (*1*) Where the promoter of a tramway in a circle is not the local authority, the local authority, with the previous sanction of the Local Government, may—

(*a*) within such limits of time as may be specified in this behalf in the order, or

(*b*) if a time was not specified in the order, then within six months after the expiration of a period of twenty-one years from the date of the order, and within six months after the expiration of every subsequent period of seven years, or

(*c*) within two months after the publication of a notification under section 19 or within six months after the publication of a notification under section 21,—

by notice in writing, require the promoter to sell to the local authority his undertaking or the part thereof which is within the circle of the local authority; and thereupon the promoter shall sell the same upon the terms specified in the order, or, if the terms were not specified in the order, then upon the terms of paying the then value of the undertaking or of the part thereof, exclusive of any allowance for past or future profits of the undertaking or any compensation for compulsory sale or other consideration whatsoever.

(*2*) A requisition shall not be made under sub-section (*1*) unless the making thereof has been

The Indian Tramways Bill, 1885.—Sections 23-25.

approved by the local authority in manner prescribed.

(3) When a sale has been made under this section, all the rights, powers and authorities of the promoter in respect of the undertaking or part thereof sold, or, where a notification has been published under section 19 or section 21, all the rights, powers and authorities of the promoter previous to the publication of the notification in respect of the undertaking or part thereof sold, shall be transferred to the authority to whom the undertaking or part has been sold, and shall vest in, and may be exercised by, that authority in the same manner as if the tramway had been constructed by it under an order made under this Act.

(4) Subject to, and in accordance with, the preceding provisions of this section, two or more local authorities may jointly purchase an undertaking or so much thereof as is within their circles.

Working of Tramways owned by Local authorities.

[33 & 34 Vic., c. 78, s. 19.]

Lease of, or working of, tramway by local authority.

23. (1) When a local authority has under the authority of an order completed a tramway, or has under the provisions of this Act or of an order acquired possession of a tramway, it may, by a lease to be approved by the Local Government, let to any person the right of user of the tramway and of demanding and taking the authorised tolls.

(2) On the determination of a lease, the local authority may from time to time let the right for such further term and on such conditions as the Local Government may approve.

(3) Every lease made under this section shall imply a condition of re-entry if at any time after the making thereof it is proved to the satisfaction of the Local Government that the lessee has discontinued the working of the tramway leased, or of any part thereof, for the space of three months, without a reason sufficient, in the opinion of the Local Government, to warrant the discontinuance.

(4) Notice of the intention of the local authority to make a lease shall be given in manner prescribed.

(5) If the local authority cannot by means of a lease obtain what it deems to be a fair rent for the tramway, it may itself, with the previous sanction of the Local Government and for such term as the Local Government directs, place and run carriages upon the tramway, and demand and take the authorised tolls in respect of the use of the carriages.

Rules.

[33 & 34 Vic., c. 78, ss. 46 & 48; and Act XXII, 1883, s. 20.]

Power to make rules.

24. (1) In addition to any other power to make rules expressly or by implication conferred by this Act, the Local Government may make rules consistent with this Act—

(a) as to the form in which an application for an order shall be made;

(b) as to the costs to be paid by an applicant in respect of an order, and the time when, and the place where, those costs shall be paid;

(c) as to the payment of money or lodgment of securities, by way of deposit, by the applicant for an order before the order is published under section 6, sub-section (4), or a further order is made under section 8; the investment of money so paid; the disposal of interest or dividends from time to time accruing due on money or securities so paid, lodged or invested; the application of the money or securities or the produce thereof to the discharge of any liability incurred by the promoter, and the forfeiture, repayment or return of the money or securities;

(d) as to the plans and sections of any works to be deposited by applicants for orders or by promoters;

(e) for regulating the use of steam-power or any other mechanical power on a tramway;

(f) as to any matter specified in section 7, sub-section (2), clauses (c), (d), (e), (j) and (k), as a matter which may be provided for in an order, when that matter has not been so provided for, or has not, in the opinion of the Local Government, been effectually so provided for;

(g) as to any matter respecting which rules may be made under this section by a local authority or a promoter or lessee; and

(h) generally, as to any other matter or thing in respect of which it may seem to the Local Government to be expedient to make rules for the purpose of carrying this Act into execution.

[33 & 34 Vic., c. 78, s. 46; and Act XXII, 1883, s. 20.]

(2) A local authority may, from time to time, with the previous sanction of the Local Government, make rules, consistent with this Act and the order and any rules made by the Local Government under the Act, for regulating—

(a) the rate of speed to be observed in travelling upon a tramway within the circle of the local authority;

(b) the use of animal power on the tramway;

(c) the distances at which carriages using the tramway shall be allowed to follow one after the other;

(d) the stopping of carriages using the tramway;

(e) the traffic on roads along or across which the tramway is laid;

(f) the number of passengers which may be carried in any carriage;

[33 & 34 Vic., c. 78, s. 48.]

(g) the licensing and control of drivers, conductors and other persons having charge of the carriages of the promoter or lessee or a licensee; and

[Act XXII, 1883, s. 20.]

(h) generally, the mode of use of the tramway.

[33 & 34 Vic., c. 78, s. 46; and Act XXII, 1883, s. 20.]

(3) The promoter or lessee of a tramway may, from time to time, with the previous sanction of the Local Government, make rules consistent with this Act and the order and any rules made under the Act—

(a) for preventing the commission of any nuisance in or upon any carriage, or in or against any premises belonging to him; and

(b) for regulating the travelling in any carriage belonging to him.

[33 & 34 Vic., c. 78, s. 47.]

Power to impose penalty by rule.

25. The authority making any rule under section 24 may direct that a breach of it shall be punishable with fine which may extend—

[Act XXII, 1883, s. 14.]

(a) if the authority making the rule is the Local Government, to two hundred rupees, and

The Indian Tramways Bill, 1885.—Sections 40-48.

may compound for the charges payable in respect of the use of a road or bridge.

[33 & 34 Vic. c. 78, ss. 32, 60.]

40 (*1*) Nothing in this Act or in an order shall take away or abridge any power which a road-authority, local authority or other person has by law to break up, widen, alter, divert or improve a road, railroad or tramway along or across which a tramway is laid.

Saving of power over roads traversed by tramway.

(*2*) The road-authority, local authority or other person executing any work referred to in sub-section (*1*) shall not be liable to pay to a promoter, lessee or licensee any compensation for injury done to a tramway by the execution of the work or for loss of traffic occasioned by the reasonable use of any power lawfully exercised for the execution thereof.

[33 & 34 Vic., c. 78, s. 61; and Act XXII, 1883, s. 10.]

41. Nothing in this Act or in an order shall affect the powers of a local authority or of a magistrate or police-officer to regulate the passage of traffic along or across a road along or across which a tramway is laid; and the authority, magistrate or officer aforesaid may exercise its or his powers as well on as off the tramway and with respect as well to the traffic of a promoter, lessee or licensee as to the traffic of other persons.

Saving of power of local authority and police to regulate traffic on roads.

Supplemental provisions.

[33 & 34 Vic., c. 78, ss. 40 & 55.]

42. A promoter, lessee or licensee shall be answerable for all injuries happening through his act or default, or through the act or default of any person in his employment, by reason or in consequence of any of his carriages or works, and shall save harmless all authorities and persons collectively and individually, and their officers and servants, from all damages and costs in respect of injuries so happening.

Promoters, lessees and licensees to be responsible for all injuries.

[Act XXII, 1883, s. 21.]

43. For the purposes of this Act, want of funds shall not be deemed to be a sufficient reason for the suspension of the construction or the discontinuance of the working, of a tramway by a promoter or lessee.

Want of funds not a sufficient reason for default.

44. When a tramway is constructed under this Act within the limits of a municipality, the Local Government may exempt the animals, plant, rolling-stock, yards, workshops, engine-sheds and depôts of the promoter or lessee, for such period as it thinks fit, from all or any municipal taxes leviable within those limits.

Power to exempt from municipal taxation.

[Act XXII, 1883, s. 22.]

45. The fund to or with the control or management of which the local authority of a municipality, cantonment or district is entitled or entrusted shall, notwithstanding anything in any Act respecting the purposes to which that fund may be applied, be applicable, subject to the control of the Local Government, to the payment of expenses incidental to the exercise of the powers and functions which may be vested in or exercised by a local authority under this Act.

Application by local authorities of local funds to tramways.

[33 & 34 Vic., c. 78, s. 20.]

46. The Local Government may, with the consent of the local authority and road-authority and of the promoter, extend any part of this Act or of any rules made thereunder, either with or without modification, to the whole or any part of a tramway constructed, or authorised to be constructed, before the passing of this Act, and to any extension of, or addition to, any such tramway, and may withdraw any part of the Act so extended.

Extension of Act to existing tramways.

47. In section 54 of the Indian Railway Act, 1879, the word "tramway" shall have the meaning assigned to it by section 3 of this Act.

Meaning of "tramway" in Railway Act.

IV. of 1879.

48. All powers conferred by this Act on a Local Government may be exercised from time to time as occasion requires.

Powers of Local Government exercisable from time to time.

[Act XIII, 1884, s. 173.]

STATEMENT OF OBJECTS AND REASONS.

THE introduction of this Bill has been rendered necessary by the projected construction of tramways in parts of India beyond the reach of a local legislature. In 1883 a special Act was passed by the Governor General in Council to authorise the making, and regulate the working, of tramways in Rangoon. Since that year application has been made for special Acts for tramways in Lahore and Amritsar, and legislation would probably be found to be necessary to regulate the use of tramways in other large towns in which their constructions has been approved by, or is under the consideration of, the local authorities.

2. The Bill has been drawn on the lines of the Tramways Act, 1870 (33 & 34 Vic., c. 78), and of the provisional orders and rules made by the Board of Trade under that statute. These orders and rules, and the fullest discussion on almost all points connected with the subject of tramways, will be found in Mr. Sutton's "Tramway Acts of the United Kingdom."

3. The Bill extends in the first instance to the whole of British India except the territories comprised within the sphere of a local legislature, and is extendible to those territories by the Local Government.

4. "Orders" take the place of the "provisional orders" of the English statute, but differ from those orders in not being "provisional" and not being confirmed by a subsequent Act of the Legislature. They also differ from provisional orders in that they must be consistent with the Act and cannot vary or except any part of it.

5. Sections 4 to 6 of the Bill prescribe the conditions on which, and the manner in which, an order may be made; and section 7 specifies the matters for which provision may be made in an order. A reference to the authorities cited against the several clauses of that section will show how those matters are now provided for in the United Kingdom. If an order is found on experience to be defective, it can be supplemented by a further order on the

application, of the person in whose favour the original order was made (section 8), or, in certain particulars, by rules (section 24).

6. When the order has been made, the tramway must be constructed, maintained and worked in the manner provided by the order (sections 11 and 27). If the tramway is constructed by a local authority, it will ordinarily be worked by a lessee (section 23). If it is constructed by a private speculator, it may be worked by him or by a lessee to whom he has let the right of user and of demanding and taking the authorised tolls (section 7, sub-section (4)). If the owner of the tramway or his lessee so works the tramway that the public is deprived of the full benefit of it, the Local Government may grant a license to any person to use the tramway on the payment of tolls to the owner or the lessee (section 17). If the owner discontinues the working of the tramway (section 19) or through want of fund is unable to maintain the tramway or work it with advantage to the public (section 21), the Local Government may revoke his powers. When the powers of the owner are so revoked, the tramway may either be removed by the authority which has charge of the road on which the tramway is laid (section 20 and section 21, sub-section (2)), or it may be purchased by the local authority (section 22)).

7. Section 22 provides for tramways which have been constructed by companies and private persons being purchased by local authorities on the expiration of the periods, and upon the terms, specified in the order, or, if the periods and terms were not specified in the order, then on the expiration of the periods, and upon the terms, prescribed in the English statute.

8. When a tramway is purchased by a local authority, it will ordinarily be worked by a lessee. There may, however, be cases in which the authority would be unable to let a tramway for an adequate consideration. It has been provided, therefore (section 23), that in those cases the Local Government may authorise the local authority itself to engage in the business of running carriages.

9. Differences between owners or lessees of tramways and the Local Government or local authorities are to be settled by a referee (section 35), who, if the Local Government is directly interested, is to be the District Judge. The decision of the referee will be final.

10. Sections 36 to 38 provide for the recovery by suit or summary process of moneys due to and from owners, lessees and licensees of tramways.

11. Sections 39 to 41 contain the savings usually found in enactments and agreements relating to the construction of tramways, and section 14 enables the Local Government to exempt from local taxation the animals, plant, rolling-stock and premises of owners and lessees of tramways constructed within the limits of municipalities.

12. Section 46 enables the Local Government, with the consent of the owner and the local authorities, to extend any part of the Act, with or without modification, to a tramway or any part of a tramway constructed, or authorised to be constructed, before the passing of the Act.

Circular No. 66Ex.—1L-49, dated 6th November 1885.

The appended forms of application for the use of Private Exhibitors, received from the Royal Commission for the Colonial and Indian Exhibition, 1886, are published for general information. The sections of the Exhibition to which the forms refer are independent of, and distinct from, the courts intended for the display of specimens of arts, manufactures and products collected under the direction of the Government of India and the sev ral Local Governments.

COLONIAL AND INDIAN EXHIBITION, LONDON (1886).

Form of application for space to show goods in the Private Exhibitors' Court.

INDIAN SECTION.

The Royal Commission invite applications for space to exhibit in the Indian section of this Exhibition from *bonâ fide* Merchants and Manufacturers having places of business in India. It must be distinctly understood that no applications from Importers or Agents can be entertained; but Indian Exhibitors may appoint London representatives as their Agents in the forthcoming Exhibition.

Allotments will be made by the Royal Commission in accordance with the space available.

Applications must be made by Indian Firms on this form, and no allotment will be finally made before such application has been received.

Applications to be made, through the Secretary to the Government of India, Revenue and Agricultural Department, or through Messrs. HENRY S. KING & Co., and their Indian Branches, to the Secretary to the Royal Commission.

TO THE SECRETARY TO THE ROYAL COMMISSION.

Please allot to me (us) the following amount of space for the exhibition of articles described opposite.

Floor Space........................feet × ....feet.

NOTE.—The private Exhibitors have a Special Gallery alloted to them, with a space twelve feet deep on either side of a central passage. This space is divided into bays or lengths of ten feet, which are available for conversion into small shops, two or three of which can be thrown into one where a larger space is required. The erection of a Screen on Façade along the front by the Exhibitor is compulsory, and can either be done by the Exhibitor, who must submit a design for approval, or will be furnished by the Commission, at the nominal cost of £1 per foot run.

Special arrangements will be made for exhibiting Carpets, which must not exceed 12 feet by 9 feet.

This form does not apply to Exhibits of Paintings, Tea, Coffee, Cocoa, Tobacco, and Cigars, for which special forms of application are prepared.

DESCRIPTION OF ARTICLES.*

See Regulation No. 32 (on other side).

In case of my application being granted (wholly or in part), I declare that I will strictly adhere to the published Regulations of the Royal Commission, as printed overleaf, which I will consider as binding, and to any further Regulations which may be issued from time to time.

REGULATIONS.

1. The Exhibition will be opened on or about the 1st May 1886, and will remain open for a period of about six months.

2. Subject to the condition stated in Regulations 3 and 4, the objects to be exhibited are left entirely to the discretion of the Governments participating, in so far as they illustrate the resources, products, and manufactures of the Colonies and the Indian Empire. For reasons stated elsewhere, no classification has been attempted by the Royal Commission; but each Government is invited to classify its own collection.

3. All fulminating and explosive substances and all dangerous substances are absolutely forbidden to be sent, but they may be represented by models or dummies.

4. Spirits, oils, essences, corrosive substances, and generally all substances which might spoil other articles or cause inconvenience to the public, can only be received in substantial and suitable vessels of small size.

5. There will be no charge for space.

6. Motive power and water will be supplied free of cost, *provided that notice by letter or cable is given before the 1st January* 1886. Foundations can be laid, under the superintendence of the Secretary to the Royal Commission, upon requisition from the Executive Commissioners with their order for payment. The work will be done at the expense of the Commissions requiring it; and full particulars of the size, character, and intended position of machines should be given.

7. As the allotments of space have in most cases been already notified to the Colonial and Indian Governments, no further applications can, except under special circumstances, be entertained. Applications to exhibit from any individual or firm will be referred to the Executive Commissioners for the various Colonies and for India.

8. The Executive Commissioners appointed by their respective Governments will have the entire control of the arrangements of the goods exhibited in their respective sections, subject to the conditions stated in Regulations 9 to 16.

9. At least one main passage of not less than fifteen feet must extend throughout each Court from end to end; and, where doors or openings occur, passages of not less than ten feet in width must be provided communicating with the main central passage. The necessity of providing adequate space for allowing the proper inspection of articles exhibited need scarcely be insisted upon.

10. Signs or name-boards should be placed parallel with the main passages; that is, parallel with the frontage of the respective stands. It is suggested that they should be black with gold letters. Care should be taken to prevent any interference with the electric lighting arrangements.

11. All handbills, printed matter, &c., connected with exhibits, and intended for gratuitous distribution, should be duly authorised by the Executive Commissioners for each country, who will find the Secretary to the Royal Commission ready to cooperate with them.

12. It is especially requested that no cases or goods shall exceed the height of ten feet. This rule is not intended to prevent the erection of any special trophies, but designs to scale of all trophies should, previous to their erection, be notified to the Secretary to the Royal Commission.

13. As the Exhibition Buildings are leased by the Royal Commission, no alterations affecting the structure of the buildings as regards the floor, walls, or roofing can be permitted without special application to the Secretary to the Royal Commission.

14. Executive Commissioners will be required to provide all necessary attendance for keeping the stands and exhibits in their section properly cleaned and in good order; all stands should remain uncovered during the hours the Exhibition is open to the public.

15. It is probable that the hours during which the Exhibition will remain open to the public will be from 10 A.M. to 10 P.M. on all days, except Wednesdays and Saturdays, when the hour of closing will be 11 P.M. These arrangements are, however, subject to alteration. The Exhibition will not be open on Sundays.

*16. No Exhibit may be removed from the Exhibition Buildings until the close of the Exhibition without the permission of the Executive Commissioners, countersigned by the Secretary to the Royal Commission, and consequently no selling, with a view to removal prior to the close of the Exhibition, should be allowed.

17. No article exhibited may be photographed, drawn, copied, or reproduced in any manner whatsoever without the special sanction of the Executive Commissioner of the section; this sanction should be noticed to the Secretary to the Royal Commission.

18. All packages containing goods intended for exhibition must have painted on them the distinctive mark C. I. E., together with the name of the colony from which they are sent. They must in all cases be consigned to the Executive Commissioner of the Colony from which they are sent.

19. All goods intended for Exhibition should reach the Exhibition Buildings on or before the 31st January 1886, and, if convenient to Executive Commissioners, they can be received from 1st January 1886. It is hoped that everything will be reported as ready for inspection at least fourteen days previous to the end of April.

20. Cases should be unpacked with the greatest possible despatch, and when empty should be removed immediately from the buildings. The Secretary to the Royal Commission will have pleasure in recommending places of storage for empty cases, but it must be distinctly understood that all arrangements for the unpacking, removal, storage, and bringing back of cases must be made, and expenses borne, by the various Colonial and Indian Commissions.

21. All expenses connected with the installation and display of Exhibits will be defrayed by the Colonial and Indian Commissions.

22. The Royal Commission reserves to itself the right of refusing to admit any Exhibit.

23. The Royal Commission reserves to itself the sole right of publishing and selling a General Catalogue, and General Guide and Plans of the Exhibition, and for this purpose requests that a descriptive list, duly classified of the goods intended for exhibition, may be forwarded to the Secretary to the Royal Commission by the respective Commissions not later than the 1st December 1885. Each Commission will, however, be at liberty to publish and sell through the official publishers to the Royal Commission a special Catalogue of its collection. It is hoped, for the sake of uniformity, that the size of all such publications may be the same size as that of the General Catalogue, known as Demy 8vo. (8¾ in. by 5⅝ in.)

24. A Colonial Dining Room will be organised under the superintendence of the Royal Commission, to which Exhibitors are invited to send, through their Executive Commissioners, Colonial preserved food and wines for consumption by Visitors. Special Regulations have been prepared for this department.

25. Arrangements will be made for the sampling of Wines, and an Officer will be appointed to superintend this department. Cellarage accommodation will be provided.

26. No Refreshment or Tasting Bars will be allowed beyond those arranged for by the Royal Commission.

27. It is proposed to organise a Fruit and Vegetable Market, at which Colonial and Indian produce will be on sale. Special regulations will be framed for this section of the Exhibition.

28. It is proposed to hold an Exhibition of Living Animals from the Colonies and India. Special rules will be framed for its regulation.

29. The right to add to, alter, amend, or expunge any of these rules is reserved by the Royal Commission.

30. The Royal Commission, while taking every precaution for the protection of articles in the buildings, cannot hold itself responsible for their loss or damage, from whatsoever cause arising.

31. If any damage or injury shall be caused or occasioned during the Exhibition by any exhibited machine, implement, or article to any visitor or other person, or to any officer, servant, or others then and there employed by the Royal Commission of the Colonial and Indian Exhibition, 1886, then the Executive Commissioner in whose section such machinery, implement, or article may be placed shall indemnify and hold harmless the said Royal Commission from and against all actions, suits, expenses, and claims on account or in respect of any such damage or injury which may be so caused or occasioned.

32. Only objects of British East Indian manufacture will be admitted, and under no pretence whatever will Persian, Turkish, Chinese, or Japanese Art Works be permitted to be either shown or stored in the Exhibition. The Royal Commission reserves the right of ordering the removal of any objects it considers disqualified, and the Exhibitors hereby engage to remove any such Exhibits after due notice, or to permit the removal by Officers of the Commission.

33. All communications to be addressed to the Secretary to the Royal Commission, Exhibition Buildings, South Kensington, London, S. W.

---

* *N.B.*—A modification of Rule 16 as applied to the Private Exhibitors' Court has already been notified by me to Mr. Buck. It will be understood, however, that the rule cannot be cancelled, although a special exception or modification has been allowed as regards this Court.

CALCUTTA, *the* 16*th November* 1885.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE TWO WEEKS ENDING FRIDAY, THE 13TH AND 20TH OF NOVEMBER 1885.

THE meteorology of the week ending Friday, the 13th of November, calls for no detailed notice, as all the conditions were typical of normal north-east monsoon weather. During this period skies were almost cloudless, pressure was generally from about 0·02″ to 0·06″ above the normal, temperature was about normal, and rainfall was practically absent over the whole province. On the first day of the following week the weather conditions in the south of the Bay became disturbed. Winds commenced to strengthen at all the southern stations, while pressure fell rather rapidly off the Ceylon coast. These conditions continued on Sunday, the 15th, and it was clear that stormy weather was commencing. On the 15th there were the first indications of the formation of a cyclonic storm in the extreme south of the Bay, and on this day Negapatam reported 8 inches of rain and Madras 4 inches. Weather continued very stormy along the coast on the following day, and at Negapatam, on the 17th, the excessive rainfall of 13·61 inches was reported, while on the same day Madras reported 5·73 inches; on these two days Negapatam reported no less than 21·62 inches of rain and Madras 9·74 inches. The unsettled and stormy weather then commenced to move in a northerly direction, and on the 18th the storm was a little to the south of Madras and rather close to the coast. It then moved slowly in a north-easterly direction, and on Friday, the 20th, or the last day of the week under review, it was nearly in the centre of the Bay, and in about the latitude of Masulipatam and Diamond Island. At this time the storm was giving strong winds in the south and west of the Bay, and very strong winds at Diamond Island.

During the period of the formation and gradual advance of the storm, and particularly when it reached the centre of the Bay, winds in Lower Bengal became north-easterly, skies began to cloud over rapidly, and temperature and humidity increased very considerably, so that at the close of the week the conditions, particularly at the southern stations, were decidedly disturbed. For the second week under review pressure was decidedly irregular, and in some cases slightly below the normal, while in others it was decidedly in excess; the defect was largest at Cuttack, where it equalled 0·01″, while at Durbhunga there was an excess of 0·1.″ For the whole province the mean variation for the week was equal to an excess of 0·036.″

Temperature has also been above the normal over the whole province, the largest excess in any meteorological district being one of 2° in East Bengal, while the smallest excess was in Orissa, where it has equalled 0·6.° For the whole province the average excess temperature was about 1·3°. Humidity has also been largely above the normal for the week, and the air over almost the whole province has been decidedly damp, particularly at the close of the week.

The average rainfall during the week, from the 13th to the 20th, was equal over the whole province to only one hundredth of an inch, and, practically speaking, except in the Midnapore district, at Cox's Bazar and at two stations in the Noakholly district the whole province has been rainless. The rainfall in these districts has occurred entirely within the last two or three days of the week, when the general conditions were disturbed. The heaviest falls of rain recorded were 1·05 inches at Fenny and 0·64 inch at Burrisal.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 20th of November 1885:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o overcast, d drizzling rain, ⌓ dew.

MEMORANDA.

THE mortuary returns of the districts in Bengal for the month of September 1885 disclose the following results :—

1. That 146,092 deaths occurred among a population of 66,163 884, representing an annual death-rate of 26·40 per 1,000, against 24·72 per 1,000 in the preceding month, and 18·12 per 1,000 in the corresponding month of the past year, showing, as compared with both the past periods, a considerable improvement in the registration of deaths.

2. That the highest casualty-rates were returned from the undermentioned districts:—

Districts.	Ratio per mille.	*Districts.*	Ratio per mille.
Monghyr	51·21	Hughli	34·56
Bhagulpore	45·12	Nuddea	33·7[illegible]
Chumparun	42·60	Sonthal Pergunnahs	32·40
Mozufferpore	40·56	Hazaribagh	32·40
Gya	39·72	Birbhum	30·84
Patna	39·60	Rungpore	29·52
Shahabad	39·18	Murshidabad	26·28
Sarun	35·52	Durbhunga	25·20

3. That the total mortality from the following specific heads of disease stands as follows :—

	Ratio per mille during—	
	September 1885	September 1884
Cholera	3·18	·60
Small-pox	·02	·04
Fever	18·00	13·50
Bowel-complaints	1·08	·72
Injury	·72	·18
Other causes	3·00	2·40

The above figures indicate that, as compared with the results of the corresponding month of the preceding year, there was an enhancement of mortality from all diseases, excepting small-pox, notably from fever and cholera.

4. That, referring to the death causes above indicated, while the maladies grouped under the head of "other causes" were noticeably fatal only in the Sarun district, viz. at 11 76 per 1,000 of its population, and the casualties from small-pox, bowel-complaints and injury were nowhere conspicuously large, cholera and fever caused the greatest loss of life in the following districts :—

Cholera	Ratio per mille.	*Fever*	Ratio per mille.
Mozufferpore	21·60	Monghyr	42·96
Chumparun	20·64	Bhagulpore	32·16

Shahabad	5·04	Pubna	20·52
Cuttack	3·96	Hughli	20·16
Gya	2·88		
Puri	2·88		
Maldah	2·04		

5. That the death-rates in relation to *Sex*, *Class* and *Age* stand as indicated below :—

According to Sex.

	Ratio per mille.
Males	28·32
Females	24·48
Ratio of male deaths to every 100 female deaths	114

According to Class.

	Ratio per mille.
Christians	12·48
Hindus	29·28
Mahomedans	21·36
Buddhists	12·12
Other classes	21·12

According to Age.

	Ratio per mille.
Under 1 year	137·52
1 and under 5 years	33·00
5 " 10 "	15·96
10 " 15 "	13·92
15 " 20 "	17·52
20 " 30 "	18·24

GENERAL REMARKS AND EXPLANATIONS.

The total quantity of traffic carried during the month under review is 8,805 tons against 18,564 tons carried during the corresponding period last year, the decrease being 9,759 tons. This unsatisfactory result is due to stoppage of through booking of goods with the Eastern Bengal State Railway, consequent upon serious breaks upon that line, for 21 days (out of 30) of September.

There has been, it will be seen from the statement given above, a falling off under every head except food-grain, in which commodity the increase is 1,876 tons, due to considerable traffic having been done locally in *aus* paddy.

C. J. Keene, *Traffic Superintendent.*

NOTIFICATION.

The 1st December 1885.—The following Order-in-Council, dated the 9th July 1885, regarding the regulations for preventing collisions at sea, is published for general information:—

AT THE COURT AT WINDSOR,

The 9th day of July 1885.

PRESENT:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by "The Merchant Shipping Act Amendment Act, 1862," it was enacted that on and after the first day of June 1863, or such later day as might be fixed for the purpose by Order-in-Council, the Regulations contained in the Table marked C. in the Schedule to the said Act should come into operation, and be of the same force as if they were enacted in the body of the said Act, but that Her Majesty might, from time to time, on the joint recommendation of the Admiralty and the Board of Trade, by Order-in-Council, annul or modify any of the said Regulations or make new Regulations in addition thereto, or in substitution therefor; and that any alterations in, or additions to, such Regulations made in manner aforesaid should be of the same force as the Regulations in the said Schedule:

And whereas by the same Act it was further provided that, whenever it should be made to appear to Her Majesty that the Government of any foreign country was willing that the Regulations for preventing collisions contained in Table C. in the Schedule to the said Act, or such other Regulations for preventing collisions as are for the time being in force under the said Act, should apply to the ships of such country when beyond the limits of British jurisdiction, Her Majesty might, by Order-in-Council, direct that such Regulations should apply to the ships of the said foreign country, whether within British jurisdiction or not:

And whereas it was further provided by the said Act that, whenever an Order-in-Council had been issued applying any Regulation made by, or in pursuance of, the said Act to the ships of any foreign country, such ships should in all cases arising in any British Court be deemed to be subject to such Regulation, and should, for the purpose of such Regulation, be treated as if they were British ships:

And whereas by an Order-in Council made in pursuance of the said recited Act, and dated the 11th day of August 1884, Her Majesty was pleased to direct that, on and after the 1st day of September 1884, the Regulations contained in the Schedule thereto should, so far as regards British ships and boats, be substituted for the Regulations then in force, and contained in the First Schedule to an Order-in-Council of the 14th day of August 1879:

And whereas since the date of the abovenamed Order-in-Council bearing date the 11th day of August 1884, it has been made to appear to Her Majesty that the Government of Turkey is willing that the said Regulations appended to the said Order, and to this Order, shall apply to Turkish ships when beyond the limits of British jurisdiction:

And whereas the said Government of Turkey is desirous that Article numbered 12 of the said Regulations shall, as applied to Turkish ships, be modified as follows, viz.:—That in lieu of, and in substitution for, the bell required by the said Article to be provided and used as a sound signal for fog, &c., there may be placed and kept on board Turkish ships an efficient drum, which shall be sounded under the same circumstances, and at the same intervals, as by the said Article a bell is required to be rung.

NOW, THEREFORE, Her Majesty, by virtue of the power vested in Her by the said recited Act, and by and with the advice of Her Privy Council, is pleased to direct that the said Regulations appended to the said Order-in-Council bearing date the 11th day of August 1884, and to this Order, shall, on and after the date hereof, apply to ships belonging to the said Government of Turkey, whether within British jurisdiction or not; and the Regulations shall be substituted as regards Turkish ships and boats for the Regulations contained in the First Schedule to the Order-in-Council of the 14th day of August 1879:

Provided, however, that it shall not be necessary for the bell required by Article numbered 12 of the said regulations to be provided and used on board steam and sailing ships as a sound signal for fog, &c., to be placed and kept on board Turkish ships, but that, in lieu thereof, and in substitution therefor, there may be placed and kept on board such Turkish ships an efficient drum, which shall be sounded under the same circumstances, and at the same intervals, as by the said article a bell is required to be rung.

IRRIGATION.

The 1st December 1885.

Notification.—*No.* 464.—In exercise of the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (The Canals Act), the Lieutenant-Governor of Bengal is pleased to make the following alterations in the rules having reference to the undermentioned navigable channels. A draft of these alterations as proposed was published in this Department Notification No. 106 of the 16th March 1885, for a period of more than six weeks, in the *Calcutta Gazette* of the dates noted in the margin. The alterations now made will have effect from the 1st January 1886 :—

(Margin: 18th and 25th March, and 1st, 8th, 15th, 22nd, and 29th April, and 6th and 13th May 1885.)

1. The river Bhagiruthee throughout its whole course, from the Ganges to Nuddea, or to its junction with the Hooghly.
2. The river Hooghly, from Nuddea to its junction with the river Matabhanga.
3. The river Jellinghee, from the Ganges to Nuddea.
4. The river Bhoyrub, from the Ganges to Nuddea.
5. The river Matabhanga, from the Ganges to its junction with the Hooghly.
6. Such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagiruthee, the Bhoyrub, the Jellinghee and the Matabhanga rivers respectively, which were passed in Notification No. 175, dated the 30th July 1879, and published in Part I of the *Calcutta Gazette* of that date, pages 783 to 789.

For the first paragraph of Rule II, substitute the following:—

The tonnage of every vessel shall, for the purpose of the Canals Act, 1864, and of these rules, be determined by the following measurements :—

Add to Rule II as clause (*d*) :—In the case of steamers, the tonnage as determined by clauses (*a*), (*b*), and (*c*) shall be reduced by one-half as an allowance for engine and cabin space.

Add to Rule II, clause (*e*) :—In the case of a steamer that has been surveyed under Act VI of 1884, the tonnage entered in the certificate shall be taken to be the tonnage of the steamer for the purpose of these rules, no further deduction being made for engine space.

Rules 3 and 4 will be abolished.

The following are the conditions of sale :—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 300 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazeepore Factory for the

year 1884-85, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazeepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

		Hill Tipperah, " 25 "	0·35	Weather—rather hot for the season. Rain on 23rd. Prospects of *amun* paddy yet good. Chillies and tobacco continue to be transplanted. Sugarcane doing well. Public health good.

No.	District, and date of return.	Rainfall at Sudder Station in inches.	Character of the weather, state and prospects of the crops, and state of health at date.
BEHAR.			
Patna Divn.			
26	Patna, Nov. 28 '85	Nil	Weather—mornings and evenings cool and days hot. Sowing of *rubbee* crops is almost finished. Gram, peas and all other crops are growing well. Cotton and castor look well. Prospects of poppy good. Public health good.
27	Gya, " 28 "	Nil	Weather—cool and dry. Rice harvest continues; outturn generally favourable. All cold-weather crops doing well. Health good. Prices somewhat better than last year.
28	Shahabad, " 28 "	Nil	Weather—seasonable. Harvesting of paddy progressing. *Rubbee* sowings nearly completed. Weather favourable for germination of poppy. The crop is, however, backward for the season, the larger proportion of sowings having only been completed during the last ten days. The area under poppy will be somewhat smaller than was expected owing to dry weather, which has necessitated irrigation.
29	Durbhunga, " 28 "	Nil	Weather—seasonable. Harvesting of paddy going on. *Rubbee* sowings coming on well, but rain is urgently needed for this crop. *Aloon* and *Soothni* are being gathered. Price of rice falling. Cholera abating.
30	Mozufferpore, " 28 "	Nil	Weather—normal. *Aghani* harvest commenced. *Rubbee* crops very promising. Poppy sowings in progress, and in some places the young plants are above ground; abundant moisture in the ground gives promise of an excellent poppy season.
31	Sarun, " 28 "	Nil	Weather—fair and clear; days warm for the time of the year, nights cool. *Aghani* harvest has commenced. *Rubbee* and poppy coming on well; irrigation going on where practicable. A fall of rain would do much good to *rubbee* and opium. Sporadic fever reported, otherwise public health good.
32	Chumparun " 28 "	Nil	Weather—seasonable. Prospects of *aghani* rice crop continue good. Reaping commenced in some places Sowing of poppy progressing satisfactorily. Prices of food-grains stationary. Public health fair.
Bhaugulpore Divn.			
33	Monghyr, Nov 28 '85	Nil	Weather—seasonable. Rice being reaped *Rubbee* sowings nearly completed, and where they have germinated promise well. Public health good. Prices stationary
34	Bhagulpore, " 28 "	Nil	Weather—seasonable. Paddy harvest has begun in uplands. Low land paddy good. *Rubbee* prospects good in the Sudder; elsewhere not so good owing to want of rain. Cholera decreasing, Prices falling. Rice 12 to 17 seers near the railway, 25 seers in Soop le, and 18½ in Banka.
35	Purneah " 28 "	Nil	Weather—very fine. Late rice is being reaped. *Rubbee* promises very well. Cholera and fever still prevalent.
36	Maldah " 28 "	Nil	Weather—fine and cool. Winter rice is being harvested, yielding a full crop. *Kalai* is ripening with excellent prospects. *Rubbee* crops doing well. Common rice 17 to 22 seers per rupee. Public health good, except some sporadic cholera in the north and middle of the district.
37	Sonthal Perghs. " 28 "	Nil	Weather—seasonable. Paddy crop is being cut everywhere; outturn excellent. Cold-weather crops promising. General health good.
ORISSA.			
Orissa Divn.			
38	Cuttack Nov. 27 '85	Nil	Weather—clear; nights cold. *Sarad* rice ripening. Early *sarad* being reaped. *Rubbee* crops doing well Common rice selling at 12 seers per rupee in town. Severe cholera in some parts of the Jajpur and Kendrapara sub-divisions, otherwise public health good.
39	Pooree, " 26 "	Nil	Weather—seasonable. Late *sarad* rice is ripening. *Laghu sarad* is being harvested. *Rubbee* doing well Lands are being ploughed for *dalua* crop. Relief works are going on in the Chilka tracts which have suffered loss of crops from drought. Common rice selling at an average of 17 seers 10 chittacks per rupee in the Sudder sub-division, and 15 seers 3 chittacks in the Khoorda sub-division. Bathing festival over, and cholera disappearing with departure of pilgrims. Public health again fair.
40	Balasore, " 27 "	Nil	Weather—cool and fine. Prospects of all crops continue good. Cholera still prevails in parts of Dhamnagar thana; otherwise public health good.
CHOTA NAGPORE.			
South-West Frontier Agency.			
	Hazaribagh. Nov. 27 '85	Nil	Weather—clear and cold. Harvesting of paddy continues. Prospects of *rubbee* crops generally good. In some places rain is much wanted. Nearly three-fourths of the poppy sowings have been completed, but in some parts scarcity of water is complained of. General health good.
42	Lohardugga. " 28 "	Nil	Weather—cold. Harvesting of winter paddy still continues. Prospects of *rubbee* crops fair. Prices steady. Public health generally good.
43	Singbhoom, " 27 "	Nil	Weather—bright and clear, and getting cold. Rice being harvested with excellent results. *Rubbee* prospects good. Fever and cattle-disease reported from Seraikela, otherwise general health good
44	Manbhoom, " 28 "	Nil	Weather—fine and cool. Reaping of paddy continues. Prospects of cold-weather crops fair. Coarse new rice quoted this day (Friday, 28th) in the Purulia market at 23 seers per rupee. Public health good.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

INCREASE	Tons
Edible grain	298

This increase is due to high rate consequent on the floods in the Moorshedabad district on account of the breakage of the Laltiakuri embankment.

Piece-goods	74

This increase is due to high demand for Doorga Pujah festival in this month.

Sundries	50

This increase is due to high demand for Doorga Pujah festival in this month.

Coal	112

This increase is due to merchants not laying in stock during rainy season as they used to do before.

The following are the conditions of sale :—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.
When the amount bid is less than Rs. 1,200 per chest, Rs. 300 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of

the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazeepore Factory for the year 1884-85, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazeepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L.P.,

C. A. SAMUELLS, *Offg. Secretary.*

[Second Publication.]

NOTICE.

The 24th November 1885.—The following draft of rules which the Lieutenant-Governor proposes to make under clauses (*j*) and (*q*) of section 138 of the Bengal Local Self-Government Act, 1885, is published for general information under section 143 of the said Act, and notice is hereby given that the said rules will be taken into consideration on or after the 1st January 1886, when any objections or suggestions which may be made by any person and received before that date will also be considered.

EDUCATION.

GENERAL.

1. Throughout these rules the term "Inspector" includes the Circle Inspector, and a Joint or Assistant Inspector authorized to act on his behalf, and the term "schools under public management" includes all schools in which the course of study conforms to the standards prescribed by the Department of Public Instruction or by the University, and which are aided or inspected by the Department or regularly present pupils at the public examinations held by the Department, or by the University.

SECTION I.—BOARD SCHOOLS.

1. All schools under public management, with the maintenance and management of which a District Board shall be charged, and for the management and maintenance of which it shall become responsible under sections 62 and 63 of the Act, shall be deemed Board Schools. They are divided into three classes,—Middle Schools maintained and managed directly by the Board, Aided Schools, and Primary Schools.

2. Subject to the approval of the Educational Department, and also subject to the rules hereinafter to be prescribed in regard to Aided schools and schools maintained by Union Committees, the administration of Board schools as regards teaching and discipline, the appointment, punishment, and dismissal of masters, the fixing and payment of the masters' salaries, allowances, and pension contributions, and the grant of leave of absence to the masters, shall be conducted by the District or Local Board, or by the Committee of Management, under the general control of the District or Local Board.

3. District Boards shall be liable for the payment of the stipends of Board school teachers under training in institutions provided by Government for that purpose.

4. Board schools shall be liable to periodical inspection and examination by officers of the Educational Department and by the Magistrate of the district.

5. Every member of the District Board, and in cases where the management and maintenance of a school shall have been made over to a Local Board, every member of the Local Board, and in cases where a Committee of Management shall have been appointed, every member of the Committee of Management shall be entitled to be present at such inspections and examinations.

6. The Bills of Board schools shall be passed by the District Board.

SECTION II.—HIGH ENGLISH SCHOOLS.

1. Whenever by order under section 64 of the Act the management and maintenance of a High English school shall have been entrusted to a Joint Committee, the following rules shall be in force.

2. Subject to the approval of the Educational Department, the administration of the school as regards teaching and discipline, the fixing of the monthly, admission, and re-admission fees, to be paid by the pupils, the award of prizes to the pupils, the appointment, punishment, and dismissal of masters, the fixing and payment of the masters' salaries, allowances, and pension contributions, and the grant of leave of absence to the masters shall be conducted by the Joint Committee.

3. No vacations or holidays shall be allowed to the masters and pupils of the school other than those sanctioned by Government.

4. The Joint Committee shall be bound to furnish such reports and returns as shall be from time to time required by the Educational Department and by the authorities of the University of Calcutta.

5. The Joint Committee shall conform to such regulations as the authorities of the University of Calcutta shall from time to time make with regard to the conduct of examinations.

6. The school shall be liable to inspection and examination by the Inspector, the Magistrate of the district, the Principal of any Government College within the Municipality in which the school is situated, and any Fellow of the University of Calcutta. Any report that the Inspector, the Principal of any Government College within the Municipality, or any Fellow of the University of Calcutta shall think fit to make, shall be forwarded in writing to the Joint Committee, and a copy shall at the same time be sent to the Director of Public Instruction.

7. The buildings of the school shall be liable to inspection by any officer of the Public Works Department whom the Government may entrust with this duty. He shall forward his remarks in writing to the District Board, and shall at the same time send a copy of them to the Director of Public Instruction.

SECTION III.—MIDDLE SCHOOLS.

1. All Middle Schools, not being grant-in-aid schools, shall be managed and maintained directly by the District Board.

2. With regard to all such schools, the District Board shall have, within the Board's jurisdiction, the following powers :—

(1) Of deciding where new schools shall be opened and the manner in which accommodation therefor shall be provided.
(2) Of deciding upon the transfer or abolition of existing schools.
(3) Of fixing the class of every such school : the selection to be made from classes recognized by the Educational Department.
(4) Of prescribing the standard of teaching in every such school : the selection to be made from standards recognized by the Educational Department.
(5) Of fixing, subject to such limitations as may be from time to time prescribed by the Education Department, the rate of monthly, admission, and re-admission fees to be paid by pupils in every such school.

SECTION IV.—GRANT-IN-AID SCHOOLS.

1. Nothing contained in this section shall entitle a District Board to interfere in the management of an aided school further than is necessary to ascertain whether the terms of the grant are being complied with.

2. The Lieutenant-Governor shall have power to exempt any school or class of schools from the operation of the rules contained in this section.

3. Whenever under section 63 of the Act funds shall have been made over to a District Board for the management and maintenance of grant-in-aid schools within the district, the District Board shall be charged with and responsible for their distribution in accordance with the following rules.

4. The managers of any school on behalf of which application for a grant is made must appoint a Secretary to conduct their correspondence with the District Board and with the Educational Department.

5. In respect of any school for which application is made, full information must be supplied on the following points in the form prescribed in the grant-in-aid rules sanctioned by the Government of Bengal :—

(a) The pecuniary resources—permanent and temporary—on which the school will depend for support.
(b) The proposed monthly expenditure in detail.
(c) The average number of pupils to be instructed.
(d) The persons who will form the Committee of Management.
(e) The standard of instruction : the selection to be from standards recognized by the Educational Department.
(f) The number and salary of the teachers.
(g) The amount of aid sought.
(h) The existence of other schools within a distance of six miles.

6. An application for a grant shall be made directly to the District Board. Should the Board refuse to sanction the application either in whole or in part, it shall record its reasons for such refusal. The applicant may then appeal from such refusal to the Inspector, who shall consult the Magistrate, and, if necessary, report the matter through the Director of Public Instruction to the Government for final orders.

7. No grant to a school shall exceed in amount the sums to be expended from private sources, except in special cases under special orders of Government.

8. Grants may be of two kinds—annual and special.

9. No annual grant to a middle school shall exceed one-half of the income guaranteed from private sources.

10. No annual grant to a primary school, a girl's school, a training school, or a special school, shall exceed the full amount of the income guaranteed from private sources.

11. Annual grants shall be sanctioned ordinarily for a period of five years, but the Board may at any time during its currency, for reasons specified in writing, and which shall have reference to the Board's finances, or to the character of the teaching and discipline in the school, or to the general circumstances of education in the district, revise the grant. Against such an order of revision, however, an appeal shall lie to the Inspector, who shall deal with it in the manner specified in Rule No. 6.

12. The sanction to a grant shall be given in a form prescribed by Government.

13. Special grants up to a maximum of half the total expenditure may be given by District Boards towards the cost of furnishing school-houses and providing maps and other school apparatus in consideration of expenditure from private sources incurred in the establishment and equipment of schools, and on condition that the managers undertake to refund the amount of any such grant if the school obtaining it should be abolished within a period of five years.

14. Special grants may be given towards the cost of building school-houses, provided such school-houses are masonry structures.

15. Grants shall not be given to pay off debts for buildings, nor in consideration of former expenditure for building, nor for the maintenance of buildings.

16. Before a building grant is sanctioned by a District Board, the site, plans, estimates, specifications, title and trust deeds must be approved by the Inspector.

17. In the event of a difference of opinion between a District Board and an Inspector with reference to a building grant, the matter shall be referred to the Commissioner through the Magistrate, and if the Commissioner does not concur in the view of the Inspector, to Government through the Director of Public Instruction.

18. Any school to which aid is given by a District Board, together with all its accounts, books and other records shall at all times be open to inspection and examination by any officer appointed by Government for that purpose; and to this end the records and accounts shall be placed in such custody that they shall always be accessible on the visit of any inspecting officer. Such inspection shall have no reference to religious instruction, but only to secular education.

19. Should an Inspecting Officer discover that the instruction or discipline in any school aided by a District Board is not efficient, or that the accounts are not properly kept, or that any of the conditions on which grants are made are not observed, he shall refer the matter to the Magistrate, who may, if he thinks fit, make a representation to the District Board. Should the District Board not comply with his representation, he shall report the fact to Government through the Director of Public Instruction.

20. District Boards shall not be allowed to make a grant to any school, except a school for training teachers, that does not require some fee from all its scholars, without the permission of the Director of Public Instruction. Before giving a grant-in-aid to any school, the District Board shall require the managers of the school to which aid is proposed to be given, to sign an agreement on stamped paper to the effect that they will conduct the school in accordance with the conditions of the grant.

SECTION V.—PRIMARY SCHOOLS.

1. Subject to the powers entrusted to Union Committees by section 112 of the Act, District Boards shall be charged with the duty of maintaining and managing all primary schools under public management within the district, and of determining the rates of stipends or rewards payable to the gurus and pupils of such schools, in accordance with the rules prescribed by the Educational Department.

2. District Boards shall grant rewards to the gurus and pupils of all primary schools within the district on the result of periodical examinations.

3. Such examinations shall be conducted under the supervision of the Deputy Inspector by the Sub-Inspectors and Examiners appointed by the District Board in consultation with the Deputy Inspector, at times to be settled beforehand by the Inspector in consultation with the District Board.

4. All payments and rewards to gurus and pupils to be granted on the result of such examinations shall be sanctioned by the Board on the report of a Sub-Inspector, confirmed by the Deputy Inspector.

5. The District Board shall, in consultation with the Deputy Inspector, make payments to chief gurus and other agents (exclusive of Sub-Inspectors) employed to inspect primary schools within the district.

6. Every District Board may make grants and contributions to primary schools under private management within the district, provided such grants and contributions be in accordance with the rules from time to time prescribed by Government.

7. Should any difference of opinion arise between the District Board and the Deputy Inspector, the matter shall be referred for the decision of the Inspector. Should the District Board be dissatisfied with the decision of the Inspector, the matter shall be referred through the Magistrate to the Commissioner; and if the Commissioner does not concur in the views of the Inspector, to Government through the Director of Public Instruction.

8. Should the District Board be dissatisfied with the decision of the Inspector, it may request him to refer the matter to Government through the Director of Public Instruction.

9. District Boards shall be responsible for the payment of the stipends of primary school teachers under training in institutions provided by Government for this purpose.

SECTION VI.—LOCAL BOARDS.

1. In every case where a District Board shall, under section 101 of the Act, transfer the management and maintenance of any school or schools to a Local Board, the provisions contained in the preceding rules shall be generally applicable to such Local Board: provided that the District Board shall, in all cases, have a general power of control.

SECTION VII.—UNION COMMITTEES.

1. Every primary school under public management maintained by a Union Committee under section 112 of the Act shall be called a Union Committee school.

2. Every Union Committee shall have the power within the Union—

(1) Of determining the places at which Union Committee schools shall be opened.

(2) Of deciding upon the transfer or abolition of existing Union Committee schools.

(3) Of fixing the class of every such school; the selection to be made from classes recognized by the Educational Department.

(4) Of prescribing the standard of instruction in every such school; the selection to be made from standards recognized by the Educational Department.

(5) Of fixing the salary of the guru of every such school and of removing or transferring him within the Union.

(6) Of fixing the rate of monthly, admission, or re-admission fees payable by the pupils of every such school.

3. With reference to section 112 of the Act, by which Union Committees are declared responsible for the transmission to gurus of Union Committee schools for the rewards granted by the District or Local Boards, it shall be the duty of each Union Committee to compel the guru of each such school to attend such examinations and gatherings, and to present his pupils at such examinations and gatherings as shall be from time to time ordered by the District or Local Board or the Deputy Inspector.

4. Every Union Committee school will be subject to periodical inspection and examination by officers of the Educational Department and by the Magistrate of the district.

5. Nothing in these rules shall preclude the establishment and maintenance of primary schools within the Union by private individuals or self-constituted local associations, and the pupils of all such schools shall be entitled to present themselves at all examinations for rewards and grants payable by the District Board to the pupils and gurus of primary schools.

SECTION VIII.—SCHOLARSHIPS.

1. Lower primary scholarships shall be awarded by the District Board in consultation with the Deputy Inspector, and a list of the scholars elected shall be forwarded to the Inspector, who will pass the bills as at present.

2. The lower primary scholarship examination shall be conducted in every district by the Sub-Inspectors under the supervision of the Deputy Inspector.

3. It shall be competent to the District Board, before the award of upper primary and middle scholarships, to make representations to the Inspector in favour of particular schools or tracts which it may deem deserving of special encouragement on account of their less advanced state, or for other reasons, and the Inspector shall be bound to take such representations into consideration.

4. The District Board shall be furnished every year with an abstract of the results of the upper primary and middle scholarship examinations.

SECTION IX.—FINANCE.

1. For the purpose of the maintenance and management of schools, the Lieutenant-Governor shall every year make over to the District Board the primary allotment of the district, the grant-in-aid allotment for Board schools falling under section IV of these rules, a contribution to the support of those schools to be managed directly by the Boards, and any additional sum that may be granted in support of education under the control of the District Board.

2. The Deputy Inspector shall prepare educational budget estimates for the district, and shall submit them to the District Board before the 1st of August in the year immediately preceding that for which they are framed. The approved budget estimates shall be forwarded by the Board to the Director of Public Instruction before the 1st of September.

3. The Inspector shall prepare budget estimates for every High English School within his circle, the management and maintenance of which shall, under section 64 of the Act, be entrusted to a Joint Committee, and shall submit them to the Joint-Committee before the 1st of August in the year immediately preceding that for which the estimates are framed. The approved estimates shall be forwarded to the Director of Public Instruction before the 1st of September.

SECTION X.—RELATION OF DISTRICT BOARDS TO EDUCATIONAL CONTROLLING AGENCIES.

1. All Sub-Inspectors within the district shall submit their diaries to the District Board through the Deputy Inspector, who will forward them with his remarks. They will conduct all examinations for rewards under the orders of the District Board in consultation with the Deputy Inspector.

2. Sub-Inspectors may be degraded or suspended by the District Board, but no Sub-Inspector shall be dismissed without the consent of the Director of Public Instruction. Sub-Inspectors who have been degraded or suspended shall have an appeal through the Magistrate to the Commissioner.

3. Subject to the veto of the Inspector, Sub-Inspectors shall be appointed by the District Board. Leave may be granted to Sub-Inspectors by the District Board, in accordance with the provisions of the Civil Leave Code, notice of the fact being at the same time communicated to the Inspector. Applications for leave from Deputy Inspectors shall be forwarded through the Inspector to the Director of Public Instruction.

4. The salary and travelling bills of Sub-Inspectors shall be passed by the District Board.

5. The Deputy Inspector shall forward to the District Board a copy of so much of the quarterly return of his inspection of schools as has reference to Board schools.

6. The correspondence of District Boards with the Director of Public Instruction shall be carried on through the Inspector.

SECTION XI.—MISCELLANEOUS.

1. No school building or extension of a school building shall be constructed by a District Board unless the plans and estimate for the same shall have been approved by the Inspector if the cost of the work is not to exceed Rs. 1,000, or by the Director of Public Instruction in any other case.

2. Before a District Board commences to erect a building for the accommodation of a school of the estimated cost of Rs. 200 and upwards, the site for the same must be approved by the Inspector.

3. In the event of a difference of opinion between a District Board and the Inspector as to the suitableness of a proposed site, the question shall be referred to the Commissioner, and if the Commissioner does not concur in the views of the Inspector, to Government through the Director of Public Instruction.

4. Every Inspector shall specially notice in his annual report the state of the building, library, furniture, and play-ground of every middle school under the management of a District Board within his circle. The annual report of the Inspector shall briefly discuss the points raised by District or Local Boards, or by Committees of Management, or by District Officers during the year.

5. A quarterly statement of all payments made for educational purposes within the District on the authority of the District Board shall be forwarded by the District Board to the Inspector.

6. At the close of every financial year the District Board shall submit a report of its operations, which shall reach the Inspector's office on or before the 1st of May, and shall be forwarded by him to the Director.

Camp, Singbhoom, the 16th November 1885.

In the High Court of Judicature at Fort William in Bengal.

ORDINARY ORIGINAL CIVIL JURISDICTION.

In the matter of the Indian Companies Act, 1882, and of T. F. Brown and Company, Limited.

NOTICE is hereby given that the Honourable Mr Justice Trevelyan has fixed Thursday next, the 10th day of December instant, immediately after the undefended cases for that day shall have been disposed of, to take an application, to be made on behalf of certain creditors of the said Company, for an order that Daniel Willis Peter King of 2, Council House Street, Calcutta, accountant, be appointed provisionally liquidator of the said Company on such terms as to security, and until such time as to this Court may seem fit, and that the Oriental Bank Corporation and Thomas Abercrombie Welton, the official liquidator thereof, be restrained from prosecuting two suits instituted by them or him in this Court against the said Company, being suits Nos. 160 and 185 of 1885, and from proceeding with an order for attachment before judgment against the said Company until the hearing of a petition for winding-up the said Company by the Court on the 17th day of December instant, or until the further order of this Court, and for such other order in the premises as to this Court may seem fit.

Dated this 7th day of December 1885.

By order,

R. BELCHAMBERS, Registrar.

(735—1)

In the matter of the Indian Companies Act, 1882, and of T. F. Brown and Company, Limited.

NOTICE is hereby given that a petition for the winding-up of the abovenamed Company by the High Court of Judicature at Fort William in Bengal, was, on the 3rd day of December 1885, presented to the said Court by the Receiver of the High Court, and receiver of the trust estate of Muttylall Seal and others, creditors of the said Company, and that it has been directed that the said petition shall be heard before the said Court on Thursday, the 17th day of December 1885, and any creditor or contributory of the said Company desirous to oppose the making of an order for the winding-up of the said Company under the above Act should appear at the time of hearing by himself or his advocate, attorney, or pleader for that purpose, and a copy of the said petition will be furnished to any creditor or contributory of the said Company, requiring the same on application to the said Court on payment of the charges for the same.

CALCUTTA, the 26th August 1875.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

RESOLUTION REGARDING THE APPOINTMENT OF A COMMITTEE TO ENQUIRE INTO EDUCATIONAL ENDOWMENTS FOUNDED BY MUHAMMADANS IN THESE PROVINCES.

GENERAL DEPARTMENT.—EDUCATION.

Calcutta, the 8th December 1885.

RESOLUTION.

READ again—

A memorial from the National Mahomedan Association on the position and claims of the Mahomedan community in British India.

A letter from the Government of Bengal, No. 481T—G, dated 14th October 1882, to the Government of India, reporting upon the allegations and prayers of the memorial.

The Report of the Education Commission, chapter IX, section 2, on the subject of Mahomedan education.

The letter No. 2285T—G, dated the 25th September 1884, from the Government of Bengal to the Government of India, reviewing the recommendations of the Education Commission on the subject of Mahomedan education.

Read—

The Resolution, dated 15th July 1885, recorded by the Government of India, in the Home Department, in reference to the Memorial of the National Mahomedan Association.

In 1882 the National Mahomedan Association addressed a memorial to His Excellency the Governor-General in Council, calling attention to the

decayed condition of the Mahomedan community, and making suggestions for its improvement. In the letter of 14th October 1882, cited in the preamble, the Lieutenant-Governor discussed the questions raised by the Memorial, and made certain recommendations with reference to the memorialists' prayers so far as they concerned these Provinces. The Memorial was subsequently discussed by the Education Commission, whose proposals regarding the general question of Mahomedan education were considered by the Lieutenant-Governor in the letter of the 25th September 1884 cited in the preamble. In the Resolution of the 15th July 1885, recorded in the Home Department, His Excellency the Governor-General in Council has now reviewed the correspondence referred to above, as well as the similar correspondence which has passed on the subject of the Memorial with other Governments. His Excellency finds that there is a general agreement that, owing to the past inability or unwillingness of the Mahomedan community to take advantage of the State system of education, Mahomedans are at the present time not always able to contend on equal terms with their Hindu fellow-subjects for State employment, or in the liberal professions. Happily, however, there are now not wanting signs of a change of temperament on this subject among the Mahomedan community generally, while some of their leaders have, through the instrumentality of education, reached high positions in the public service and in professional life, and are doing excellent work. Progress is thus being made, and Government is anxious that all that can reasonably be done, having regard to the legitimate claims of other classes, should be done to maintain and stimulate that progress.

2. In the report of the Education Committee, the proposal to give special aid to Mahomedan schools was made, and in the review of that report recorded by this Government, the proposal was favourably received. It has not hitherto been found possible, owing to financial pressure, to do as much as could have been wished in furtherance of the policy which, on this subject, the Lieutenant-Governor has approved; but as funds become available, an effort will be made in that direction. Meanwhile, Sir Rivers Thompson gladly welcomes the proposal which the Government of India, in deference to the wishes of the National Mahomedan Association, now makes in the 19th paragraph of the Resolution cited in the preamble to appoint a Committee to ascertain the extent to which educational endowments have been founded by charitable and public-spirited Mahomedans throughout these Provinces. It is a fact that the progress of education among the Hindu community of Bengal is largely indebted to private liberality; and although among Mahomedans there are fewer wealthy persons than among Hindus, it is probable that the number of those who have devoted money to public purposes, according to their means, are not, comparatively speaking, fewer in one community than in the other. Educational endowments, when of small value, are apt to be overlooked; and when they consist of immoveable property, they are apt to be diverted from the donor's intention. Much good may therefore result from a Committee appointed to enquire in the first place into the number of such educational endowments, their character and the manner in which the proceeds are applied. It may be possible that, when information on these points is collected, administrative arrangements or legislative action may be devised, whereby, in accordance with the wishes of the representatives of the Mahomedan community, the funds of these endowments may be applied more carefully than at present, and more in accordance with the wishes and intentions of the donors.

3. It is stated in the Resolution of the Government of India that Mahomedan endowments are usually of religious or quasi-religious character, and this statement, in the Lieutenant-Governor's opinion, is generally in accordance with the facts in Bengal. With endowments of a religious character, the enquiry which it is now proposed to set on foot will have no concern; but with endowments intended by the founder to be appropriated to educational as well as to purely religious uses, the case may be different. Here the Committee of Enquiry will be entitled to distinguish between the religious and secular aspects of such funds, and ascertain whether the latter aspects are receiving from the trustee of the endowment the attention they deserved.

4. An important matter is the way in which the Committee of Enquiry should proceed to work. No doubt much assistance will be given by District

Officers, and much information will be obtained from the archives of Government to which access will be permitted; but something more than this will be necessary if full information is to be collected. Many, if not most, of the Mahomedan endowments are not brought upon the records of Government, and therefore it will be desirable for the Mahomedan community in each district to take the matter in hand, and from the resources of their local knowledge supplement the defects of the public records. The Lieutenant-Governor therefore desires that in communication with, and acting on the advice of the Committee, the Collector of each district, in which minute enquiries are desirable, should associate with himself the chief Mahomedan gentlemen resident in the district and avail himself of their knowledge in gathering the requisite information. It will be for the National Mahomedan Association, at whose instance the enquiry is being undertaken, to place themselves in communication with their local branches, and to do what in them lies to stimulate their correspondents into activity on this point. The Secretary of the Committee should also visit the chief centres of Mahomedanism in the mofussil, and by his influence and advice help in forming these Sub-Committees, on whose activity the success of this enquiry will mainly depend

5. When the facts regarding the extent and character of the endowments in question have been ascertained, the duty of the Committee will then be to consider how far they point to the necessity for action, executive or legislative, to provide that the endowment funds may be most usefully employed. In considering this point, it is desirable that the Committee should bear in mind that the Government is anxious to hold itself aloof from the management of educational endowments not directly entrusted to its charge by the testator or donor. Should, therefore, the Committee consider, with reference to the facts that may come before them, that a change in the management of individual funds, or a modification of the existing law, is desirable, it is requested that their recommendations will take due regard of the possibility of an extension to educational endowments of the principle of the Act of 1863, whereby competent members of the Mahomedan community are made chargeable with the control of religious endowments.

6. For the purposes, therefore, of carrying into effect the objects stated in the preceding remarks, the Lieutenant-Governor appoints the Hon'ble G. C. Paul, C.I.E., Advocate-General, who has consented to serve, to be President of the Committee, and associates with him as members Mr. Amir Ali, Barrister-at-Law, Nawab Abdul Lutif, Khan Bahadoor, C.I.E., Nawab Mir Mahomed Ally, and Mr. Philip Nolan, C.S.; the last-named gentleman to act as Secretary to the Committee as well as member. It is the desire of the Government of India that Committees appointed by Local Governments should communicate with each other in order thereby to assure, as far as practicable, uniformity of action of design. It is desirable, therefore, that the Committee nominated above should place itself in communication with Committees formed in other Provinces.

7. A sum of Rs. 100 per month for the Committee's office establishment and contingencies is sanctioned, and it is requested that the Committee's report be submitted to Government within six months from this date.

By order of the Lieutenant-Governor of Bengal,

A. P. MACDONNELL,

Secretary to the Government of Bengal.

The results of observations at the Alipore Observatory are not rigorously comparable with the registers of former years (at the Park-street Observatory). The barometer is about 3 feet higher at Alipore, and, other things being equal, reads therefore ·003 lower. The diurnal range of temperature is also greater at Alipore, and the mean temperature apparently about 1·°6 lower; and, finally, the thermometer, which furnished the record of temperature at the Surveyor-General's Office during 20 years and upwards, is found to read 0·6 higher than the Kew standard thermometer, which is the standard of reference at the present Observatory.

N.B.—In the monthly abstract for October 1885, read 5·24 inches instead of 3·57 inches as the total rainfall indicated by Beckley's self-registering rain-gauge.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h, and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

MEMORANDA.

THE chief features to be deduced from the vital statistics of the principal Municipalities in Bengal for the week ending 21st November 1885, as presented in the statement appended to this memoranda, are the following—

1. That births and deaths were registered in these Municipalities at the rates, respectively, of 27·6 and 39·1 per 1,000 of population as opposed to 26·5 and 41·6 per 1,000, respectively, during the preceding week ending 14th November, indicating improvement in the registration of births against retrogression in that of deaths.

2. That the highest birth and death-rates were returned by the following Municipalities:—

Births.

	Ratio per mille
Naraingunge	62·1
Serampore	47 1
Gya	43 7
Bhagulpore	42·5
Arrah	40 7
Burdwan	39 7
Beauleah	39·4
Patna	31·4
Dacca	33 1

Deaths.

	Ratio per mille.
Puri	125 9
Serampore	56·9
Purneah	55·4
Bhagulpore	54·3
Naraingunge	53 8
Gya	53 3
Suburbs of Calcutta	49 6
Dacca	46·7
Patna	42·2
Midnapore	37·2
Hughli	34 8
Arrah	32 3
Howrah	32 1
Comillah	30 8

3. That the mortality from the several death-causes was as follows, in comparison with that in the preceding week:—

	Ratio per mille during the weeks ending— 21st November 1885.	14th November 1885.
Cholera	3 4	2 4
Small-pox	...	...
Fever	19 0	20 3
Bowel-complaints	6·7	7 9
Injury	·4	·4
Other causes	9 6	10 5

The above figures indicate that there was an enhancement in the death-rate from cholera with a diminution in those from fever, bowel-complaints and the maladies classed under the head of "Other causes."

4. That, excluding small-pox, from which no death was reported, injury, the casualties from which were nowhere noticeably large, and bowel-complaints, which proved conspicuously fatal only in the Serampore and Patna towns, viz. at the rates of 13·7 and 12·3 per 1,000 of their populations, respectively, the rest of the diseases above specified caused the highest mortality in the following Municipalities:—

Cholera.

	Ratio per mille.
Puri	60·8
Midnapore	9·3
Howrah	6·9
Suburbs of Calcutta ...	5·6

Fever.

	Ratio per mille

Puri	29·4
Gya ...	20·4
Kishnaghur	17·0
Dacca	16·8
Bhagulpore	11·8
Suburbs of Calcutta ...	11·1

5. That the mortality referable to *Sex*, *Class* and *Age* stands as follows:—

According to Sex.

	Ratio per mille.
Males	40 9
Females	37·1
Ratio of male deaths to every 100 female deaths	125

According to Class.

	Ratio per mille.
Christians	21 7
Hindus	40 8
Mahomedans ...	36·1

According to Age.

	Ratio per mille.
Under 1 year ...	283 0
1 and under 5 years ...	45·5
5 „ „ 10 „ ..	24·2
10 „ „ 15 „ ...	14·5
15 „ „ 20 „ ...	26·7
20 „ „ 30 „ ...	26 5
30 „ „ 40 „ ...	27 3

* A special census of the Europeans in the Darjiling Municipality was recently taken, as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuch as the census of the Europeans, above alluded to, cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded [illegible]

GENERAL REMARKS AND EXPLANATIONS.

THE traffic carried during the month under review shews a falling off in 7 out of the 13 heads into which it is divided, the net decrease, compared with the corresponding period of last year, being 785 74 tons. The two principal causes which have brought about this unsatisfactory result are.

1st.—The breaks on the Eastern Bengal State Railway resulting in the suspension of through traffic for six days of the month

2nd.—The silting of the Ganges. A drawback which has necessitated the abandonment of the old and short Sara-Damukdea route in favour of a long lead *viâ* Kushtea

INCREASES.

Food-grains ... . 2 018·97 tons.

This satisfactory result is due to a large traffic having been done locally in paddy.

Ginger ... ... 89·49 tons.

There has been a steady increase in this commodity due to a good crop and fair demand for export.

Miscellaneous .. .. 682 35 tons.

A large traffic in timber has contributed to this increase.

Salt ... ... 985·41 tons.

The check given to despatches under this head during the last month on account of breaks on the Eastern Bengal State Railway will explain this large increase.

Tea . ... 499·67 tons.

Prices and demand both continue to be good in Calcutta.

Tobacco .. .. 385 63 tons.

The continued increase under this head is due to a demand for export.

DECREASES.

Ale	21 60 tons.
Gunny bags	388·97 „
Jute	2,357·88 „
Piece-goods	45·51 „
Railway material	2,601·48 „
Seed	18·04 „
Sugar	13·78 „

All the principal decreases noted above are mainly due to the two causes assigned above, excepting railway material, the large falling-off in which is due to less coal having been carried for the Locomotive Department, and no material being sent forward for the Assam-Behar Railway.

The following are the conditions of sale:—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.
On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.
On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.
And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; it it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazeepore Factory for the

year 1884-85, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazeepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L.P.,

C. A. SAMUELLS, *Offg. Secretary.*

the mode and time of appointment or election of members of Boards and Committees, the term of office, and the qualification and disqualification and the registration of voters and candidates, and generally for regulating all elections under the Act. The Lieutenant-Governor, as provided in section 143 of the Act, directs that the rules be published for general information in the *Calcutta Gazette*. Under the proviso to section 138, they will not come into operation until three months after the date of such publication. The Lieutenant-Governor also directs the publication of the rules in the *Bengali*, *Hindi*, and *Uriya Gazettes*.

By order of the Lieutenant-Governor of Bengal,

J. WARE EDGAR,

Offg. Secretary to the Govt. of Bengal.

NOTIFICATION.

The 15th December 1885.—It is hereby notified for general information that the Lieutenant-Governor has been pleased to make the following rules under section 138(*a*) of the Bengal Local Self-Government Act III (B.C.) of 1885.

PART I.

ELECTION OF MEMBERS OF UNION COMMITTEES.

Preliminary.

Throughout this and the following Parts the term "Magistrate of the district" shall have the meaning prescribed by section 5 of the Act.

2. Whenever a Union, constituted under section 38 of the Act, comprises two or more villages, the Magistrate of the district shall decide in what manner such Union shall be divided into electoral wards, and the proportional number of members to be returned for each of such wards. Such arrangement shall remain in force in subsequent elections until altered by similar authority. Provided that if it is thought convenient a Union, whether of a single or more villages, may consist of one electoral ward only.

Of the qualification of Voters.

3. Every male person of the full age of twenty-one years, resident at the time of election within the area comprised in a Union, who has, during the year immediately preceding the election of the members of the Committee of such Union, paid one rupee or more on account of road-cess, license-tax or chowkidari-tax, or who is a member of a joint undivided family, which has during such period paid one rupee or more on account of any such cess or taxes, shall be entitled to vote at such election.

Of the qualification of Candidates.

4. Any person qualified under the preceding rule, and who in addition can read and write, shall be qualified as a candidate for any ward in the Union.

Of the manner of holding elections.

5. The Magistrate of the district shall decide at what place or places within the Union and on what date or dates the election of the members of the Union Committee shall be held.

6. The dates fixed for such elections shall be duly notified in all the villages of the Union in such manner as may appear suitable to the Magistrate of the district, and at least fourteen days beforehand; any cost incurred in issuing notices under this rule shall be defrayed from the district fund.

7. Each voter shall vote for the ward in which he ordinarily resides, and for no other. He may vote for as many candidates as there are members to be returned for such ward, but shall not give more than one vote for any single candidate.

8. All persons wishing to vote must be present at the elections. No votes by proxy or in writing shall be received.

9. The Magistrate of the district, or such other officer as the Magistrate of the district may depute for the purpose, shall preside at the election for each Union or portion of a Union.

10. The elections for the different wards in the Union shall be held in succession; the proceedings in every case being commenced by the presiding officer explaining to the assembled voters the nature and objects of the election and the number of members to be returned.

11. The assembled voters of the ward shall be allowed to consult together and elect the necessary number of members in their own manner. They shall report to the presiding officer the names of the persons they have elected, and if such persons are duly qualified, and no objection is raised to the manner in which the election has been conducted, the presiding officer shall declare that they have been duly elected.

12. If the result of the election held under the preceding rule is called in question the presiding officer shall if he thinks it necessary proceed to take a poll, recording the number of votes given for each candidate with his own hand. He shall then and there declare such duly qualified candidates as have a majority of votes to be duly elected.

13. If an equal number of votes is recorded in favour of two or more candidates, all of whom cannot be returned, selection shall be made from such candidates by lot in such manner as the presiding officer shall deem fit, and thereupon a candidate thus selected shall be declared to be duly returned.

14. If at any election held under these rules the number of voters of any ward shall be less than ten per cent. of the total number of house-holders in such ward, the Commissioner may order that the election shall be held again, or may decide that the electors have failed under section 40 of the Act to elect members.

15. Objections regarding the qualifications of candidates and voters shall be summarily, decided by the presiding officer, and such decision shall be final.

16. If any candidate, duly elected under the preceding rules, declines to take office, the unsuccessful candidate, if any, who received the largest number of votes shall be held to have been elected. If there is no second candidate the Commissioner will appoint a member under section 40 of the Act.

17. Except as provided by rules 14 and 15, no election held under these rules shall be invalidated on any ground whatever.

18 The list of duly returned candidates shall be forwarded to the Commissioner of the Division for publication in the *Calcutta Gazette*.

PART II.

ELECTION OF MEMBERS OF LOCAL BOARDS

Preliminary.

19. When the number of members of a Local Board has been fixed by a notification issued under section 8, the Commissioner, after consultation with the Magistrate of the district, shall decide the number of members who shall be elected for each thannah within the area of such Local Board, and shall issue orders accordingly. Such orders shall be published in the *Calcutta Gazette*, at the district and sub-divisional offices, and at the head-quarters of each of the thannahs in question; and in such other manner as the Commissioner may prescribe.

20. The first election of any Local Board under these rules shall take place at such time, not being more than six months after the Act comes in force in the districts mentioned in the Third Schedule of the Act, and after the date of a notification establishing Local Boards in any other district, as the Lieutenant-Governor shall direct.

Of the Qualification of Electors.

21. Every male person of the full age of twenty-one years, resident within the area under the authority of a Local Board, who is qualified in one of the manners following, that is to say—

(1) Is a member of a Union Committee within such area;

(2) Has during the year immediately preceding such election—

(a) paid a sum of not less than one rupee on account of road cess in respect of land situated either wholly or in part within such area;

(b) paid license-tax in respect of a trade, dealing, or industry carried on within such area; or

(c) been possessed of a clear annual income from any source of not less than two hundred and forty rupees;

(3) Being a member of a joint undivided family, one of the members of which is qualified to be an elector as in this rule hereinbefore provided, is a graduate or licentiate of any University, or holds a certificate as a pleader or mookhtear, shall be entitled to vote at an election of members of such Local Board.

Of the Registration of Electors.

22. In all districts mentioned in the Third Schedule of this Act, or in which a Local Board may hereafter be established, the members of which are not appointed under section 15 of the Act, the Magistrate of the district shall cause to be prepared for each thannah within the area of a Local Board a register of persons qualified to vote. Such register shall be prepared from assessment lists, from enquiries made by persons specially deputed for the purpose, and in such other manner as may appear expedient. Such register shall, from time to time, be corrected and added to as the Magistrate of the district may direct.

23. At least two months before the date fixed for the election for any thannah, a copy of the register showing the persons qualified to vote for such thannah shall be published at suitable places within that thannah. Copies of all the thannah registers shall also be published at the sub-divisional office.

24. Any person claiming the right to vote may submit to the Magistrate of the district an application in writing for the entry of his name in the register of electors, stating distinctly in what manner he is qualified; and all such applications, if made at least one month before the date fixed for the election, shall be duly enquired into. A notice of the claims thus

made shall be published at the thannah within one week of their presentation to the Magistrate; and all objections made to them and received at least one week before the date fixed for the elections shall be duly considered.

25. All claims to vote, and the objections thereto, shall be considered by the Magistrate of the district, and his decision shall be final.

26. The thannah list as amended, after the hearing and decision of claims and objections, shall be considered to be the final lists of persons entitled to vote at the election, and no person whose name does not appear in the thannah list shall be permitted to vote.

Of the qualification and the nomination of Candidates.

27. Every male person of the full age of twenty-one years, who is qualified in one of the manners following, that is to say—

(1) Is a member of a Union Committee within the area under the authority of the Local Board;

(2) Has during the year immediately preceding the election had his fixed place of abode within the area under the authority of such Local Board; and

(*a*) paid a sum of not less than five rupees on account of road cess in respect of land situated either wholly or in part within the area under the authority of the Local Board;

(*b*) paid a license tax of not less than twenty rupees in respect of a trade dealing or industry carried on within the area under the authority of the Local Board; or

(*c*) been possessed of a clear annual income from any source of not less than one thousand rupees.

(3) Being a member of a joint undivided family, one of the members of which is qualified for election under clause (1), or clause (2) (*a*) or (*b*) of this rule, is a graduate or licentiate of any University, or holds a certificate as a pleader or mookhtear,

shall be qualified for election as a member of the Local Board for any thannah under the authority of such Local Board.

28. Any elector, may for the thannah in which he is qualified to vote, nominate any qualified person as a candidate.

29. The Magistrate of the district shall, at least six weeks before the date fixed for the thannah election, issue notices calling for nominations of candidates. Such notices shall be published at every village within the thannah. All nominations shall be submitted within three weeks from the date of the publication of the notices in question. No names of candidates shall be received after the expiration of such period.

30. The Magistrate of the district shall ascertain whether all of the nominated candidates are duly qualified to take office; his decision on this point shall be final. He shall also, if possible, ascertain whether they are all willing to take office.

31. A list of the candidates who are duly qualified, and who appear to be willing to take office, shall be published at suitable places in the thannah at least one week before the date fixed for the election. No candidate whose name does not appear in such list shall be considered eligible.

Of the manner of holding Elections.

32. The election for each thannah shall be held on such date as may be fixed by the Lieutenant-Governor and notified in the *Calcutta Gazette.*

33. The election for each thannah shall be held at the head-quarters of the thannah, or at such other place within the jurisdiction of the thannah as the Magistrate may fix. The place of election shall be publicly notified at least one month before the date fixed for election and shall be stated in the notice issued under the next rule.

34. The date fixed for the thannah election shall be duly notified at the thannah, and at such other places as may appear suitable, at least one month beforehand.

A vernacular notice in the following form shall also, at least a fortnight before the date fixed for the election, be despatched by post, or by such other mode as may be found convenient, to every elector whose name appears in the register:—

"You are hereby informed that you are registered as a voter for the thannah, and that you will be entitled to vote at the election of members of the Local Board to be held at on the 18 ."

35. An elector duly qualified under Rule 21 shall be entitled to vote for the thannah in which he ordinarily resides, and for no other. He shall be entitled to vote for as many candidates as there are vacancies for such thannah, but shall not give more than one vote for a single candidate.

36. All persons wishing to vote must be present at the election. No votes by proxy or in writing shall be received.

37. The Magistrate of the district, or such other gazetted officer as the Magistrate of the district shall depute for the purpose, shall preside at the election for each thannah.

38. The proceedings shall commence by the presiding officer explaining the nature and objects of the meeting to the assembled voters. He shall then read out the list of candidates, and state the number of vacancies.

39. Each candidate shall then be proposed by one qualified voter, and seconded by another. Subject to the control of the presiding officer on points of order, each candidate

and his proposer and seconder shall be permitted to address the assembled voters on the subject of his candidature. The names of candidates not duly proposed and seconded shall be removed from the list.

40. In the case of the number of the candidates duly proposed and seconded not being greater than the number of vacancies, the presiding officer, if he is satisfied that not less than ten per cent. of the registered voters for the thannah are present, shall at once declare such candidates to be duly elected.

41. If the number of candidates duly proposed and seconded exceeds the number of vacancies, the presiding officer shall proceed to take a poll for each candidate, recording the votes with his own hand.

42. All objections to voters shall, if possible, be summarily decided by the presiding officer after reference to the register. No objections shall be entertained, other than objections arising out of matters subsequent to registration under Rule 26.

43. The presiding officer shall then and there declare such candidates as have a clear majority of votes to be duly elected. Provided that no candidate shall be declared to be duly elected unless at least ten per cent. of the registered voters of the thannah have appeared and recorded their votes.

44. If ten per cent of the registered voters for the thannah are not present (Rule 40), or have not appeared and recorded their votes (Rule 43), the presiding officer shall report that the electors have failed under section 10 of the Act to elect the number of members for the Local Board fixed for such thannah.

45. In the case of an equal number of votes being recorded in favour of two or more candidates, all of whom cannot be returned, selection shall be made from such candidates by lot in such manner as the presiding officer shall deem fit, and thereupon a candidate thus selected shall be declared to be duly returned.

46. If any candidate, duly elected under the preceding rules, declines to take office, the unsuccessful candidate, if any, who received the largest number of votes shall be held to have been elected If there is no unsuccessful candidate, a fresh election shall be held to fill the vacancy thus created.

47. In the event of any person being elected for two or more thannahs, such person shall be at liberty to choose which thannah he will represent, and in every other thannah for which the said person has been returned, the result of the election shall be determined under the preceding rule as if no votes had been recorded for him, and if necessary a fresh election will be held.

48. After all the thannah elections have been held, the list of candidates duly elected for the Local Board shall be forwarded to the Commissioner of the Division for publication in the *Calcutta Gazette*.

Miscellaneous.

49. No election shall be invalidated on a point of form, provided that these rules have been substantially obeyed.

50. No election shall be invalidated on account of any irregularity whatever, unless it appears that the irregularity was such as materially to affect the results of the election.

51. No person in the employment or pay of the District or Local Board shall directly or indirectly engage in canvassing for votes, or otherwise assist in the election of any candidate, otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

52. All costs incurred in the preparation of the register of voters, the publication of notices, the holding of elections, or taking any other necessary action under these rules, shall be payable from the District Fund.

PART III.

ELECTION OF MEMBERS OF DISTRICT BOARDS AND TERM OF OFFICE OF MEMBERS OF BOARDS.

Election of Members of District Boards.

53. A Local Board shall not elect members for the District Board until (*a*) the number of members of the District Board to be elected by such Local Board shall have been fixed by notification under section seven of the Act, and (*b*) the names of the elected and appointed members of the Local Board shall have been published in the *Calcutta Gazette*.

54. Within one month of the publication of the notification referred to in clause (*a*) of the preceding rule, or the notification referred to in clause (*b*) of the same, whichever be later, the Local Board shall at a meeting elect the requisite number of members for the District Board. The names of the candidates shall be submitted at the meeting, and the election shall be made by the majority of votes of the members of a Local Board present at such meeting.

55. In the case of the election or appointment of a Chairman, or the election of a Vice-Chairman, of the Local Board, not having taken effect, the meeting referred to in the preceding rule shall be called by the Magistrate of the district.

56. The names of the persons elected to serve on the District Board shall be forwarded without delay to the Magistrate of the district, who shall ascertain if they are duly qualified and are willing to serve.

57. If any elected candidates decline to take office, the unsuccessful candidates, if any, who received the largest number of votes shall be declared to be duly elected. If there is no unsuccessful candidate, a fresh election shall be held to fill the vacancy thus created.

58. In the event of any person being elected by two or more Local Boards, such person shall have liberty to choose which Local Board he will represent, and as regards every other Local Board for which such person has been returned, the result of the election shall be determined under the preceding rule as if no votes had been recorded for him, and if necessary a fresh election shall be held.

59. The only persons qualified for election as members of the District Board shall be :—(*a*) members of the Local Boards in the district; and (*b*) persons qualified for election as members of any Local Board in the district.

60. The names of the elected members of the District Board shall, together with the names or official designation of the appointed members, if any, be published in the *Calcutta Gazette*.

Term of Office.

61. Every member of a Local or District Board, who has been elected or appointed by name, shall vacate his office at the end of three years from the date of his election or appointment as such member.

62. The term of three years mentioned in the preceding rule shall be held to include any period which may elapse between the expiration of the said three years and the date of the next subsequent appointment or election, not being an appointment or election under the next succeeding rule.

63. If any member of a Local or District Board shall be unable to complete his full term of office, the vacancy caused by his resignation or removal or death shall be filled by the appointment or election, as the case may be, of another person; and the person so appointed or elected shall fill such vacancy for the unexpired remainder of the term for which such member would otherwise have continued in office.

64. *A. Local Boards.*—As soon as possible after the expiry of the term of office of an elected member, mentioned in rules 61 and 62, or after the occurrence of a vacancy among elected members under rule 63, a date for a fresh election shall be fixed by the Lieutenant-Governor, and notified in the *Calcutta Gazette*, and rules 21 to 52 shall apply, as far as may be, to such subsequent elections.

B. District Boards.—As soon as possible after expiry of the term of office of an elected member, mentioned in rules 61 and 62, or after the occurrence of a vacancy amongst elected members under rule 63, the Magistrate of the district shall send a notice to the Local Board which has the right to elect a member to fill the vacancy, and such Board shall within one month of the receipt of such notice, elect a member in accordance with rules 54 to 59.

NOTICE.

The 24*th November* 1885.—The following draft of rules which the Lieutenant-Governor proposes to make under clauses (*j*) and (*q*) of section 138 of the Bengal Local Self-Government Act, 1885, is published for general information under section 143 of the said Act, and notice is hereby given that the said rules will be taken into consideration on or after the 1st January 1886, when any objections or suggestions which may be made by any person and received before that date will also be considered.

EDUCATION.

GENERAL.

1. Throughout these rules the term "Inspector" includes the Circle Inspector, and a Joint or Assistant Inspector authorized to act on his behalf, and the term "schools under public management" includes all schools in which the course of study conforms to the standards prescribed by the Department of Public Instruction or by the University, and which are aided or inspected by the Department or regularly present pupils at the public examinations held by the Department, or by the University.

SECTION I.—BOARD SCHOOLS.

1. All schools under public management, with the maintenance and management of which a District Board shall be charged, and for the management and maintenance of which it shall become responsible under sections 62 and 63 of the Act, shall be deemed Board Schools. They are divided into three classes—Middle Schools maintained and managed directly by the Board, Aided Schools, and Primary Schools.

2. Subject to the approval of the Educational Department, and also subject to the rules hereinafter to be prescribed in regard to Aided schools and schools maintained by Union Committees, the administration of Board schools as regards teaching and discipline, the appointment, punishment, and dismissal of masters, the fixing and payment of the masters' salaries, allowances, and pension contributions, and the grant of leave of absence to the masters, shall be conducted by the District or Local Board, or by the Committee of Management, under the general control of the District or Local Board.

3. District Boards shall be liable for the payment of the stipends of Board school teachers under training in institutions provided by Government for that purpose.

4. Board schools shall be liable to periodical inspection and examination by officers of the Educational Department and by the Magistrate of the district.

5. Every member of the District Board, and in cases where the management and maintenance of a school shall have been made over to a Local Board, every member of the Local Board, and in cases where a Committee of Management shall have been appointed, every member of the Committee of Management shall be entitled to be present at such inspections and examinations.

6. The Bills of Board schools shall be passed by the District Board.

SECTION II.—HIGH ENGLISH SCHOOLS.

1. Whenever by order under section 61 of the Act the management and maintenance of a High English school shall have been entrusted to a Joint Committee, the following rules shall be in force.

2. Subject to the approval of the Educational Department, the administration of the school as regards teaching and discipline, the fixing of the monthly, admission, and re-admission fees, to be paid by the pupils, the award of prizes to the pupils, the appointment, punishment, and dismissal of masters, the fixing and payment of the masters' salaries, allowances, and pension contributions, and the grant of leave of absence to the masters shall be conducted by the Joint Committee.

3. No vacations or holidays shall be allowed to the masters and pupils of the school other than those sanctioned by Government.

4. The Joint Committee shall be bound to furnish such reports and returns as shall be from time to time required by the Educational Department and by the authorities of the University of Calcutta.

5. The Joint Committee shall conform to such regulations as the authorities of the University of Calcutta shall from time to time make with regard to the conduct of examinations.

6. The school shall be liable to inspection and examination by the Inspector, the Magistrate of the district, the Principal of any Government College within the Municipality in which the school is situated, and any Fellow of the University of Calcutta Any report that the Inspector, the Principal of any Government College within the Municipality, or any Fellow of the University of Calcutta shall think fit to make, shall be forwarded in writing to the Joint Committee, and a copy shall at the same time be sent to the Director of Public Instruction.

7. The buildings of the school shall be liable to inspection by any officer of the Public Works Department whom the Government may entrust with this duty. He shall forward his remarks in writing to the District Board, and shall at the same time send a copy of them to the Director of Public Instruction.

SECTION III.—MIDDLE SCHOOLS.

1. All Middle Schools, not being grant-in-aid schools, shall be managed and maintained directly by the District Board.

2. With regard to all such schools, the District Board shall have, within the Board's jurisdiction, the following powers :—

(1) Of deciding where new schools shall be opened and the manner in which accommodation therefor shall be provided.
(2) Of deciding upon the transfer or abolition of existing schools.
(3) Of fixing the class of every such school : the selection to be made from classes recognized by the Educational Department.
(4) Of prescribing the standard of teaching in every such school : the selection to be made from standards recognized by the Educational Department.
(5) Of fixing, subject to such limitations as may be from time to time prescribed by the Education Department, the rate of monthly, admission, and re-admission fees to be paid by pupils in every such school.

SECTION IV.—GRANT-IN-AID SCHOOLS.

1. Nothing contained in this section shall entitle a District Board to interfere in the management of an aided school further than is necessary to ascertain whether the terms of the grant are being complied with.

2. The Lieutenant-Governor shall have power to exempt any school or class of schools from the operation of the rules contained in this section.

3. Whenever under section 63 of the Act funds shall have been made over to a District Board for the management and maintenance of grant-in-aid schools within the district, the District Board shall be charged with and responsible for their distribution in accordance with the following rules.

4. The managers of any school on behalf of which application for a grant is made must appoint a Secretary to conduct their correspondence with the District Board and with the Educational Department.

5. In respect of any school for which application is made, full information must be supplied on the following points in the form prescribed in the grant-in-aid rules sanctioned by the Government of Bengal :—

(a) The pecuniary resources—permanent and temporary—on which the school will depend for support.
(b) The proposed monthly expenditure in detail.
(c) The average number of pupils to be instructed.
(d) The persons who will form the Committee of Management.
(e) The standard of instruction : the selection to be from standards recognized by the Educational Department.
(f) The number and salary of the teachers.
(g) The amount of aid sought.
(h) The existence of other schools within a distance of six miles.

6. An application for a grant shall be made directly to the District Board. Should the Board refuse to sanction the application either in whole or in part, it shall record its reasons for such refusal. The applicant may then appeal from such refusal to the Inspector, who shall consult the Magistrate, and, if necessary, report the matter through the Director of Public Instruction to the Government for final orders.

7. No grant to a school shall exceed in amount the sums to be expended from private sources, except in special cases under special orders of Government.

8. Grants may be of two kinds—annual and special.

9. No annual grant to a middle school shall exceed one-half of the income guaranteed from private sources.

10. No annual grant to a primary school, a girl's school, a training school, or a special school, shall exceed the full amount of the income guaranteed from private sources.

11. Annual grants shall be sanctioned ordinarily for a period of five years, but the Board may at any time during its currency, for reasons specified in writing, and which shall have reference to the Board's finances, or to the character of the teaching and discipline in the school, or to the general circumstances of education in the district, revise the grant. Against such an order of revision, however, an appeal shall lie to the Inspector, who shall deal with it in the manner specified in Rule No. 6.

12. The sanction to a grant shall be given in a form prescribed by Government.

13. Special grants up to a maximum of half the total expenditure may be given by District Boards towards the cost of furnishing school-houses and providing maps and other school apparatus in consideration of expenditure from private sources incurred in the establishment and equipment of schools, and on condition that the managers undertake to refund the amount of any such grant if the school obtaining it should be abolished within a period of five years.

14. Special grants may be given towards the cost of building school-houses, provided such school-houses are masonry structures.

15. Grants shall not be given to pay off debts for buildings, nor in consideration of former expenditure for building, nor for the maintenance of buildings.

16. Before a building grant is sanctioned by a District Board, the site, plans, estimates, specifications, title and trust deeds must be approved by the Inspector.

17. In the event of a difference of opinion between a District Board and an Inspector with reference to a building grant, the matter shall be referred to the Commissioner through the Magistrate, and if the Commissioner does not concur in the view of the Inspector, to Government through the Director of Public Instruction.

18. Any school to which aid is given by a District Board, together with all its accounts, books and other records shall at all times be open to inspection and examination by any officer appointed by Government for that purpose; and to this end the records and accounts shall be placed in such custody that they shall always be accessible on the visit of any inspecting officer. Such inspection shall have no reference to religious instruction, but only to secular education.

19. Should an Inspecting Officer discover that the instruction or discipline in any school aided by a District Board is not efficient, or that the accounts are not properly kept, or that any of the conditions on which grants are made are not observed, he shall refer the matter to the Magistrate, who may, if he thinks fit, make a representation to the District Board. Should the District Board not comply with his representation, he shall report the fact to Government through the Director of Public Instruction.

20. District Boards shall not be allowed to make a grant to any school, except a school for training teachers, that does not require some fee from all its scholars, without the permission of the Director of Public Instruction. Before giving a grant-in-aid to any school, the District Board shall require the managers of the school to which aid is proposed to be given, to sign an agreement on stamped paper to the effect that they will conduct the school in accordance with the conditions of the grant.

SECTION V.—PRIMARY SCHOOLS.

1. Subject to the powers entrusted to Union Committees by section 112 of the Act, District Boards shall be charged with the duty of maintaining and managing all primary schools under public management within the district, and of determining the rates of stipends or rewards payable to the gurus and pupils of such schools, in accordance with the rules prescribed by the Educational Department.

2. District Boards shall grant rewards to the gurus and pupils of all primary schools within the district on the result of periodical examinations.

3. Such examinations shall be conducted under the supervision of the Deputy Inspector by the Sub-Inspectors and Examiners appointed by the District Board in consultation with the Deputy Inspector, at times to be settled beforehand by the Inspector in consultation with the District Board.

4. All payments and rewards to gurus and pupils to be granted on the result of such examinations shall be sanctioned by the Board on the report of a Sub-Inspector, confirmed by the Deputy Inspector.

5. The District Board shall, in consultation with the Deputy Inspector, make payments to chief gurus and other agents (exclusive of Sub-Inspectors) employed to inspect primary schools within the district.

6. Every District Board may make grants and contributions to primary schools under private management within the district, provided such grants and contributions be in accordance with the rules from time to time prescribed by Government.

7. Should any difference of opinion arise between the District Board and the Deputy Inspector, the matter shall be referred for the decision of the Inspector. Should the District Board be dissatisfied with the decision of the Inspector, the matter shall be referred

through the Magistrate to the Commissioner; and if the Commissioner does not concur in the views of the Inspector, to Government through the Director of Public Instruction.

8. Should the District Board be dissatisfied with the decision of the Inspector, it may request him to refer the matter to Government through the Director of Public Instruction.

9. District Boards shall be responsible for the payment of the stipends of primary school teachers under training in institutions provided by Government for this purpose.

SECTION VI.—LOCAL BOARDS.

1. In every case where a District Board shall, under section 101 of the Act, transfer the management and maintenance of any school or schools to a Local Board, the provisions contained in the preceding rules shall be generally applicable to such Local Board: provided that the District Board shall, in all cases, have a general power of control.

SECTION VII.—UNION COMMITTEES.

1. Every primary school under public management maintained by a Union Committee under section 112 of the Act shall be called a Union Committee school.

2. Every Union Committee shall have the power within the Union—

(1) Of determining the places at which Union Committee schools shall be opened.

(2) Of deciding upon the transfer or abolition of existing Union Committee schools.

(3) Of fixing the class of every such school; the selection to be made from classes recognized by the Educational Department.

(4) Of prescribing the standard of instruction in every such school; the selection to be made from standards recognized by the Educational Department.

(5) Of fixing the salary of the guru of every such school and of removing or transferring him within the Union.

(6) Of fixing the rate of monthly, admission, or re-admission fees payable by the pupils of every such school.

3. With reference to section 112 of the Act, by which Union Committees are declared responsible for the transmission to gurus of Union Committee schools for the rewards granted by the District or Local Boards, it shall be the duty of each Union Committee to compel the guru of each such school to attend such examinations and gatherings, and to present his pupils at such examinations and gatherings as shall be from time to time ordered by the District or Local Board or the Deputy Inspector.

4. Every Union Committee school will be subject to periodical inspection and examination by officers of the Educational Department and by the Magistrate of the district.

5. Nothing in these rules shall preclude the establishment and maintenance of primary schools within the Union by private individuals or self-constituted local associations, and the pupils of all such schools shall be entitled to present themselves at all examinations for rewards and grants payable by the District Board to the pupils and gurus of primary schools.

SECTION VIII.—SCHOLARSHIPS.

1. Lower primary scholarships shall be awarded by the District Board in consultation with the Deputy Inspector, and a list of the scholars elected shall be forwarded to the Inspector, who will pass the bills as at present.

2. The lower primary scholarship examination shall be conducted in every district by the Sub-Inspectors under the supervision of the Deputy Inspector.

3. It shall be competent to the District Board, before the award of upper primary and middle scholarships, to make representations to the Inspector in favour of particular schools or tracts which it may deem deserving of special encouragement on account of their less advanced state, or for other reasons, and the Inspector shall be bound to take such representations into consideration.

4. The District Board shall be furnished every year with an abstract of the results of the upper primary and middle scholarship examinations.

SECTION IX.—FINANCE.

1. For the purpose of the maintenance and management of schools, the Lieutenant-Governor shall every year make over to the District Board the primary allotment of the district, the grant-in-aid allotment for Board schools falling under section IV of these rules, a contribution to the support of those schools to be managed directly by the Boards, and any additional sum that may be granted in support of education under the control of the District Board.

2. The Deputy Inspector shall prepare educational budget estimates for the district, and shall submit them to the District Board before the 1st of August in the year immediately preceding that for which they are framed. The approved budget estimates shall be forwarded by the Board to the Director of Public Instruction before the 1st of September.

3. The Inspector shall prepare budget estimates for every High English School within his circle, the management and maintenance of which shall, under section 64 of the Act, be entrusted to a Joint Committee, and shall submit them to the Joint-Committee before the 1st of August in the year immediately preceding that for which the estimates are framed. The approved estimates shall be forwarded to the Director of Public Instruction before the 1st of September.

SECTION X.—RELATION OF DISTRICT BOARDS TO EDUCATIONAL CONTROLLING AGENCIES.

1. All Sub-Inspectors within the district shall submit their diaries to the District Board through the Deputy Inspector, who will forward them with his remarks. They will conduct all examinations for rewards under the orders of the District Board in consultation with the Deputy Inspector.

2. Sub-Inspectors may be degraded or suspended by the District Board, but no Sub-Inspector shall be dismissed without the consent of the Director of Public Instruction. Sub-Inspectors who have been degraded or suspended shall have an appeal through the Magistrate to the Commissioner.

3. Subject to the veto of the Inspector, Sub-Inspectors shall be appointed by the District Board. Leave may be granted to Sub-Inspectors by the District Board, in accordance with the provisions of the Civil Leave Code, notice of the fact being at the same time communicated to the Inspector. Applications for leave from Deputy Inspectors shall be forwarded through the Inspector to the Director of Public Instruction.

4. The salary and travelling bills of Sub-Inspectors shall be passed by the District Board.

5. The Deputy Inspector shall forward to the District Board a copy of so much of the quarterly return of his inspection of schools as has reference to Board schools.

6. The correspondence of District Boards with the Director of Public Instruction shall be carried on through the Inspector.

SECTION XI.—MISCELLANEOUS.

1. No school building or extension of a school building shall be constructed by a District Board unless the plans and estimate for the same shall have been approved by the Inspector if the cost of the work is not to exceed Rs. 1,000, or by the Director of Public Instruction in any other case.

2. Before a District Board commences to erect a building for the accommodation of a school of the estimated cost of Rs. 200 and upwards, the site for the same must be approved by the Inspector.

3. In the event of a difference of opinion between a District Board and the Inspector as to the suitableness of a proposed site, the question shall be referred to the Commissioner, and if the Commissioner does not concur in the views of the Inspector, to Government through the Director of Public Instruction.

4. Every Inspector shall specially notice in his annual report the state of the building, library, furniture, and play-ground of every middle school under the management of a District Board within his circle. The annual report of the Inspector shall briefly discuss the points raised by District or Local Boards, or by Committees of Management, or by District Officers during the year.

5. A quarterly statement of all payments made for educational purposes within the District on the authority of the District Board shall be forwarded by the District Board to the Inspector.

6. At the close of every financial year the District Board shall submit a report of its operations, which shall reach the Inspector's office on or before the 1st of May, and shall be forwarded by him to the Director.

7. All schools managed and maintained by District or Local Boards shall be bound to submit such annual and periodical returns as may be called for by the Educational Department, and periodical or other indents in regard to all such schools shall be submitted in forms approved by the department.

8. All schools not being grant-in-aid schools managed and maintained by District Boards shall be obliged to select their text-books from a list published by the Director of Public Instruction.

CALCUTTA, the 26th August 1875.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884 :—

The Indian Law Reports,

Published under Authority.

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co, are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1886, the terms of subscription and sale will be as follows :—

Terms of subscription payable annually in advance.

For the complete series, *including postage*, Rs. 22-8.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE CALCUTTA MUNICIPALITY FOR 1884-85.

MUNICIPAL DEPARTMENT.—MUNICIPAL.

Calcutta, the 24th November 1885.

RESOLUTION.

READ—

The Administration Report of the Calcutta Municipality for 1884-85.

Read again—

The Report for 1883-84, and the Resolution recorded upon it.

Although the Chairman's report for the year 1884-85 is dated the 6th July, and the Engineer's report, which forms an appendix to it, is dated the 16th idem, the complete Administration Report was not submitted to Government until the 25th September. The reason assigned for this was the delay in receipt of the Auditor's Report on the Municipal and Police accounts caused by the absence of that officer from Calcutta on duty. These accounts were not received by the Government until October.

2. The working of the Corporation in its more important aspects has been carefully enquired into during the year by the Sanitary Commission appointed under section 28 of the Calcutta Municipal Consolidation Act of 1876,

and has been so thoroughly reviewed, both by this Government and the Government of India in recent letters and resolutions, that the Lieutenant-Governor considers any lengthened discussion here of the same matters unnecessary. In this Resolution he will confine himself to noticing briefly the figures shown by the accounts and some points in the Administration Report not elsewhere disposed of.

3. Twenty-four general meetings were held by the Commissioners during the year, of which 10 were special general meetings, 3 were quarterly, and 6 were special meetings. Of Standing Committees there were 120 meetings, and of Special Committees 22 meetings. The Town Council met 49 times, the Water-supply Extension Committee 9 times, the Bustee and Tank Committee 20 times, the Market Committee 9 times, and the Sanitary Committee 3 times. The total number of attendances at meetings amounted to 2,116 out of 4,520, the maximum number possible.

4. The Town Council are said to have dealt with a large number of matters of varying degrees of importance. Among others were the arrangements made for the repayment of the debentures of 1861, the carrying out of miscellaneous improvements in the town, chiefly consisting of the extension and widening of roads, the steps taken to provide more commodious hackney carriages, presentation of addresses to Lord Ripon on the eve of his departure from India, and to Lord Dufferin on his arrival in Calcutta, provision of additional establishment for extending vaccination operations owing to the prevalence of small-pox, and the permanent appointment of an officer for the inspection of articles of food and drink.

5. At the end of 1883-84 the total debt of the Corporation amounted to—

	Rs.
Debenture loans	80.47,900
Consolidated loan from Government	71,07,195
Total ...	1,51,55,095

Against the debenture loans the Commissioners had a reserve fund of the nominal value of Rs. 25,59,385. During the year they borrowed Rs. 15,00,000 by debentures bearing interest at 5 per cent. for the extension of the drainage and water-works, and a temporary loan of Rs. 5,00,000, without interest, was obtained from Government.

6. The following statement compares the income of the municipality under the three ordinary revenue funds during 1884 85 and 1883-84:—

	1883-84.	1884-85.

Cost of new lamps .	820	7,334
Total ...	2,43,978	2,74,395
GRAND TOTAL	27,08,673	29,97,121

The expenditure from the General Fund exceeded the receipts by Rs. 2,38,116. This included Rs. 32,498, being an instalment credited to the Reserve Fund on account of 1883-84, which was not paid within that year. The expenditure from the Water-rate Fund exceeded the receipts by Rs. 16,076, and the Lighting-rate Fund also is shown to have had a deficit of Rs. 18,957.

8. There are certain funds not included in the above statements which are maintained for special purposes. The receipts of the *Police-rate Fund* during the year amounted to Rs. 2,85,418, and the disbursements made to the Commissioner of Police amounted to Rs. 2,83,250. Including the opening balance of the year, Rs. 24,622, there remained a sum of Rs. 26,790

in hand at the close of the year. The receipts of the *Jute Ware-house Fund* amounted to Rs. 23,281, 80 per cent. of which, Rs. 18,625, was due to the Commissioner of Police for maintenance of the fire-brigade. After meeting collection and inspection charges, there was a surplus of Rs. 1,031, which was credited to the General Fund. The receipts of the *Hackney Carriage Registration Fund* amounted to Rs. 15,384, out of which Rs. 5,767 were expended on account of establishment and other charges, leaving a surplus of Rs. 12,618 The receipts of the *Cart Registration Fund* amounted to Rs. 72,193, and the charges to Rs. 5,503, leaving a surplus of Rs. 66.690. The *Marcus Legacy Fund* had 4 per cent. Government securities to the value of Rs. 70,000 and a cash balance of Rs. 4,275. The *Chitpore Road Improvement Fund* had a balance of Rs. 11,969 at the commencement of the year. The expenditure for the acquisition of land amounted to Rs. 24,521, thus exceeding the amount at credit by Rs. 11,052, which will probably be made good from the General Fund.

9. The gross demand made by the Bill Department amounted to Rs. 22,59,683, against Rs. 21,93,045 in 1883-84. The outstanding balance on 31st March 1885 was Rs 63,545, as compared with Rs. 67,240 in the previous year. It is stated that this outstanding balance would have been reduced to Rs. 31,968, had not bills to the amount of Rs. 31,577 been returned by the Collector and Warrant Officer a few days before the end of the last quarter of the year Of the total demand of the year, the Collector realized 91·03 per cent., against 92·24 per cent. in the previous year. In the Warrant Department the outstandings amounted to Rs. 46,105, against Rs. 44,849 at the end of 1883-84.

10. The receipts under the head of license fees aggregated Rs. 4,85,104, as compared with Rs. 4,94,735 in the previous year, and the decrease is attributed to slackness of trade. Trade and profession licenses are shown to have yielded Rs. 2,64,183; carriage and horse licenses Rs. 99,744; trade refuse fees Rs. 36,944; hackney carriage registration fees Rs. 14,953; and cart registration fees Rs 72,203.

11. The Corporation were engaged as plantiffs in seven civil suits, of which two had been pending from the previous year. Three suits were decreed in favour of the Corporation, two suits were referred to arbitration, and two suits were pending when the year closed. It was stated in the report for 1883-84 that Baboo Nundo Lal Bose, owner of No 65 Bagbazar Street, applied to the High Court, praying for the issue of a writ of *certiorari* against the Commissioners in the matter of the assessment of his house. But Mr. Justice Pigot held that the High Court had no power to issue such a writ against the Commissioners. Baboo Nundo Lal Bose preferred an appeal from that order, and the Appellate Bench held that the Commissioners had not been guided by the principle laid down in section 104 of the Calcutta Municipal Act. The order of the lower court was reversed, and the *rule nisi* for the *certiorari* against the Commissioners was made absolute. In one case the Commissioners had to defend in the Police Court a charge brought against them for causing a nuisance by filling up a tank with street refuse. The Magistrate, after making a personal inspection of the locality, dismissed the charge on the ground that the Corporation had taken the best means in their power to abate the serious danger to public health caused by the filthy tank In the criminal courts, 16,590 persons were prosecuted for various offences, against 12,387 in 1883-84. In the License Department the fines imposed amounted to Rs. 5,188, in the Conservancy Department to Rs. 4,780, and in the Health Officer's Department to Rs. 2,321. Prosecutions under the Vaccination Act were for the first time instituted in the Police Court: the number of summons issued was 353, and the amount of fines imposed was Rs. 32 only.

12. The year 1884 was characterized by drought and abnormally high temperature in the early months; a temperature of 103·7° F was registered about the middle of April. The rainfall was below the average, viz. 62·61 inches against 66·38, the average of the preceding 48 years. During the first four months hardly any rain fell. There was a rise in prices of food, but there was no distress in the town.

13. The Health Officer's report has been drawn up for the calendar year 1884 instead of for the official year 1884-85. This change was recommended

by the Army Sanitary Commission, so that the health statistics of Calcutta may easily be comparable with the sanitary records of other towns and countries of the civilized world. The number of births registered was 8,290 as compared with 7,434 in 1883, and 6,985 the mean of the preceding decade. The ratio of registered births per 1,000 of population was 19·1 as compared with 17·1 in 1883. The average birth-rate in England is 34·4 per mille. The Health Officer is of opinion that the registration of births was comparatively satisfactory, and shows results better than those of any year of which there is record, though it is apprehended that birth registration in Calcutta is still imperfect. Among the various races, the recorded birth-rates per mille were—

	1884.	1883.
Non-Asiatics	13·2	13·1
Mixed races	49·6	48·5
Hindoos	20 2	18 9
Mahomedans	15·9	13·6
Other classes	4 2	6·6

14. The number of deaths recorded during 1884 was 13,256 as compared with 12,325 in 1883, giving a death-rate of 30·5 per mille against 28·4. The year 1884 was exceptionally unhealthy in two respects: there was a severe outbreak of cholera in the months of March, April, and May, causing 1,616 deaths against a mean figure for the same months for the previous 14 years of 605. Small-pox also prevailed to an unusual extent, causing 478 deaths against 73 in 1883 and 17 in 1882.

RESOLUTION ON THE REPORT ON THE ADMINISTRATION OF THE CUSTOMS DEPARTMENT FOR THE YEAR 1884-85.

FINANCIAL DEPARTMENT—CUSTOMS.

Calcutta, the 12th December 1885.

RESOLUTION.

READ—

Report on the Administration of the Customs Department for the year 1884-85

The following statement shows the gross and net Customs revenue collected in Bengal during the past five years :—

BENGAL.

The marked improvement in the net duty of Rs. 13,20,499, or 6·4 per cent., is due entirely to the larger importations and clearances of salt. As there was a reduction in the quantity in hand at the close of the year, it appears that the anticipated increase in the consumption of salt, owing to the reduction of duty on the article, has been realized. Import duty, exclusive of salt, shows a falling off of Rs. 1,88,251, or 12·4 per cent., due chiefly to the smaller collections made during the year on imported ale, beer and porter, spirits and wines The decline in the export duty of Rs 3,67,812, or 18·4 per cent., is attributable to the depression in the rice trade on account of scarcity in some parts of Bengal. From the returns for the several ports an improvement is noticeable in the net revenue of all except Balasore and Naraingunge. The increase amounted to Rs. 13,41,246, or 6·6 per cent., to which Calcutta contributed Rs. 12,14,719, or 6·4 per cent.

2. The total value of the imports into Bengal, exclusive of Government transactions, shows an advance of over 22 lakhs, but the improvement is confined to the coasting trade. Imports of foreign merchandise fell in value by 97 lakhs, and it was only a large increase in importations of silver that reduced the percentage of decrease in foreign imports to so low a figure as 1·2 In the coasting trade there was an improvement of nearly 52 lakhs, shared both by merchandise and treasure.

3. The value of the export trade of the year was Rs. 39,92,99,926 against Rs 43,56,07,096 in 1883-84. In the foreign trade the exports declined in value by more than three crores, representing a decrease in value of merchandise of Rs. 3,27,00,831, and an increase in treasure amounting to Rs. 18,99,969. The falling off in the value of merchandise was due to the reduced exports of Indian produce. The total coasting trade exports show a decline from Rs. 7,34,73,568 to Rs. 6,79,67,260 owing to the smaller shipments of Indian produce from the Presidency and to the reduced quantity of silver taken by the Burmah ports.

4. *Calcutta, Foreign Trade.*—Government transactions consisted of Rs. 1,10,82,856 of imports and of Rs. 63,692 exports. There were decreases under both the heads. The fall in imports was chiefly in materials for the construction of railways, woollen piece-goods, and printing paper. Exclusive of these transactions, the imports of the foreign trade declined from Rs. 24,40,48,995 to Rs. 24,07,73,371, and the exports from Rs. 35,07,02,762 to Rs. 32,15,49,602. The principal falling off in the imports

was under the heads of white and coloured cotton piece-goods, railway plant and rolling-stock, machinery, and wrought copper and iron; while the decrease in exports occurred in wheat, raw cotton, opium, indigo, raw silk and sugar. On the other hand, an improvement is observed in the imports of grey cotton piece-goods, kerosine-oil, parts of ships, spices, refined sugar, and umbrellas, and in the exports of oil-seeds, hides, raw jute and gunny-bags and gunny cloths

5. The proportions which various nations contribute to the foreign trade of Calcutta were not disturbed by any remarkable change. The share taken by the United Kingdom, which was as usual more than three-fifths of the entire trade of the port, fell off by nearly 3 crores, or 1·39 per cent. In the total trade with China there has been a decline of about 97 lakhs, due to the Franco-Chinese war The trade with France has fallen off from 3·02 per cent. to 2·49 per cent., and that with Italy from 1·89 per cent. to 1·70 per cent.; but, on the other hand, there were larger transactions with the United States, Ceylon, Straits Settlements and Austria. In the case of the United States, there was an advance of nearly 51 lakhs in imports, consisting almost entirely of kerosine-oil, and of 24 lakhs in exports, comprising raw jute, gunnies and gunny cloths, indigo, linseed and saltpetre. Ceylon has taken more rice and treasure from Calcutta, and has exported less khopra or cocoanut kernel. The trade with Straits Settlements has materially recovered during the year under review. There has been an increase of over 47½ lakhs in exports against a decrease of nearly 2¼ lakhs in imports The increase under the former head is due to heavy shipments of opium and gunny-bags to Singapore and Penang. The decline of imports is entirely under the head of treasure; imports of merchandise showing a slight improvement. An advance of over 4¾ lakhs is observed in the trade with Austria, due almost entirely to larger importations of cotton-goods and aniline dyes from that country. The proportion of the foreign trade of Calcutta using the Suez Canal amounted last year to 63·3 per cent. against 63·6 per cent. in 1883-84 and 58·6 per cent. in 1882-83.

6. *Imports.*—Imports of cotton twist and yarn increased in quantity by 44,211lb, but the value fell off by Rs. 3,90,146 in consequence of accumulation of stocks Piece-goods of all kinds taken together did not fare better suffering a decline in value of Rs. 30,62,036, or 2·6 per cent. There was a heavy increase in the quantity of grey shirtings imported, the number of yards rising from 666 millions to 702 millions; but this increased importation was owing rather to excessive production in England than to any legitimate expansion of demand in Bengal, and the year closed with a large accumulation of stocks. Not only had the short crop in 1884 considerably affected the purchasing power of the agricultural population; but the complications with Russia on the Afghan frontier made dealers cautious and restricted their transactions. In British white piece-goods the decline was very large, and there was a decrease also in the small trade with France. American imports increased, but the trade in piece-goods with the United States is still very insignificant. The demand for woollen piece-goods was higher, and the price was favourable to importers. The trade in shawls was less active owing to unduly large importations in 1883-84. Umbrellas were imported in larger numbers than in any previous year, and the demand is said to be at present unequal to the supply.

7. The total results of the trade in metals show a decline in value of Rs. 34,63,931, the decrease being most marked in iron, copper, quicksilver and zinc. The imports of unwrought iron have fallen off by 59 per cent., and of wrought iron by 8 per cent.; this is due to the overstocking of the market in 1883-84. The quantity of lead imported last year was about the average. Machinery and mill-work have declined from Rs. 82,79,734 to Rs. 66,77,062, owing to the larger importations made in 1883-84 and to the depression in jute trade. The value of the imports of railway plant and rolling-stock has fallen off from Rs. 80,58,989 to Rs. 48,36,232, or about 40 per cent., in consequence of the railways that were under construction either having been completed or being in an advanced state.

8. The trade in mineral oil was very brisk in the year under review. 17,282,047 gallons were imported against 7,566,526 gallons in 1883-84. The increase was chiefly made up of the oil from America, which rose from 6,811,383 gallons to so many as 16,120,532 gallons. The Collector of Customs

attributes this large increase to an attempt made last year to break the combination by which the trade in this oil was monopolised by two large dealers in Calcutta. The competition thus excited caused importations in excess of the present demand, and large stocks have accumulated. Prices have, therefore, been kept very low, and the result will probably be a great expansion of the demand. Kerosine-oil is now coming into free use in all places to which there are easy means of transport, and it would be difficult to assign a limit to the possible development of the trade. An advance is also observed in the imports of a superior quality of oil from the United Kingdom and British Burmah. The increase shown under other countries does not, it is said, indicate the opening out of any fresh sources of supply, but is mainly accounted for by two large consignments of American oil brought on here from Victoria, probably in anticipation of obtaining a better market.

9. The imports of malt liquors have fallen off in quantity from 601,477 gallons to 436,303 gallons, and in value from Rs. 14,58,090 to Rs. 10,87,848. The decline is principally observable in Bass' beer, from 200,800 gallons to 130,611 gallons. Pilsener has slightly declined, but it has now displaced Bass from the head of the list, and become the most largely imported beer. The imports of spirits have declined, both in quantity and value, owing to the stock remaining in hand from the shipments of previous years passing into consumption during the year under review. The demand for brandy has fallen exceptionally low, and the imports of this spirit were, for the first time, less, both in quantity and value, than those of whisky. There was a general decline in every description of wine and liqueur, which is partly attributed by the Collector of Customs to an increase of non-alcoholic habits, and to some extent to a growing preference for whisky, due to its comparative cheapness. The importation of Australian wines has not advanced.

10 The imports of corals have fallen off from 154,716lb to 151,892lb in weight, and from Rs. 20,39,316 to Rs. 16,17,434 in value. The depression in this industry is due to the overstocking of the market in previous years. As compared with 1883-84, there was an increase under the head of agricultural implements of more than a lakh, but they have not yet reached the average of previous years.

11. The trade in tea with China, Straits Settlements, and other countries has fallen off by 67¾ per cent. This is attributed by the Collector of Customs to the very low prices of the common kinds of Indian teas during the last year having enabled the buyers of cheap tea to supply their wants from the local market at favourable rates. The chief recommendation of China tea is its cheapness, so that if the Indian gardens can continue to supply tea such as natives drink at low prices, importations from China will shortly cease altogether.

12. The progressive increase in the importation of cigars, noticed in last year's Resolution, has been checked, Manilla cigars being displaced by cigars made in India and Burmah. The imports of manufactured tobacco have, on the other hand, advanced, owing to the high prices ruling in the Calcutta market.

13. *Exports.*—To the total value of goods of Indian manufacture exported from Calcutta, opium contributes 19½ per cent, jute 17¼ per cent., tea 12½ per cent., oil-seeds 11⅓ per cent., grain and pulse 9¾ per cent., indigo 9½ per cent., hides and skins 8 per cent. Other exports, of which silk, raw cotton, lac, saltpetre, castor-oil and sugar are the most important, make up the balance. The jute crop being abundant last year, the exports of the raw fibre rose by 1,352,244 cwt. in quantity and Rs 21,68,906 in value. Except Australia, all the jute-consuming countries contributed to this increase. The exports of gunny-bags show an increase in quantity from 62,420,662 to 81,626,604, and in value from Rs. 1,22,88,708 to Rs. 1,38,94,455. The apparent improvement in this trade, however, is no cause for satisfaction. The Collector of Customs has offered the following remarks:—

"Under ordinary circumstances such a large development of any trade should indicate that the trade is in a prosperous condition; but it is very far from being the case in this instance. The increase in exports shown unfortunately represents over-production: the outturn had someh w to be disposed of; but it could not be disposed of profitably. The prosperous condition of the jute manufacturing industry in 1882-83 brought about more mills and large increases in the producing capacity of those in existence, and the extra quantity of the

manufactured article to be disposed of has accentuated the depression that began in 1883-84. The crop of jute last year, though large, did not reduce the cost of production sufficiently to ensure profits, for prices of bags also fell, with the result that nearly all the mills during the past year have been working at a loss, and in one case the company has gone into liquidation.

"Efforts have been made to arrange to work the mills short time, but for want of unanimity this arrangement, I understand, could not be carried out. A smaller production would probably result in larger prices, and might lower the price of raw jute, and both these things would of course be of advantage to the mills; but it should not be forgotten that the cost of the manufactured article would thereby be raised, the tendency of which would be to check consumption and place Calcutta at a disadvantage in competing with Dundee. The alternative course, to which the force of circumstances has led, appears to be to go on producing up to the capacity of the mills, and so spread the fixed expenses which might be met over the largest production possible; but this leads to heavy losses, and it so becomes a question of a mill being strong enough to hold out until the depression of trade, which is general all over the world, has passed away, when jute manufactures will no doubt again rise in value."

14. The exports of tea have increased from 59,190,914lb to 63,330,228lb. with a decline in value from Rs. 4,02,34,619 to Rs. 3,98,18,726, There appears to be some reason to believe that the markets cannot be extended with sufficient rapidity to keep pace with the increased production of tea; and if this is the case there can be no hope of any material rise in prices The exports to Australia have advanced, but those of deliveries of China tea to America have fallen off. The proportion of deliveries of Indian tea in London in the year under review is 41·3 per cent., while it was 34·6 per cent in 1883-84. India, however, has a formidable rival in Ceylon. The exports of Ceylon tea to London have risen to 2,392,973lb from 1,665,768lb in 1883 and 697,268 in 1882, and, as the following remarks of the Collector of Customs show, the trade is capable of great expansion:—

"The amount even now is insignificant compared with the exports of Indian tea, but it will increase year by year, and the extension in cultivation already is said to have been from between 200 and 300 acres in 1873 to 48,000 acres in 1884. This is an enormous advance and the production, when the large available acreage, said to be from 150,000 to 160,000 acres, has been opened out and comes into full bearing, will have a very sensible effect on the tea market. It has been estimated that about 70,000,000lb yearly may eventually be the outturn of Ceylon Tea there has several advantages First and foremost is the excellent quality of the tea produced, for it is said to be equal to the very best of the Indian teas, and it obtains quite as high prices. In London, during the past year, there was an active enquiry for Ceylon teas, buyers finding them to be most useful for mixing purposes. Then an acre in Ceylon will produce half as much tea again as it will in India The climate, too is more to be depended on for tea-growing, there is a good supply of labour, and the tea can be more cheaply shipped. Lastly, Ceylon is growing tea on our experiences, and will presumably avoid our past mistakes. With all these advantages, it is clear that the prospects of Ceylon tea are in the ascendant, and that the expansion of tea-growing there will continue rapid."

15. The exports of rice fell from 6,082,023 cwt. to 4,953,065 cwt., with a rise in price from Rs. 1,98,95,582 to Rs. 1,99,16,8 2. The decline in quantity is attributable to the large demand for local consumption arising out of scarcity in some parts of Bengal. Of the exports of oil seeds, linseed, the most important, has declined by 12·4 per cent., while poppy, rape and tilseed have improved.

16. The following table shows the exports of wheat from Calcutta for the last five years:—

1880-81.		1881-82.		1882-83		1883-84		1884-85	
Cwt.	Rs.	Cwt.	Rs.	Cwt.	Rs.	Cwt.	Rs.	Cwt.	Rs.
3,055,269	1,51,26,950	6,600,896	2,52,03,295	4,438,503	1,79,34,850	7,611 414	3 04,27 214	2 561,677	99,9[illegible] 067

The figures of 1884-85 are the lowest for some years. The falling off amounted to 66 per cent: and more than 60 per cent. of this occurred in the shipments to the United Kingdom. The cause of this heavy decline is said to be due to the extraordinarily low prices of wheat ruling in the United Kingdom owing to an abundant wheat crop, and the enormous supplies available there and elsewhere.

17. Among other articles of export, indigo shows a falling off of 3·5 per cent. in quantity and 10·3 per cent in value, due to the low prices that prevailed at the auction sales in London and to the quality of the crop being generally not up to the average. A satisfactory progress is observed in the trade in raw hides and skins. An increase of 9 per cent has occurred in the former and of 19 per cent. in the latter. Raw cotton fell off from 636,029 cwt. to 288,971 cwt. In Lancashire there was a fair demand for

the article, and the decline in the trade was due to higher prices and shortness and bad quality of the crop. The exports of raw silk decreased by 3·2 per cent. in quantity and 26 per cent. in value. This heavy decline in price is the result of the market in London for raw silk having been fairly supplied from China and of the accumulation of large stocks There was, on the other hand, an improvement of nearly 28 per cent. in exports of silk piece-goods. The trade in lac revived, the total quantity and value having increased by 30,275 cwt. and Rs 4,41,449 respectively. The trade in refined sugar collapsed, exports dwindling from Rs 17,60,378 to Rs 1,37,221; and Bengal last year imported more of this article than was exported. The sudden depression is said to be due to the very low price of sugar resulting from the enormous production of beet-sugar on the continent. The exportation of unmanufactured tobacco has decreased by 40 per cent. The figures are, however, higher than those of 1882-83 and of all previous years.

18. The net imports of gold fell off by more than 13 lakhs, owing, it is said, to the unfavourable state of trade Both the imports and exports of silver have increased by 80½ lakhs and 19 lakhs respectively. The increase under exports is said to be due to larger shipments made to Ceylon. The principal cause of the rise in imports was the smaller drawings of the Secretary of State, which necessitated the sending of silver by remitters from London.

19. *Coasting trade.*—The total imports of the coasting trade of Calcutta rose from Rs 3,33,17,031 to Rs. 3,47,94,792, while the total exports fell from Rs 4,7 ·,83,813 to Rs. 4,56,12,750. The importations of cotton twist and yarn show a further advance of 603,858lb, and the figures are the highest yet reached. The total value has, however, declined by Rs. 1,51,080 owing to the low selling price of the articles. The receipts from Bombay have exceeded those from the United Kingdom by 503,284lb. The increase in quantity has been attributed by the Collector of Customs to the unsatisfactory state of the market in Bombay for country-made twist and yarn, leading the spinners there to seek outlets for their productions in other quarters. The imports of castor seed, turmeric, gram, manufactures of coir, and ground nuts and refined sugar from Madras, and those of paddy from Bengal outports, have increased. The imports from British Burmah have declined with the decline in the importation of teak timber The decline in exports occurred in shipments of rice and refined sugar to Bombay, and of cotton twist and tobacco leaf to British Burmah.

20. *Minor Ports.—Chittagong.*—The total value of the foreign trade of Chittagong has fallen off from Rs. 1,00,61,967 to Rs. 83,10,652, representing an increase in the imports of Rs. 2,88,650 and a decrease in exports of Rs. 20,39,965. The increase under the head of imports was chiefly due to the direct importation of salt from England and of kerosine-oil worth over two lakhs from America. The trade in the latter article with America is likely to develop still further. The export trade shows a decline, both in quantity and value, in all articles of Indian produce, except tea. The decreases were the heaviest in jute and rice. In the coasting trade there was a total decrease of Rs. 14,58,015, the details of which are of no special interest.

21. *Orissa Ports.*—The value of the total trade of the Orissa ports rose during the past year by Rs 42,33,859, or 29 per cent. In the foreign trade of Balasore there was a falling off, but the coasting trade of the port was exceptionally brisk. An advance of about 5 lakhs or 45·1 per cent. is observed in the foreign trade of Cuttack, the increase being chiefly in exports of rice to Galle, Colombo and the Maldives, but the coasting trade shows a considerable decline, and much of it is being diverted to the port of Chandbally in Balasore. The value of the Pooree rice trade increased over ¼ lakh, or 18 8 per cent., but the total trade of the port shows a slight falling off.

22. *Port of Naraingunge.*—An increase of Rs. 24,258, or ·3 per cent., is observed in the value of the total trade of the port. The exports of jute, to which Naraingunge principally owes its importance, rose from 1,030,637 cwt. to 1,200,903 cwt. in quantity and from Rs. 70,23,759 to Rs. 71,25,069 in value.

23. The Lieutenant-Governor thanks the Board for their efficient supervision of the work of the department during the year. His acknowledgments are also due to Mr. Armstrong for his interesting report. The names of the officers favourably noticed by the Board will be communicated to the Appointment Department.

By order of the Lieutenant-Governor of Bengal,

Offg. Secretary to the Govt. of Bengal.

RESOLUTION ON THE ADMINISTRATION REPORT OF THE PORT OF CHITTAGONG FOR 1884-85.

MUNICIPAL DEPARTMENT—MARINE.

Calcutta, the 12th December 1885.

RESOLUTION.

READ—

The Report on the Administration of the Port of Chittagong for the year 1884-85.

Read also—

The Report for the year 1883-84, and the Resolution recorded upon it.

The trade of Chittagong shared the general depression in all branches of commerce during the year 1884-85, but on the whole the statistics recorded during the year are satisfactory, and there is every hope of a general revival in trade being accompanied by a rapid development of the business of this port.

2. The following table shows the number and tonnage of vessels which visited the port during the year, and the corresponding figures for the previous year:—

PARTICULARS.	1883-84.		1884-85.		Increase.		Decrease.

3. The increase in the number and tonnage of European vessels engaged in the foreign trade was due to a larger exportation of rice to the West Indies than in the previous year. The large increase in the tonnage employed in the Naraingunge inland trade is attributed to the fact that "nearly all the jute was carried last year by Chittagong vessels, which are larger than the foreign-owned vessels largely employed in the previous year. For this reason the increase of 10,489 tons was combined with an increase of only three vessels."

4. The following is an abstract of the quantity and value of the principal articles imported and exported during the past two years:—

Mineral oils	294,144	1,46,287	903,358	4,01,312

The large falling off in the quantity of rice exported is attributed to two causes; owing to high prices trade in this article was dull at the beginning of the season; and later on, when it might have revived, the north-west winds had set in, and the ballam boats in which the rice is brought from Noakhally to Chittagong could not venture out to sea. The Lieutenant-Governor has no doubt that it would be a very great advantage if, at any reasonable cost, the Moheshkhali canal could be permanently opened out so as to afford a safe passage for these boats at all times of the year, and the proposal to retransfer the canal to the port with this object will be dealt with as soon as the question of the formation of a Port Trust at Chittagong has been finally decided. Certain details connected with this important question are still under the consideration of the local authorities. There was a large increase in the importation of salt and mineral oils, and the kerosine oil trade appears to be now firmly established.

5. The total receipts of the Port Fund during the year 1884-85 amounted to Rs. 74,116 against Rs. 81,340 in the previous year, showing a decrease of Rs 9,596, which was chiefly due to the falling off in pilotage collections. The whole question of pilotage at Chittagong is now under special consideration.

6. The expenditure of the port during the year under review was less than that of the previous year by Rs. 36,312, the total being Rs. 46,554 against Rs. 82,866. The decrease was chiefly under Dockyard charges, "partly due to the whole of the charges not having been debited during the year, and partly due to decreased purchases of materials."

7. Six new vessels were built at the port during the year with a gross tonnage of 1,022, against twelve with a tonnage of 1,829 in the previous year. Apparently, therefore, as observed by the Commissioner, the tendency is to build a larger class of ship.

8. The jetty is reported to be in good order, but no use was made of it during the year. At low water there is only 14 feet of water at its head, and ships of greater draught cannot therefore approach it. On the establishment of a Port Trust at Chittagong, it will be for consideration whether the jetty should not be extended further into the river, and improvements made at its head to admit of two hatchways of a salt ship being worked at the same time. The moorings of the port were fully utilized, and during the height of the season were found to be insufficient for the accommodation of all the vessels in port. Additional moorings are required for the port. The buoyage arrangements continued satisfactory. All the leading marks indicating the channel of the river were kept in good order, and no alteration was found necessary. The whistling buoy on the South Patch shoal is reported to have broken away, and endeavours are being made to recover it. The tide-gauges were kept in good order; but they are said to be of little use, as they only record the height of the tide. Arrangements have been made for the transfer next year of a self-registering tide-gauge from Moulmein to Chittagong.

9 The lights at Kootubdea and Norman's Point were kept in order, but they are very defective, and are not at all suited to modern requirements. The question of placing a more powerful light at Kootubdea is under separate consideration The improvement of the Norman's Point light must be deferred till the Port Fund is in a position to bear the necessary expenditure.

10. Eight accidents to vessels took place in the river during the year under report, against six in the previous year. None, however, were of a serious nature. In five cases the vessels were in charge of port pilots, but the pilot is reported to have been in fault in only one instance. The number of wrecks which occurred outside the port was nine; of these six took place during the gale of 1st November last, when several lives were lost. One of these vessels was afterwards floated and brought into port.

11. A permanent dock has been constructed near the office of the Port Officer in the Mondharkhali large enough to admit of the docking of the pilot-cutters, steam-launch and heave up boat, and during the year all those boats were docked and thoroughly overhauled.

12. The health of the port was not as good as in the previous year The number of deaths was 16, 11 of which were from cholera against 3 in 1883-84. A scheme is in progress for supplying the shipping with good drinking water;

and one of the pilot cutters will be utilized for the purpose until arrangements of a more permanent nature can be made. The Commissioner has summarised the wants of the port in paragraphs 53 to 60 of his report; they are, briefly, better towage; better lighting; more moorings; a telegraph to the mouth of the river; a sailors' hospital; the excavation of the Moheshkhali; and a road to the lower moorings. Some of these wants are being supplied, but the greater number must be deferred until the Port Trust is constituted. It is impossible for Government to undertake the cost of works which are more appropriately chargeable to the Port revenues; and it would therefore be premature to discuss these questions until this larger question has been decided.

13. The Lieutenant-Governor is glad to notice that the Port Officer, Mr. Good, continues to receive and deserve the commendation of his superior officer for the manner in which he performs his duties.

By order of the Lieutenant-Governor of Bengal,

J. WARE EDGAR,

Offg. Secretary to the Govt. of Bengal.

METEOROLOGICAL AND RAINFALL SUMMARY OF THE PROVINCE OF BENGAL FOR THE MONTH OF NOVEMBER 1885.

Normal meteorological features of the month.—The usual conditions of the meteorology in Bengal during November are simple; the north-east monsoon generally establishes itself in Bengal before the close of October, and thus November is characterized by rapidly falling temperature, especially at night, clear if not cloudless skies, and little or no rain. Wind directions too are usually northerly, with a more or less westerly element in them, and generally only light and gentle winds prevail. These northerly winds gradually drive back the south-west monsoon winds which had previously swept over the whole Bay, and cause them to curve inwards, and to reappear on the Madras coast as what is there called the north-east monsoon, which current gives heavy rain to the Madras Presidency. These conditions are, however, liable to be disturbed by two causes: the first of which is the formation in the Bay of Bengal of a cyclonic vortex, large or small as the case may be, generated by the condensation of large quantities of rain in the front of the gradually retreating south-west monsoon, which, although it has ceased to affect Bengal, continues to blow in the south of the Bay during a great part of November. The formation of such a vortex has always an influence on the weather in Bengal, and while, if it passes into Bengal, the whole weather conditions are completely changed, yet, even if it passes into Burma or into Southern India, the weather conditions are always more or less affected by it. It is, however, very rarely that a cyclone thus generated in the Bay passes into Bengal in November, and in those cases, where cyclones have thus passed into Bengal in this month, it is usually quite at its commencement, for during the latter part of this month cyclones are only formed in the south of the Bay, and usually pass towards the Madras coast, striking it about Madras or to the south of that station.

The second disturbing element in the weather of November is from an opposite cause, and is due to the occurrence of land storms generated, it is believed, usually in the Punjab, which storms drift eastwards and southwards through the North-West Provinces and sometimes influence the weather in Behar and Bengal very considerably. It is, however, an extremely rare thing for such a storm to enter Bengal in November, though they sometimes do so in the later months of the north-east monsoon.

In the case of both disturbing causes, they produce clouded skies, increased humidity and temperature, and light to moderate rain or if the locality is directly influenced by a cyclone, then of course heavy rain is received Excepting, therefore, under these circumstances, weather during November is fine with passing clouds, and there is little, if any, rainfall. The average normal rainfall in the whole of the Province, excepting the Chittagong, Backergunge and Noakholly districts of East Bengal, and the Cuttack and Pooree districts in Orissa, is not more than a few tenths of an inch, while in these exceptional districts the average rainfall varies only from one to three inches.

Meteorological summary for the month—At the close of October the weather conditions in Bengal were those of the north-east monsoon, and, if anything, the north-east monsoon conditions were rather more strongly pronounced than is usual at the end of October The skies over the whole of Bengal were practically cloudless, temperature had fallen rapidly and was decidedly below the average, humidity was low, and a steady northerly current was blowing over the greater part of the Province The north-east monsoon conditions were at this period being intensified by the occurrence of the Madras rains, for heavy rain had fallen at all stations from Masulipatam down to Galle, and, as explained above, this action always increases the steadiness of the north-east current in Bengal. At the commencement of November, however, the heavy rainfall along the Madras coast suddenly ceased, though a steady northerly current continued to blow at the northern stations in the Bay, and very strong winds continued to blow at Galle. On the 2nd of November it became evident that a cyclonic storm had formed in the south of the Bay, and that it was approaching the west coast. Pressure fell rapidly with the advance of the storm towards the coast, and at Madras the fall from 10 A.M. of the 1st of November to 10 A.M. of the 2nd was about two-tenths of an inch. The cyclonic storm apparently crossed the coast about midway between Masulipatam and Madras during the evening of the 2nd of November, and from the reports received from Simla, it would appear that the storm travelled across the whole of the Peninsula without breaking up. The storm was a large though not an intense one, and it affected the whole of the stations on the west coast of the Bay, giving heavy rain to the central stations and lighter rain to the others. Rain was therefore received at almost all stations in Orissa on the 3rd and 4th of the month, and in some cases on the 5th; the southern stations receiving heavy and the northern stations light rain. With the advance of this large disturbance across the west coast, weather in Bengal also became unsettled, skies clouded over rapidly, and in the southern districts they became almost practically overcast for some days. Considerable amounts of moisture drifted over the Province, and humidity and temperature rapidly rose. The northerly winds rapidly fell off in force, and winds became light and variable. During the continuance of these disturbed conditions, a few light showers were reported from Chutia Nagpur and also at a few stations in South-West Bengal, and at the stations in the Darjeeling Hills, but the amounts were insignificant. From about the 6th or 7th of the month these disturbed conditions gradually disappeared, and again normal north-east monsoon conditions set in over the Province. Pressure also generally increased, and for the second week in the month the excess pressure above the normal varied from about 0·02″ to 0·06″. Skies became practically cloudless, temperature became nearly normal, and rainfall was practically absent over the whole Province.

On the 14th of the month, however, the weather conditions in the south of the Bay became disturbed. Winds commenced to strengthen at all the southern stations, while pressure fell rather rapidly off the Ceylon coast. These conditions continued on the 15th, and it was clear that stormy weather was commencing. On the 15th there were the first indications of the formation of a cyclonic storm in the extreme south of the Bay, and on this day Negapatam reported 8 inches of rain and Madras 4 inches. Weather continued very stormy along the coast on the following day, and at Negapatam, on the 17th, the excessive rainfall of 13·61 inches was reported, while on the same day Madras reported 5·73 inches; on these two days Negapatam reported no less than 21·62 inches of rain, and Madras 9·74 inches. The unsettled and stormy weather then commenced to move in a northerly direction, and on the 18th the storm was a little to the south-east of Madras, and probably not far from the coast. It then moved slowly in a north-easterly direction, and on the 20th it was nearly in the centre of the Bay, and in about the latitude of Masulipatam and Diamond Island. At this time the storm was giving strong winds in the south and west of the Bay, and very strong winds at Diamond Island. The storm continued its slow northward advance, and on the 21st, judging by the fall of the barometer at Diamond Island, it appeared to be moving towards that station; but on the morning of the 22nd it was some little distance to the south-west of Akyab, and was still moving slowly in a north-easterly direction, and finally, on the morning of the 23rd, it passed inland to the south of Chittagong.

The barometric depression at the centre of the storm was apparently not very great, though on the morning of the 23rd pressure at Chittagong fell nearly a quarter of an inch, but from the logs of vessels navigating the Bay during the advance of the storm, it would appear that the storm was rather a severe one, and very fierce winds and heavy squalls were reported. Warnings of the existence and advance of the storm were issued to the stations on the east coast, and with the advance of the storm to the north of Akyab the storm signals were hoisted in the Chittagong river and also in the Hooghly; but when it appeared that the storm was reaching the coast to the south of Chittagong, the signals in the Hooghly were lowered, and shortly afterwards the Chittagong signals were lowered.

This storm is a somewhat remarkable one in the history of Indian cyclonic storms, for there is scarcely any other case on record when at the latter end of November a storm has advanced from the extreme south of the Bay in a north-easterly direction, till it has reached the north-east angle of the Bay.

During the period of the formation and northerly advance of the storm, and particularly when it reached the northern half of the Bay, the weather conditions in South Bengal became very disturbed, skies clouded over rapidly and became almost overcast, temperature and humidity increased very considerably, and a few rain showers were reported; and when the storm reached the land, it gave general rain to the greater part of East Bengal, the rainfall in many instances being decidedly heavy, and thus on the 23rd instant the Chittagong district received an average fall of nearly four inches.

With the advance of the storm over the land, it apparently rapidly broke up, and weather conditions quickly became normal again; and from about the 24th to the end of the month, normal north-east monsoon weather prevailed over the whole of the Province. Temperature fell rapidly during this time, pressure became very high, skies became cloudless, and no rain was reported.

The variations of pressure for the month have been of the usual oscillatory character, except for the two periods described above during the formation and advance of the two cyclonic storms, when the oscillations were to a great extent masked by the greater changes due to these storms. At the commencement of the month pressure was distinctly above the normal, and the average excess pressure over the Province for the first week was about 0·05″. In the second week also pressure was at almost all stations in excess of the normal, but the general excess was decidedly smaller than in the previous week. In the third week, at the southern stations, pressure was in defect owing to the influence of the storm; but at the northern stations the excess was rather more pronounced, and in the last week of the month pressure had become decidedly below the normal in East and South-West Bengal and Orissa, while it was only in very slight excess in the other districts. For the whole month pressure has consequently been in excess of the normal, and the average variation of the whole Province for the month has been an excess of 0·035 inch. The excess pressure has been most marked in the northern districts, particularly in North Behar, where at Durbhunga the excess has equalled 0·08 inch and at Purneah where it has been 0·06 inch.

Temperature during the first week of the month was below the normal in nearly all districts, the defect varying from 2·4° in Orissa to a slight excess in Chutia Nagpur. In the second week temperature was decidedly in excess in Chutia Nagpur and South Behar, while in other districts it was nearly normal. In the third week temperature had become in excess in all districts, the general excess being from 1° to 2°, while in the fourth week again temperature was decidedly in excess of the normal. The mean temperature of the month has consequently in most districts not varied largely from the normal. In Orissa, South-West Bengal and North Behar the temperature has been practically normal, while in East Bengal, South Behar and Chutia Nagpur it has averaged about 1° above the normal.

Rainfall has been confined to the two periods noticed in the meteorological summary for the month, and also to the districts which were influenced by the two cyclonic storms. North Bengal, the whole of Behar, and South-West Bengal have been almost absolutely rainless during the month, while light rain has been reported from East Bengal and

Orissa. The average rainfall in East Bengal has been 1·58 inches, and in Orissa it has been 1·34 inches, but, as before stated, the distribution of the rainfall in these divisions has been uneven. In East Bengal the districts of Chittagong and Chittagong Hill Tracts have received heavy rainfall, the amounts being about 7 and 5 inches respectively, whilst in the case of Orissa the districts represented by the stations of Gopalpore and False Point have received the largest amounts of rain.

The following table gives the summary of the temperature and rainfall data of each of the seven Meteorological Divisions of the Province for the month of November 1885 :—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

≡ fog, △ dew.

CALCUTTA, *the 14th December* 1885.

SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 11TH DECEMBER 1885.

THE meteorological conditions for the past week do not call for much discussion. Generally over Northern India pressure has been slowly decreasing, and the changes have brought a wind system slightly different from that which usually obtains during the north-east monsoon, for during the latter part of the week rather unusual easterly and south-easterly winds were reported generally over the Upper Provinces. With the falling barometer and the setting in of moist easterly winds, the sky over Upper India had become rather heavily clouded, though no rain had fallen up till the close of the week. A somewhat similar alteration has occurred in the weather conditions in Bengal, though the changes have set in rather later and to a smaller degree Thus for the first two days of the week pressure was generally rising by small amounts in Bengal, and the sky remained practically cloudless, though even at this time there was a very distinct increase in the humidity and temperature. From Monday, the 7th, however, a fall of the barometer commenced, which continued without intermission, except on the 10th, up till the close of the week. During this time there was a fairly steady increase in the amount of cloud, while there was also a decided and marked increase in the temperature and humidity.

The wind current blowing over the Province commenced by becoming more feeble in strength at the beginning of the week, and a large proportion of calms have been reported during this period, while at the close of the week winds were becoming decidedly easterly over a considerable part of the province, and at many stations winds had even become south-easterly. The principal features of the week under review therefore have been the gradually reducing pressure, the increasing temperature and humidity, and the increase in the amount of cloud.

The mean pressure for the week has been distinctly below the normal at all stations except Dacca, and the average defect over the whole province has been about 0·02″. The defect has been most pronounced in South Behar and Chutia Nagpur and at the western stations generally, and at Gya the defect has been 0·06″, while at Bankipur, Hazaribagh and Saugor Island it exceeds 0·03″. On the other hand, at the eastern stations the pressure has been practically normal.

Temperature—During the week, as before stated, has undergone a gradual and fairly steady increase, and, except in Orissa, it is now above the normal in all districts. As during the previous week temperature was generally very decidedly below the normal, the change has been a very distinct one. The excess above the normal in East Bengal, South Behar and Chutia Nagpur varies between 1° and 2°, in North Behar it has been nearly equal to 1°, but in South-West Bengal the temperature has not been very far removed from the normal.

Rainfall—As has before been indicated, has been entirely absent over the whole province during the week.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 11th of December 1885:—

MEMORANDA.

The table appended to this Memoranda furnishes the following particulars in connection with the mortuary statistics of the districts in Bengal for the month of October 1885:—

1. That the deaths of 152,685 persons were recorded among a population of 66,163,884, representing an annual casualty rate of 27·60 per 1,000, against 26·40 per 1,000 in the preceding month, and 20·88 per 1,000 in the corresponding month of 1884, indicating, as compared with the last-named period, a considerable advance in the number of deaths registered.

2. That the following districts returned the highest proportions of deaths:—

Districts.	Ratio per *mille.*	*Districts.*	Ratio per *mille.*
Bhagulpore	58·92	Maldah	31·20
Shahabad	52·32	Hughli	30·24
Monghyr	51·00	Sarun	29·76
Gya	41·88	Purneah	28·80
Nuddea	38·16	Jessore	28·20
Patna	33·96	Chumparun	26·52
Murshidabad	33·60	Pubna	26·16
Mozufferpore	33·00	Hazaribagh	26·16
Durbhanga	32·64	Julpaiguri	25·08
Rungpore	31·92	Sonthal Pergunnahs	25·08

3. That the mortality from the principal diseases under record stood during the month under review as follows, contrasted with similar information for the corresponding month of the preceding year:—

	Ratio per *mille* during— October 1885.	Ratio per *mille* during— October 1884.
Cholera	2·52	·96
Small-pox	·01	·06
Fever	20·04	15·96
Bowel-complaints	1·08	·84
Injury	·60	·36
Other causes	3·12	2·52

indicating that there was an enhancement of mortality from every death-cause (excepting small-pox), prominently from cholera and fever.

4. That while the incidence of small-pox and bowel-complaints was, on the whole, normal throughout the Province, and injury and the maladies classed under the head of "Other causes" proved conspicuously fatal, the former only in the Cuttack district, viz. at 3·24 per 1,000 of population, and the latter only in the Sarun district, viz. at 12·00 per 1,000, cholera and fever displayed their greatest activity in the following districts:—

Cholera.	Ratio per *mille.*	*Fever.*	Ratio per *mille.*
Mozufferpore	11·52	Bhagulpore	41·88
Bhagulpore	10·32	Monghyr	41·52

Hazaribagh	2·04	Julpaiguri	22·56
		Sonthal Pergunnahs	21·12
		Hazaribagh	21·12

5. That the mortality of the month under the heads of *Sex*, *Class* and *Age* stands as indicated below:—

According to Sex.	Ratio per *mille.*	*According to Class.*	Ratio per *mille.*	*According to Age.*	Ratio per *mille.*
Males	29·04	Christians	11·88	Under 1 year	139·44

OFFICE OF SANITARY COMMISSIONER FOR BENGAL,
The 14th December 1885.

R. LIDDERDALE, M.D., *Deputy Surgeon-General*,
Sanitary Commissioner for Bengal.

MEMORANDA.

During the week ending 28th November 1885, the returns from the principal Municipalities in Bengal furnished the following results:—

1. That the birth-rate in these Municipalities amounted to 27·5 per 1,000 of population against the same proportion in the preceding week ending 21st November, and the death-rate 42·8 per 1,000 against 39·1 per 1,000, showing a sensible improvement in death registration.

2. That these events were returned in the highest proportions from the following Municipalities:—

Births.

	Ratio per *mille*
Naraingunge	58 0
Bhagulpore	43 4
Durbhunga	43 3

General Remarks on the fluctuation of principal staples carried over the East Indian Railway during the month ended 24th October 1885.

INCREASES.

Coal and Coke.—There have been increases in both the upwards and downwards traffic, and these were to be expected, as last year's traffic during October was very depressed. The upward increase is due to demands from foreign railways, and that in the downward traffic to good demand in the Calcutta market.

Piece-goods.—The increase in this commodity is due mainly to demands in connection with the Durga and Luckee Poojahs, occurring in 1884 in September.

Gunny.—This is attributable to increase in demands for wheat and seeds.

Wheat.—The increase in this staple is very satisfactory; the traffic was 7½ times as great as that of 1884, and about three times that of 1883.

Gram and Pulses.—Due chiefly to exports from the North-Western Provinces to Bengal to meet scarcity in the Lower Provinces.

Other Grains.—There has been a general increase in despatches from the North-West and stations on the Rajputana and Mymensingh Railway.

Hides and skins.—This increase is due to a good demand for export, and to stocks in Calcutta having been affected by the small arrivals from Eastern Bengal during a serious break on the Eastern Bengal Railway.

Salt.—This increase is chiefly due to despatches from Howrah and *via* Agra.

Sugar refined and unrefined.—The increases show no more than a revival of the traffic which, during 1884, was very poor.

Seeds.—The increase in seeds was chiefly in linseed and mustard seed, and was due to a good demand for export with steady prices.

DECREASES.

Lac, shell and refuse.—The decrease in these staples is partially due to the reduced rates given from September at the request of lac manufacturers.

Railway materials, foreign.—This decrease is due to limited despatches from Howrah partially caused by the Durga Poojah Holidays.

NOTIFICATION.

BENGAL TENANCY ACT.

The 21st December 1885.—Under sub-section 5, section 190 of the Bengal Tenancy Act (VIII of 1885), the following Rules are published for general information.

A. P. MACDONNELL,
Secy. to the Govt. of Bengal.

RULES UNDER THE BENGAL TENANCY ACT (ACT No. VIII OF 1885.)

CHAPTER I.—GENERAL.

Section 189.*

1. In carrying out the following rules Revenue Officers shall have regard to the instructions of the Board of Revenue for the guidance of Revenue Officers, so far as such instructions are consistent with the rules herein prescribed under Act VIII, 1885.

2. Except where otherwise provided for by law or by these rules, all proceedings and orders of Revenue Officers, passed in the discharge of any duty imposed upon them by or under this Act, shall be subject to the supervision and control of the Board of Revenue; and the orders of each Revenue Officer under this Act shall be subject to the supervision and control of the Revenue Officers to whom he may be declared by the Board of Revenue to be, for the purposes of the Act, subordinate:

The Collector and the Commissioner in whose jurisdiction operations under these rules are in progress shall be entitled to inform themselves of the nature and progress of such operations.

3. Where no other mode of service of notice is prescribed by the Tenancy Act or by these rules, service shall be effected in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, if the notice is addressed to only one person; and if it is addressed to a number of persons occupying or owning land in the same village, the notice shall be served by proclamation and beat of drum, and by posting it in the presence of not less than two persons on some conspicuous place in the village, and also by fixing it up in the village office, if any, where the rent is usually paid.

CHAPTER II.—STAPLE FOOD-CROPS AND PRICE LISTS.

1. *Section* 39 ( ).—The local areas under this section shall be those entered in Schedule II annexed to these rules, and the mart specified in the same schedule for each local area shall be that at which prices shall be recorded.

2 *Section* 39 (7).—The Collector, after such enquiry into the relative extent to which particular food-crops are grown in his district, as he may think necessary, shall cause a notice to be affixed in his office and in the sub-divisional office, specifying the food crop or food crops which in his opinion is or are most extensively grown in each local area. The notice shall distinguish, as far as may be practicable, between crops grown on high lands and crops grown on low lands; and shall fix a day, not being later than 15 days after the publication of such notice on which objections will be taken into consideration. On the day so fixed the Collector shall take into his consideration the objections, if any, to the enumeration of staple food-crops proposed in the notice; and shall report his opinion thereon to the Board of Revenue The Board of Revenue shall submit the Collector's opinion to the Local Government, with such remarks as may seem to them necessary. The Local Government, after considering the reports of the Collector and the Board of Revenue, shall determine and notify in the *Calcutta Gazette* what shall be deemed staple food-crops in each local area.

3 Price lists of staple food-crops shall be prepared on two market days in the month at intervals of not less than ten days. Such market days shall be selected by the Collector, subject to the control of the Board of Revenue.

4. The price recorded for each staple food-crop shall be the prevailing retail price at which that crop was actually sold in the mart to which the price list refers on the days prescribed in the last preceding rule.

5. Price lists shall ordinarily be prepared by a gazetted officer not below the rank of a Sub-Deputy Collector. But in special cases where a Sub-Deputy Collector is not available, the Collector, with the sanction of the Commissioner, may authorize a canoongoe to prepare the lists

6. Every officer charged with the preparation of price lists shall keep a record showing as far as practicable—

(*a*) The date of his visit to the mart, at which prices are to be recorded;

(*b*) The names of vendors and purchasers, the quantities sold, and the price thereof, for any sales effected in his presence.

7. When price lists are prepared at the sudder sub-division by an officer other than a Covenanted Deputy Collector, or at other sub-divisions by an officer subordinate to the Sub-Divisional Officer, they shall be submitted to the Covenanted Deputy Collector, or a Deputy Collector, specially nominated by the Collector for the purpose, or Sub-Divisional

* These references are in all cases to the sections of the Bengal Tenancy Act (Act VIII, 1885).

Officer as the case may be. Such officer shall scrutinize the lists; he may call for explanations and cause manifest errors to be corrected; and, having satisfied himself of the accuracy of the lists, he shall countersign them

8. The price lists shall be published for not less than one week at the marts to which they respectively refer, at the Collector's or sub-divisional office, and at every police station and munsifi in the the local area.

9. After the expiry of the term of publication of the price lists in the mart to which they refer, as mentioned in the last preceding rule the lists shall be submitted to the Board with any objections made to them, and with the opinions of the officers who prepared and countersigned them, and of the Collector, on such objections.

CHAPTER III.—LANDLORDS' IMPROVEMENTS.

1. *Section* 80.—An application for the registration of a landlord's improvement may be presented to the Collector of the district or to the officer in charge of the sub-division in which the land benefited by the improvement is situated, or to any Assistant or Deputy Collector who may be specially appointed by the Government to receive such application. It shall, as far as practicable, be in the form specified in Schedule I appended to these rules.

2. The officer receiving the application may, if he thinks fit, require the applicant to present as many copies of the application as there are tenants mentioned in column 7 of the application, or as there are villages mentioned in column 2, and he may, as the case may be, either forward by registered letter copies to the tenants whose names are specified, or may give notice to the tenants by causing a copy to be fixed up in the presence of not less than two persons in some conspicuous place in every such village. In either case he shall fix a date for hearing objections to the application, and shall cause that date to be notified to the parties concerned, either by entering it in the copies forwarded by registered letter or by proclaiming it by beat of drum and by posting in the presence of not less than two persons a notice declaring it in each village. The expenses of such service shall be borne by the applicant for registration.

3. The officer may make over the application to any of his subordinates, not being below the rank of a canoongoe, for local enquiry and report, and shall in that case fix a date for hearing the report, and shall cause such date to be notified to the parties concerned in the manner set forth in Rule 2. The enquiry shall be limited to the ascertainment of the fact whether the alleged improvement is of such a nature as to come within the meaning of section 76 (2), Bengal Tenancy Act, or not.

4. On the date so fixed, or on any date to which the proceedings may be adjourned, the officer shall hear summarily such of the parties and their witnesses as may attend, and shall consider any report submitted to him under Rule 3. He shall then decide whether the work is an improvement as defined in section 76 (2), Bengal Tenancy Act, and whether the landlord is entitled to register it, and shall accordingly order it to be registered or refuse registration.

5. Nothing hereinbefore contained shall preclude the officer receiving the application from holding a local enquiry in person, and from ordering the improvement to be registered, or refusing registration in accordance with the result of the enquiry so held.

6. If an order refusing to register an improvement is passed by an officer lower in rank than the Collector of the district, such order shall not take effect until confirmed by the Collector of the district.

7. *Section* 81 (1) —Evidence relating to any improvement under this sub-section shall be recorded by the Revenue Officer specified in Rule 1 of this Chapter, who shall exercise the powers of a Civil Court in the trial of suits, and shall be guided by the provisions of sections 182 and 184 of the Civil Procedure Code.

CHAPTER IV.—RECORD OF PROPRIETORS' PRIVATE LANDS.

1. *Section* 118 —Applications under this section may be made to the Collector of the district, or to the officer in charge of the sub-division in which the land in question is situated, or to any Assistant or Deputy Collector specially empowered by Government to receive such applications. If the application is made to the Collector of the district, he may transfer it for disposal to any officer empowered by Government to receive it.

2. The application shall be signed by the party making it, and shall contain the following particulars so far as the applicant is able to furnish them:—

(*a*) The name, towji number, and Government revenue of the estate.
(*b*) The names of the registered proprietors, and the share held by each.
(*c*) The specification of each plot of land referred to in the application, showing the village in which it is situated and the area and boundaries of each plot, if known.
(*d*) The names of the tenants (if any) in occupation of each such plot.
(*e*) Grounds of the application.

3. On receipt of the application the officer shall make such inquiry as he may think fit by examining the applicant or his agent, and may call for further particulars before ordering further proceedings.

4. If the area of the lands has not been already ascertained by measurement made by competent agency under the authority of Government, or if for sufficient reason a further measurement is considered desirable, the officer shall order the lands to be measured and shall estimate the cost of measurement in accordance with the rules for the time being in force for the measurement of lands in Partition cases, and shall require the applicant to deposit the amount either at once or in such instalments as he may deem fit.

CHAPTER V.—SERVICE OF NOTICES.

1. *Sections* 12, 13, *and* 15.—Notices under these sections shall contain, so far as may be possible, the particulars given in the forms specified in Schedule I, and shall be served on the landlord or his agent, or, where two or more persons are joint landlords on their common agent referred to in section 188, or on their common manager appointed under section 95 as the case may be, in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure Where there is more than one landlord, and no common agent or common manager has been appointed, the notice shall be served by being posted on the landlord's village office, if any; and if there be no village office, by fixing it up in the presence of not less than two persons on some conspicuous place on the tenure, and a copy shall also be forwarded by post in a letter registered under Part III of the Indian Post Office Act to the person, or persons, to whom immediately preceding the transfer the rent had ordinarily been paid. When notice is served personally, the landlord's fee shall be tendered with the notice If in cases of personal service a receipt cannot be obtained for the fee from the landlord or his agent, and in all cases when the notice is not served personally, the fee shall be held in deposit by the Collector until applied for by the person or persons authorized to receive it.

2 *Section* 45 —Notice to a raiyat to quit under this section shall be served through the Court having jurisdiction to entertain a suit for ejectment from the holding in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, and shall be subject to the same process fee.

3 *Section* 46 (2).—The agreement under this section shall be filed in the Court having jurisdiction to entertain a suit for arrears of rent of the holding, and shall be served on the raiyat in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, on payment of the fee prescribed by the High Court.

4. *Section* 46 (4).—The notice under this section shall be filed in the Court having jurisdiction to entertain a suit for arrears of rent of the holding, and shall be served on the landlord in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, on payment of the process fee prescribed by the High Court

5. *Section* 63 (2).—In cases (*a*) (*b*), and (*d*) of section 61 herein referred to, the notice of the receipt of the deposit shall be served by forwarding the notice by post in a letter registered under Part III of the Indian Post Office Act, 1866 or, where the Court may deem it necessary, in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure.

6 *Section* 7- (2).—The general notice referred to in this sub-section may be published by the transferee by fixing up a written notice to the tenants in the village office or in the presence of not less than two persons in some conspicuous place on the lands, and by proclaiming to the tenants by beat of drum in every village to which the transfer extends, that the interest of the former landlord has passed to the transferee. The transferee may, if he thinks fit, apply for service of the notice to the Civil Court having jurisdiction to entertain a suit for arrears of rent of the holding, and the Court shall thereupon serve the notice as hereinbefore prescribed on payment of the process fee prescribed by the High Court.

7. *Section* 73.—Notice under this section shall be in writing, and shall be delivered to the landlord or his agent, or, where two or more persons are joint landlords, to their common agent referred to in section 188, or to their common manager appointed under section 95, as the case may be, at the landlord's village office, or at such other convenient place as may be appointed by the landlord for the payment of rent under sub-section (2) of section 54.

8. The raiyat may, if he thinks fit, cause the notice to be served through the Civil Court having jurisdiction to entertain a suit for arrears of rent of the holding in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, on payment of the process fee prescribed by the High Court.

9. *Section* 86 (2) *and* (4).—If the ryot elect to proceed under the second sub-section of this section, he may personally serve a written notice of his intention to surrender on his landlord; but if he elect to proceed under the 4th sub-section of the section, the notice of the ryot's intention to surrender shall be served on the landlord in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, on payment of the process fee prescribed by the High Court.

10. *Section* 87.—A notice of the tenant's abandonment of his holding under sub-section (2) of this section shall be in the form specified in Schedule I, shall be published by beat of drum upon the holding alleged to be abandoned, and a copy thereof shall be affixed in the presence of not less than two witnesses, to some dwelling-house, or tree, or other conspicuous object upon the holding. The fee payable by the landlord shall be Re. 1.

11. *Section* 155.—Notice to the tenant under this section shall be filed in the Court having jurisdiction to entertain a suit for arrears of rent of the holding, and shall be served in the manner prescribed for the service of a summons on a defendant under the Code of Civil Procedure, on payment of the fee prescribed by the High Court.

CHAPTER VI.—RECORD OF RIGHTS AND SETTLEMENT OF RENTS.

Powers of Revenue-officers. Section 189.

1. Revenue-officers appointed to be Settlement-officers or Assistant Settlement-officers for the purpose of making surveys, records of rights, settlement of rents, determination of proprietors' private lands, and such like proceedings, or any one or more of them under the Tenancy Act, are hereby vested with all powers exercised by a Civil Court in the trial of suits, and with the powers mentioned in section 189 (1) (*a*) (*b*) and (*c*) of the Tenancy Act, VIII of 1885.

2. Deputy Superintendents of Survey and Assistant Superintendents of Survey employed in operations under these Rules are hereby declared to be Revenue-officers for the purposes of performing any duty imposed upon them by those Rules, or by instructions, consistent with those Rules, issued by the Board of Revenue They are hereby vested with the powers specified in section 189 (1)(*b*), provided that an Assistant Superintendent shall not exercise the powers vested in a Superintendent under the Bengal Survey Act.

Procedure for Cadastral Survey and Record of Rights.

3. The following processes will ordinarily be comprised in a cadastral survey, record of rights, and settlement of rents:—

I —Demarcation of boundaries.
II.—Measurement.
III.—Testing of measurement.
IV.—Record of rents and rights.
V.—Determination of fair rents on application, and, in certain cases, without application, of parties.

Demarcation of Boundaries before Cadastral Survey.

4 The demarcation of village boundaries shall be carried out in accordance with the definition of a village given in section 3 (10), and the boundary according to possession, where different from that demarcated as above, shall also be shown on the map.

5. Boundary pillars of a permanent nature shall be erected at every point where the boundaries of three or more villages meet, and may be erected wherever the Revenue-officer considers it necessary to define by pillars the boundaries of estates or tenures or of lands which have been the subject of dispute.

Measurement.

6. A field map of every village shall be prepared. It shall show the boundaries of every field separately assessed to rent, or of such plot of land as the instructions of the Board of Revenue for giving effect to these rules may lay down.

7. A field register or khasrah shall be prepared at the time of survey in the following form, or such similar form as the Board of Revenue may direct

8. In preparing the khasrah and khatian, officers shall be guided by such instructions, consistent with these rules, as the Board of Revenue may issue for the purpose for giving effect to these rules.

In the case of tenure holder's *khatians*, the heading of Column 11 will be "according to tenure holder," and in the case of under tenure-holders' *khatians*, the heading of columns 10 and 11 will be altered to "according to tenure holder" and "according to under-tenure-holder" respectively.

Record of Rights.

10. The Record of Rights shall consist of and be contained in—
I.—The khewat
II.—The khatian.

Rights of Proprietors.

11 The khewat shall contain a record of the character and extent of proprietary interests

12 It shall be prepared in the following manner:—

(*a*)—An extract from the Collector's Registers A, B, C, D, framed under the Land Registration Act, VII (B C) of 1876, containing the names, extent, and character of the interests of proprietors of all revenue-paying and revenue-free lands comprised within the mouzah, shall be supplied by the Collector of the district to the Revenue-officer on the latter's application

(*b*)—If the Revenue-officer finds that the proprietary interests existing in the village are in accordance with the entries regarding extent and character of proprietary interests as given in the Collector's registers, he shall have the entries copied into the khewat, which will form the record of proprietary and proprietary-mortgagees' interests for the purposes of the record of rights under the Tenancy Act. The extracts from the Collector's land revenue registers will also show the names and proprietary interests of managers and mortgagees of all revenue-free property within the village.

(*c*)—If any person claiming as proprietor or as assignee or mortgagee of an alleged proprietor deny the accuracy of the khewat as copied from the Collector's registers, the Revenue-officer shall refer him to the Collector of the district and shall also report the fact to the Collector in order that action may, if necessary, be taken under the Land Registration Act, to compel registration of the proprietor's name.

(*d*)—In any proceeding under Chapter X, the Revenue-officer may, at his discretion, recognise as proprietor the person in possession of the land pending the registration of his name and interest under the Land Registration Act.

Proprietor's private lands,—Nij-jote, Sir, Zerat, or Khamar.

13. Only land which is proprietor's private land, as defined in section 120 of the Tenancy Act, will be entered as such. Land which, though cultivated by the proprietor, is not proprietor's private land within the meaning of the law, will be entered thus—"Cultivated by the proprietor, but not private land." Separate khatians will be prepared for such land and for "Proprietor's private land."

Rights of Tenure-holders, Raiyats and Under-Raiyats.

14. The record of tenure-holders', raiyats' and under-raiyats' rights shall be prepared in the following manner:—

15. As soon as possible after the completion of the field measurements of each village the following papers shall be made over to the Revenue-officer:—

(1) The map. | (2) The amin's khasrah. | (3) The khatian.

16. On receipt of these papers, the Revenue-officer shall issue a notification, which may be in the form given in schedule I attached to these rules, fixing a day, which shall not be less than one month from the date of issue of the notification, on which he will be present at some place, to be specified, at or near the village, and after which applications for the settlement of fair rents will not be received. The notification shall further state that on the day so fixed, or on any other day to which the proceedings may be adjourned, the Revenue-officer will proceed to record rents when the circumstances are such as are specified in section 104(1); or to settle fair and equitable rents on the application of either party; or on the Revenue-officer's own motion when the case falls under section 104(2); and it shall require all parties interested in the subject-matter of the enquiry to attend at the time and place specified, with such evidence as they have to offer in connexion with the proceedings. Such notice shall be forwarded to the Sub-divisional Officer and the Munsif within whose jurisdiction the land is situated to be affixed in their respective courts, and it shall also be published by proclamation and beat of drum and fixed up in the presence of not less than two persons in some conspicuous place in the village to which it refers.

17. The Revenue officer may also, if he deem fit, take such additional measures, under Rule 1 of this Chapter, as may be desirable to procure the attendance at the place specified in the notice to be issued under the last preceding rule of the under-raiyats, raiyats, landlords, tenure-holders, and proprietors or their authorised agents.

18. The record of rights of tenure-holders and under-tenure-holders shall be, as far as may be practicable, prepared in the same way as the record of raiyats' rights, or in such other manner, not being inconsistent with these rules, as the Board of Revenue may direct. The record of rights of under-raiyats shall be, as far as may be practicable, prepared in the same way as the record of raiyats' rights, or in such other manner, not inconsistent with these rules, as the Board of Revenue may direct.

19. The record of raiyats' rights shall be prepared in the following manner.

20. On the date specified in the notice to be issued under Rule 16, or on any other date to which the proceedings may be adjourned, the entries which the amin has recorded in each tenant's khatian at the time of measurement shall be read out in presence of such of the interested parties as are in attendance. If the correctness of the entries recorded by the amin be disputed, the Revenue-officer shall settle the dispute by local enquiry or otherwise: provided that if the correctness of the measurement is called in question, and a fresh measurement demanded, the Revenue-officer may require the costs of the re-measurement to be deposited. If the re-measurement show the original measurement to have been inaccurate, the amount deposited shall be refunded to the objector.

21. The Revenue-officer shall ascertain what raiyats claim the right to hold at fixed rates, explaining, as far as may be necessary, the provisions of the Act in this respect. If the right claimed is disputed by the landlord, the Revenue-officer shall call on the claimants for proof of such right.

22. The Revenue-officer shall ascertain which of the raiyats are settled raiyats or occupancy raiyats, as the case may be, and shall record them as such in column 14 of the khatian.

23. The Revenue-officer shall ascertain what raiyats are non-occupancy, and to this end he shall be entitled to call upon the landlord or his agent to produce a statement showing the names of the raiyats alleged by him to be non-occupancy raiyats. On production of such statement, the Revenue-officer shall explain to the raiyats whose names are entered in the statement, and who have not already been recorded as occupancy or settled ryots, the nature of the presumption raised by section 20 (7) If after such explanation a raiyat admits himself to be a non-occupancy raiyat, he shall be recorded as such. If he does not admit himself to be a non-occupancy raiyat, the Revenue-officer shall call on the landlord to prove the allegation made by him in regard to such raiyat.

24. Abwabs shall not be recorded with, nor entered as forming part of, the existing rent. Cesses which are authorized by law shall be recorded in column 12 (*b*).

25. The Revenue-officer on the day fixed by the notice issued under Rule 16 shall, as far as may be convenient, first proceed to record rents under section 104, clause 1. When neither the landlord nor the tenant has applied to have a fair and equitable rent fixed, and when it does not appear that the tenant is holding land in excess of or less than that for which he is paying rent, the Revenue-officer shall summarily ascertain the tenant's present rent, and record it in column 12 of the *khatian*, as the rent payable in respect of the land held by the tenant.

26. When all rents to which section 104, sub-section 1, is applicable have been recorded, as far as may be convenient, the Revenue-officer shall proceed to settle rents under sub-sections 2 and 3 of the same section. In settling rents, the existing rent being presumed under section 104 (sub-section 3) to be fair till the contrary is proved, if the landlord claims an enhancement, he will have to prove the grounds

of and amount of enhancement; and if a raiyat claims a reduction, he will similarly have to prove the grounds of reduction. Provided that it shall be in the discretion of the Revenue-officer to admit an application made after the period fixed in Rule 16, if it be established to his satisfaction that the delay in making it was not due to any negligence or carelessness on the part of the applicant, and that, if it be not admitted, serious hardship or injustice would accrue to him. The order passed by the Revenue-officer on all such applications shall be final.

27. If within the period fixed and notified under Rule 16 the landlord applies for the settlement of a fair rent, he shall be considered as plaintiff and the tenant as defendant, and the proceeding shall be dealt with as a suit under this Act. If within the same period the tenant applies for the settlement of a fair rent, he shall be considered as plaintiff and the landlord as defendant, and the proceeding shall be dealt with as a suit under this Act.

28. If it appears that a tenant is holding land in excess of or less than that for which he is paying rent, and if within the period fixed and notified under Rule 16 of this Chapter neither landlord nor tenant applies for the settlement of a fair rent or if an application be not admitted under the proviso to Rule 26, the revenue-officer shall, in accordance with the notice, proceed to fix a fair and equitable rent for the holding under section 104, sub-sections 2 and 3.

29. When a fair and equitable rent has been fixed under the last two preceding rules, it shall be entered in column 13 of the *khatians* as the rent payable in respect of the holding.

30 Where the estate or tenure belongs to or is managed by the Government or the Court of Wards, the procedure laid down in the preceding rules for recording or settling rents shall be followed, the Government or the manager of the estate or tenure respectively, as the case may be, being regarded as the landlord

31. With the consent of the Revenue-officer, any number of tenants occupying land under the same landlord, in the same village or estate, may make a joint application for the settlement of rents, or may be joined as defendants in the same proceeding on a similar application by the landlord: Provided that if at any time it shall appear to the Revenue-officer that the question between any two of the parties of whom one is so joined with others cannot conveniently be so jointly tried, he may order a separate trial to be held of that question or he may pass such other order, in accordance with the Civil Procedure Code, for the joint or separate disposal of the application as he may think fit.

32. In proceedings under section 106, when a dispute arises before the final publication of the record regarding the correctness of an entry (not being an entry of rents settled under Chapter X) or as to the propriety of any omission, notice of the objection shall be served on all persons whose interests may, in the opinion of the Revenue-officer, be affected thereby, and they shall be called upon to attend at such time and place as the Revenue-officer may fix for the disposal of the objection. If any person attends and contests the objection, the proceeding shall be dealt with as a suit between the parties under the Tenancy Act, in which the objector shall be plaintiff and the other parties defendants. If no person attends to contest the objection, the record may be amended accordingly, or the person who made the objection may, if the Revenue-officer thinks fit, be called upon to produce evidence in support of his objection, which may in that case be heard and decided as a suit *ex parte* under the Tenancy Act.

Publication of the Record of Rights.

33. When the record of rights has been prepared in the manner described in Rules 20 to 32, the Revenue-officer shall cause a draft of the *khewat* and *khatian*, or, when more convenient, of each separately, to be posted, for the period of one month, at the landlord's village office, if there be one and, if there be none, then in the presence of not less than two persons, on some conspicuous place in the village, and shall receive and consider any objections which may be made to any entry therein during this period.

34. When all applications for settling a fair rent have been disposed of, and all disputes of the nature mentioned in Rule 32 have been decided and all objections of the nature mentioned in Rule 33 have been considered by the Revenue-officer, he shall note in the khewat and the appropriate columns of the *khatian* in regard to each entry what entries have been, and what entries have not been, the subject of dispute. He shall then finally frame the record and cause it to be published by having it posted in the village office at which the rent is usually paid, or in some conspicuous place in the village.

Supply of Copies of the Record of Rights to parties interested.

35. The Revenue-officer having completed the record, shall cause copies of it to be made one of which will be made over to the proprietor of the village or, where there are more proprietors than one, to their common agent or common manager, as the case may be, one to the village patwari, if there be a patwari, one to the Collector or Sub-divisional Officer.

A copy of the khatian relating to his tenancy shall be given to every tenant under the signature and seal of the Revenue-officer.

Final Reports.

36. The Local Government may, if it thinks fit, direct that a final report be written in English for each village and each local area under survey. The report for the village will show—

(a)—The number of tenants of each class.

(b)—The area and classification of the village lands according—(a) to survey and settlement; (b) to landlord's jamabandi, if known.

(c)—The rental according to settlement, and according to landlord's jamabandi, with explanation of increase or decrease, amount of Government revenue, and comparison of rent with revenue.
(d)—The rates of rent prevailing, with history of past enhancements.
(e)—Proximity to markets.
(f)—Facilities for irrigation.
(g)—Village customs, including customs as to payment of village officials.
(h)—Arrangements made for maintenance of records.
(i)—Other matters deserving of notice which have been excluded from the record of rights.

The report for the whole area under survey will contain the following particulars:—

I—General description of the tract.
II—Its fiscal history.
III—Statistical results.
IV—Comparison of condition of tract as regards rentals before and after survey.
V—Financial results, including approximate division of expenses under the heads—

(a)—Survey.
(b)—Record of rights.
(c)—Preparation and distribution of records

These reports shall not form part of the Record of Rights.

Applications by Proprietors for Survey and Record of Rights.

37. *Section* 103.—Applications under this section shall be made to the Collector of the district.

38. The application shall specify—

(a)—The status of the applicant, viz. whether he is a proprietor or a tenure-holder, and the particulars in respect of which the application is made
(b)—The number of tenants (so far as the applicant is able to state it) occupying the estate or tenure, or part thereof in respect of which the application is made, the total rent payable by them at the time, and the estimated area covered by the application.

39. If the application is made by a proprietor, it shall not be admitted unless the name of the applicant and the extent of his interest are registered under Act VII (B.C) of 1876.

40. On receipt of the application, the Collector shall forward it to the Commissioner with any remarks which he may think necessary.

41. The Commissioner may call for further information, or may require the application to be amended.

42. If the Commissioner shall have reason to believe that the number of tenants affected by the application does not exceed 1,000, and that the rent payable by them at the time the application is made does not exceed Rs. 25,000, he shall pass an order allowing or rejecting the application; but otherwise he shall forward the application with an expression of his opinion for the orders of the Board of Revenue.

43. A Commissioner rejecting an application shall record his reasons for doing so, and the applicant, if dissatisfied with the order, may appeal within one month to the Board of Revenue.

44. When an application is referred to the Board under Rule 42, or in consequence of an appeal under Rule 43, the Board shall pass such orders as it may think fit for allowing or rejecting the application.

45. The Commissioner or the Board, as the case may be, when allowing an application, shall specify the Revenue-officer or officers by whom the record is to be prepared.

46. As soon as an application is allowed, the Collector shall call upon the applicant to deposit the expenses at the rate of eight annas per acre for the estimated area in respect of which the application has been allowed. If the Collector is unable to estimate the area, he shall calculate the expenses at the rate of Rs. 2 per each tenant. If the amount does not exceed Rs. 500, the applicant must deposit the whole amount in advance. If it exceeds Rs. 500, the applicant shall deposit the sum of Rs. 500, and shall give such security as the Collector may require for the balance The applicant shall, when called upon, from time to time, deposit such further sum as may be necessary for carrying on the operations. On completion of the proceedings, any unexpended balance shall be refunded to the applicant.

47. In conducting the operations, the Revenue-officer shall proceed in accordance with the rules for the guidance of officers acting under orders made under section 101.

CHAPTER VII.—GENERAL SCALE OF FEES.

1. *Section* 189 (1).—*For service of Notices.*—For the service of every notice under this Act, not being a notice issued by any Revenue or Civil Court (fees for serving which are regulated by the Court Fees Act), and not being provided for by any other rule made under this Act, a process fee of 12 annas shall be levied, if the notice be directed to one or more persons residing in the same village.

2. Where such notices are directed to several persons resident in different villages, a fee of 12 annas shall be levied for service in each village.

3. In addition to the above fee, the actual charge which must be incurred, if it is necessary to travel by railway or boat, or cross ferries, will be levied from and paid by the person at whose instance the process is issued before issue of the process. If a peon carries more than one process involving charges for railway-fare, boat-hire, &c., the sum leviable will be charged in equal shares upon all the processes so carried. The rates at which such boat-hire is to be charged shall be the same as those fixed for criminal processes under Rule VII of the rules prescribed by the High Court under clause 2, section 20, Act VII of 1870, and shall be sufficient only to cover, on the whole, the actual cost of hiring boats, or of such boat establishment as it may be necessary to maintain for the purpose of serving processes of these classes.

4. If a peon is detained at the place of service for more than 24 hours at the request of the person at whose instance the process was issued, or of his agent, such person or agent must then and there pay demurrage at the rate of 5 annas a day. Unless this demurrage is paid, the peon must decline to wait. No demurrage is to be charged if the delay was not due to the person requiring the process or to his agent.

5. *Section* 61 (2).—*For deposits of Rent.*—For deposits of rent under section 61 (2), 4 annas for every such deposit of Rs. 25 or less, with an additional 4 annas for every Rs. 25 or part of Rs. 25 in excess: Provided that in no case shall the fee exceed the sum of Rs. 5.

6. *Section* 134.—*For distraint of Crops.*—The following scale of charges is prescribed, on account of processes for distraint and sale under the Bengal Tenancy Act:—

(*a*)—In respect of the warrant of distraint—8 annas.

(*b*)—In respect of each man necessary to effect the distraint and also to ensure safe custody, where such man is to be left in actual possession - 4 annas a day.

(*c*)—In respect of action taken under section 126 (clause 2) for the reaping, storing, or preservation of the crop distrained—4 annas a day for every person employed, and in addition actual hire of threshing floor or store-house, if necessary.

In addition to the charges under clauses (*a*), (*b*), and (*c*) above, railway-fare, boat-hire, and ferry charges will be levied, when necessary, as under Rule 3 of this Chapter.

COAL CARGOES.

No. 1.—Official caution in regard to explosions of coal gas on boardship.

THE attention of shipowners, shipmasters, colliery owners, coal brokers, underwriters, and others is directed to the conclusions with regard to explosion of coal gas arrived at by the Royal Commissioners appointed to inquire into the causes of spontaneous combustion of coal on boardship, especially to their fifth recommendation, which is as follows:—

"5. That with a view to guard against explosion, free and continuous egress to the open air, independently of the hatchways, should be provided for the explosive gases by means of a system of surface ventilation, which would be effective in all circumstances of weather."

Certificated masters and officers are especially warned that neglect on their part will, in the event of accident, be brought to the notice of the Wreck Commissioner or of the Court investigating the case.

The Board of Trade also give notice that as they are advised that vessels laden with coal, and not provided with surface ventilation, are dangerous to human life, it is their intention, under the Acts, 17 & 18 Vic., Cap. 104, section 239, and 39 & 40 Vic., Cap. 80, section 4, or any other Acts enabling them so to do, to prosecute those persons who in future send or take, or attempt to send or take, or are parties to sending or taking or attempting to send or take to sea British coal-laden ships which, on account of the absence of sufficient surface ventilation, are in such unseaworthy state that the life of any person is likely to be thereby endangered; and all persons who so neglect their duty in respect of surface ventilation as to cause danger to life or limb.

HIGH COURT NOTICE.

NOTIFICATION.

THE following corrigendum to Rule II (*b*) of the Rules* under clause (*c*), section 27 of the Legal Practitioners' Act XVIII of 1879 (Rule No. 6 of 29th August 1883), is published for general information:—

C. A. WILKINS, *Registrar.*

* Rules for regulating the fees payable in the Subordinate Civil Courts by any party in respect of his adversary's Pleader or Mookhtar, published in the *Calcutta Gazette* of the 15th August 1883, Part I, pages 694 to 696, and in the *Assam Gazette* of the 25th August 1883, Part III, pages 437 and 438.

FORT WILLIAM, *the 17th December* 1885.

II. (*a*).—In suits for injuries to the person or character of the plaintiff, such as suits for assaults or defamation, or for injuries to property, or to enforce rights where the pecuniary value of such injury or right cannot be exactly defined, as in suits for interference with a right to light or water, or to enforce a right of pre-emption, or suits for the partition of joint property where partition is improperly resisted, and generally in all suits not included in Rule I, if the plaintiff succeed, the Court may order the fee of the pleader for the plaintiff to be calculated with reference either to the amount decreed, or according to the valuation of the suit, or according to such a sum, not exceeding the valuation, as the Court shall think reasonable and shall fix with reference to the importance of the subject of the dispute. In any such case the amount of the Pleader's fee shall be calculated according to the scale in Rule I.

(*b*).—In this and in the following rules, cases under Part III of the Land Acquisition Act X of 1870 shall be deemed to be suits, and the fees allowable therein shall not be calculated as fees in Miscellaneous proceedings under Rule VIII.

In *Rule II* (*b*) *of the Rules under section 27* (*c*) *of the Legal Practitioners' Act XVIII of* 1879 (*Rule No.* 6 *of 29th August* 1883), *for the words* "shall not be calculated as fees in miscellaneous proceedings under Rule VIII" *substitute the following*.—

...... "May be calculated either on the amount of compensation decreed in excess of the sum tendered by the Collector or on any smaller amount which the Court in its discretion may think proper.

"In the event of the sum tendered by the Collector being decreed, Pleaders' fees may be awarded to Government on the difference between that sum and the sum claimed, or on any smaller amount which the Court in its discretion may think proper.

"Provided that, in any case in which the remuneration under the above rules shall, in the opinion of the Judge, prove to be insufficient, or in any case not provided for, he shall be at liberty to allow Pleaders' fees as in miscellaneous cases under Rule VIII."

The following are the conditions of sale :—

1.—The opium will be sold for exportation by sea only, and no certificate will be granted except to cover such export.

2.—The opium will be ordinarily offered for sale at an upset price of Rs. 800 per chest, and sold to the highest bidder above that price, except under the circumstances for which provision is made by clause 13 of these conditions of sale. The bids must advance by Rs. 5 at a time.

3.—The sale shall commence at the hour of 11 A.M. of the day fixed by previous notification, and shall not be continued after the hour of 5 P.M.; but if at that hour any of the lots advertised for sale shall remain unsold, the sale may, at the discretion of the Board of Revenue, be resumed on the next day following (not being Sunday or a public holiday), at the hour of 11 A.M., and so on until the whole of the remaining lots are disposed of; or, if the whole quantity advertised shall not be sold on the day appointed, the Board of Revenue may dispose of the lots which remain on hand at a future sale.

4.—Each lot shall contain five chests.

5.—A Promissory Note for a sum, calculated according to the scale noted in the margin, shall be taken as a deposit on each lot from the purchaser in the sale-room and before the lot is registered in the sale-book, and all such Promissory Notes shall be redeemed on the part of the purchasers at this Office by Bank of Bengal receipts or by substitution of other public securities of the Government of India, on or before 3-30 P.M. in the afternoon of the fifth day after the sale, provided it does not fall on a Saturday; if it falls on a Saturday, the said notes must be redeemed by 1-30 P.M., or, on the other hand, failing such redemption by the time aforesaid, then the lot or lots for which no Bank of Bengal Receipts or deposit of other public securities as aforesaid shall have been delivered in, shall be re-sold at such time or times and under such conditions of re-sale as the Board of Revenue shall see fit; and all losses and expenses whatsoever attending such re-sale shall be borne and paid by the defaulters, whilst any profit accruing from such re-sale shall be forfeited to Government.

DEPOSIT.

When the amount bid is less than Rs. 1,200 per chest, Rs. 200 per chest.

On bids of Rs. 1,200 and upwards, but less than Rs. 1,600 per chest, Rs. 300 per chest.

On bids of Rs. 1,600 and upwards, but less than Rs. 2,000 per chest, Rs. 400 per chest.

And so on, Rs. 100 being added to the deposit for every bid additional, to the extent of Rs. 400.

6.—The said Promissory Notes shall be absolutely payable in any event, and the amount thereof shall be absolutely forfeited upon such default as before mentioned, and the amount thereof shall not go or be credited in reduction of any loss on re-sale or expenses thereby incurred, but shall be recoverable whether such re-sale shall be had or not, or whether there shall be a loss on such re-sale or not.

7.—The Promissory Notes taken on the day of sale under the fifth condition, if remaining unredeemed at 3-30 P.M. of the fifth day following the day of sale, or 1-30 P.M. if the last day falls on a Saturday, will be placed in the hands of the Solicitor to the Government for realization in such manner as to him shall seem fit.

8.—No tender of money, Bank of Bengal Receipts, or public securities, on account of opium upon which the prescribed deposit may not have been made before the prescribed time in clause 5 on the fifth day following the day of sale will be afterwards accepted. Provided always that money so subsequently tendered may be taken in payment of the said Promissory Note, but such acceptance of money shall in no way entitle the payer thereof to

any right to delivery of the lot or lots in respect whereof the said note was given, or to any of the rights of a purchaser thereof, or release the payer from liability for any unpaid balance of such notes or from the additional liability for the loss and expenses of such re-sale as provided for in clauses No. 5 and No. 6.

9.—The opium advertised for sale shall be paid for not later than by 3-30 P.M. of the fifteenth day from the day of sale, provided it does not fall on a Saturday; if it falls on a Saturday, the opium must be paid for by 1-30 P.M.; and in case any lots of such opium shall not be so paid for and adjusted, then the cash deposit made under the fifth condition, or any public securities that may have been deposited on account of such lots or chests, shall be forfeited, and the opium shall be disposed of on account of Government at such time and in such manner as the Board of Revenue shall think fit; and the first purchaser shall further be required to make good all expenses and any loss or difference of price between that obtained at the re-sale and the amount at which the opium was first purchased, forfeiting all advantages that may arise from such re-sale, and the liability for the loss or difference of price and expenses shall be in addition to, and wholly independent of, the amount of the deposit so forfeited.

10.—Purchasers taking out certificates or orders for the delivery of opium, after making full payment as above prescribed, shall have the option of naming the number of lots of their purchase, which they may desire to be included in each certificate or order; and it is to be clearly understood that the certificates or orders so taken out shall be considered final, and not afterwards changeable for other certificates or orders authorizing the delivery of single lots, or of a different number of lots or chests, whether more or less, than the number of lots or chests originally required to be included in each certificate or order.

11.—No deposit of public securities under the fifth of the present conditions will be received in this office except from the party recorded as the purchaser in the sale-book, or his authorized agent. The receipt for deposit of public securities will be granted only in the name of such purchaser, and the securities so deposited will be returned when payment in full has been made by the said purchaser or his order.

12.—The officer superintending the sale on the part of the Government is empowered to reject, at his discretion, the bid of any individual, unless such individual shall on demand tender at the time a deposit either in Government of India Notes, Bank of Bengal Receipts, or Government Securities, a sum equal to the amount for which a Promissory Note would otherwise be taken under the fifth of these conditions.

13.—With a view to prevent fictitious biddings designed to obstruct the sale, it is hereby notified that the officer of Government superintending the sale shall be competent, at any time during the sale, to withdraw any unsold lot, and immediately to put it up again for sale at a maximum upset price, diminishing the same gradually until a bid is obtained; and the first *bonâ fide* bidder for a lot after it has been offered for sale in the mode here described shall be held and declared to be the purchaser of the said lot, and the officer of Government superintending the sale shall also be competent to dispose, in the same manner, of as many of the subsequent lots as he may think proper, provided always that no lot shall be sold below the minimum price of Rs. 800 specified in the second of these conditions.

14.—The purchaser of any lot shall have the option of naming and purchasing in immediate succession, at the same price and under the same conditions, any number of lots of the same Agency opium not exceeding altogether twenty-five lots, provided always that there remain a sufficient number of lots of the opium to complete the said twenty-five.

15.—In the event of any dispute or difference touching or concerning any matter or question arising out of the sale of the opium included in this notification, or adjustment of the account thereof, the same shall and may be tried and decided in the High Court of Judicature at Fort William in Bengal.

16.—The following papers will be exhibited for inspection on the day of sale, or may be seen previously to that date by personal application at the Office of the Board of Revenue:—No. 1, certificate of the opium advertised for sale; No. 2, report of the examination of such opium.

17.—The public are hereby informed that in providing the investment of the opium manufactured at the Patna Factory and the opium manufactured at the Ghazeepore Factory for the year 1884-85, the same precautions have been taken as those which have been observed during past years to have the drug procured and sent down in a pure state, to have only the prescribed quantity of leaves used in forming the cakes, and to have the due proportion of opium put into each cake. An account of the weight of the drug when packed at the Patna and Ghazeepore Factories, and a statement of the average weight of the chests, indiscriminately taken, for the purpose of comparison, from the despatches on arrival at Calcutta, may be seen on personal application at the Office of the Board of Revenue.

18.—Any further information respecting weight or quality of the opium advertised for sale that may be desired by parties connected with the trade will, as heretofore, be furnished to them on personal application at the Office of the Board of Revenue. But, in accordance with established usage, under no circumstances will the Board of Revenue entertain or recognize any claim to compensation for loss from any alleged deficiency of weight, abstraction of opium, or adulteration of the drug, which may be preferred on reference to chests after the sale and delivery of the opium for shipment.

By order of the Board of Revenue, L.P.,

C. A. SAMUELLS, *Offg. Secretary.*

PART IB.

ORDERS BY THE LIEUT.-GOVERNOR OF BENGAL.

MUNICIPAL AND LOCAL.

LOCAL SELF-GOVERNMENT.

CALCUTTA, THE 21ST DECEMBER 1885.

RESOLUTION.

UNDER section 138, clause (*b*) of the Local Self-Government Act III (B.C.) of 1885, the Lieutenant-Governor is empowered to make rules for the purpose of regulating the conduct of proceedings of Boards and Committees, including the manner in which notices of a meeting shall be given, the fixing of a quorum, the due record of proceedings, and the language in which business shall be transacted. But section 32 enacts that every District Board, and every Local Board with the sanction of the District Board, may, subject to the sanction of the Lieutenant-Governor, make rules providing, among other things, for the manner in which notice of meetings shall be given, the conduct of proceedings at meetings, and the due record of all dissents and discussions. The Lieutenant-Governor therefore thinks it desirable that the rules framed by him under section 138(*b*) should be confined to points of general application, and so framed as to limit, as little as possible, the authority to make rules on the same subjects allowed by law to the Boards. The rules under clause (*b*) may be conveniently grouped with those under clauses (*c*), (*f*), (*h*), (*s*), and (*t*), which provide for matters connected with the election of Chairmen and Vice-Chairmen, correspondence, litigation, the relations of Boards and Committees with the Government, and the date on which certain meetings shall be held and statements, &c., submitted. The rules under these several clauses, therefore, will form Part IV of the complete set of rules, of which Parts I—III have already been published. Part V will comprise rules under clauses (*d*) and (*e*) regulating the powers of Boards and Committees in matters of property and contract. The Lieutenant-Governor directs that, as required by section 143 of the Act, the proposed rules under clauses (*b*), (*c*), (*d*), (*e*), (*f*), (*h*), (*s*), and (*t*) of section 138 shall be published for general information in the *Calcutta Gazette*.

By order of the Lieutenant-Governor of Bengal,

J. WARE EDGAR,

Offg. Secretary to the Govt. of Bengal.

NOTIFICATION.

The 21st December 1885.—The following draft Rules, which have been framed under section 138 (*b*), (*c*), (*f*), (*h*), (*s*) and (*t*) of the Local Self-Government Act, are published for general information. They will be taken into final consideration on the 20th January 1886, after which date no objections or suggestions can be received.

PART IV.

PROCEEDINGS OF BOARDS.

Quorum.

65. The quorum necessary for the transaction of business at a meeting of a Board shall be two-thirds of the total number of members of the Board, when any of the following subjects are to be disposed of at such meeting:—

(*a*)—Scale of establishment and salaries (section 33).
(*b*)—Rules for pensions and gratuities (section 35).
(*c*)—Rate of Road Cess (section 46).
(*d*)—Preparation of annual budget estimate (section 47).
(*e*)—Loans (section 50).
(*f*)—Bye-laws (section 139).
(*g*)—Election of Chairman and Vice-Chairman (sections 22, 23, 25, and 26).
(*h*)—Removal of Chairman or Vice-Chairman (section 28).

For all other kinds of business the quorum shall be one-half of the total number of members of the Board.

66. If at any meeting of the Board a quorum is not present, the Chairman, or, in his absence, the Vice-Chairman, shall adjourn the meeting until such other day as he thinks fit.

Proceedings.

67. At least one clear week's notice of all meetings shall be given to every member. Provided that the accidental failure of service of notice on any member shall not invalidate the proceedings of any meeting.

68. The notice shall set forth clearly and fully the business to be transacted at the meeting, and no business other than that so stated shall be transacted. The notice shall be accompanied, when possible, by copies or translations of important papers bearing upon the business to be discussed. If addressed to a member who does not understand English, the notice and its annexures shall be in the vernacular.

69. The latest day for holding a meeting under section 46, to determine the rate at which road cess shall be levied in the district during the ensuing cess year, shall be the 31st August.

70. The Chairman, or, in his absence, the Vice-Chairman, shall preside at every meeting, and in the absence of both the Chairman and Vice-Chairman, the members present shall choose some one of their number to preside.

71. All questions duly submitted to a Board shall, unless otherwise provided by the Act, be decided by a majority of votes. If the votes are equal, the President shall have a second or casting vote. Provided that the President shall not have a casting vote if his own election to any office is in question, and in such case the matter shall, if the votes are equal, be decided by Government.

72. The business at meetings of a Board shall, if all the members present know English, be conducted either in English or in the vernacular. If any of the members present do not understand English, the business shall be conducted in the vernacular only.

73. The minutes of the proceedings of a District Board shall be recorded in English. The minutes of the proceedings of a Local Board shall be recorded either in English or in the vernacular, as may be provided in its rules of business.

74. Every motion or amendment duly made and seconded, and pressed to a division, shall be reduced to writing before being put to the vote. Every such resolution or amendment shall be recorded in full in the proceedings, together with the number of votes given for and against it.

75. A copy of the minutes of the proceedings of every meeting of a Board shall be forwarded to every member of such Board. An abstract of the minutes shall be affixed in some conspicuous spot accessible to the public at the place of meeting of the Board.

Election of Chairman or Vice-Chairman.

76. Within one month from the date on which the names of the elected members, and the names or official designations of the appointed members of a District Board, shall have been published in the *Calcutta Gazette*, the members of the Board shall, at a meeting, elect one of their number to be Vice-Chairman, and, if the Lieutenant-Governor has so directed, shall elect one of their number to be Chairman.

77. Within fourteen days from the date upon which the names of the elected members, and the names or official designations of the appointed members of a Local Board, shall have been published in the *Calcutta Gazette*, the members of such Local Board shall, at a meeting, elect one of their number to be Vice-Chairman. They shall also, within the same period, at a meeting elect one of their number to be Chairman, or request the Lieutenant-Governor to appoint a Chairman.

Correspondence.

78. Correspondence between District Boards and the Lieutenant-Governor shall, when the District Magistrate is the Chairman of the Board, pass through the Commissioner. When the District Magistrate is not the Chairman of the Board, such correspondence shall pass through the District Magistrate, who will be guided by departmental rules in conducting it.

79. Correspondence between members of a Local Board and the Lieutenant-Governor or his officers, shall, where the area under the control of the Local Board consists of a sub-division, pass in every case through the Sub-divisional Officer. Where the area in question comprises two or more sub-divisions, such correspondence shall, in every case, pass through the District Magistrate. Correspondence between the members of a District Board and the Lieutenant-Governor, or any of his officers, shall, in every case, pass through the District Magistrate. The District and Sub-divisional Officers will be guided by departmental rules in conducting such correspondence.

80. Correspondence between a District Board and separate departments of Government, such as the Medical or Education Departments, shall, unless the Magistrate of the district is himself Chairman of the Board, pass through the Magistrate of the district. If that district only is concerned, the correspondence between the Magistrate of the district and the department shall ordinarily be direct. But in regard to matters of unusual importance, or where more than one district is concerned, such correspondence shall pass through the Commissioner.

Statements and Reports.

81. The latest day for the submission of the statement of the requirements and probable expenditure of the District Board for the ensuing financial year shall be the 31st of December.

82. The District Magistrate, when he is not the Chairman of the Board, shall signify in writing to the Board his approval or disapproval of the statement of requirements and estimate within one month of the receipt of the same.

83. An account of the receipts and expenditure of the past financial year and a report of the proceedings of the District Board during that period shall be submitted not later than the 15th of May in each year.

84. The annual report of the District Board shall contain such particulars as the Commissioner may require.

85. The Commissioner of the Division will submit to the Local Government a general report on the working of all the District Boards in his division.

86. The annual report of the Local Board shall be submitted on such date, and in such form, as the District Board may prescribe.

Relations of Boards and Committees.

87. The District Board shall, subject to the provisions of the Act, exercise full authority over the Local Boards within its jurisdiction in regard to the following matters :—

(1) Application and expenditure of funds.
(2) Execution of works and repairs.
(3) Administration of all matters placed under its control.
(4) Conduct of proceedings.

88. The Local Board shall, subject to the provisions of the Act, exercise similar authority over the Union Committees within its jurisdiction.

Litigation.

89. When the Chairman of a District Board is not the Magistrate of the District, the District Board may communicate with the Superintendent and Remembrancer of Legal Affairs, through the Magistrate of the District, whenever suits or other proceedings are threatened or have been instituted against them, and also when they desire to sue in civil courts. When the Chairman is the Magistrate of the District, the District Board shall communicate with the Superintendent and Remembrancer of Legal Affairs in all such cases, and shall be guided by the existing rules for the conduct of civil suits.

General.

90. When any suggestion in writing regarding any matter is received from the Commissioner or Magistrate of the district by the Secretary to any District or Local Board, it shall, if the Commissioner or Magistrate desire it, be laid before the next general meeting and fully considered, and a formal resolution shall be passed on the subject.

J. WARE EDGAR,
Offg. Secy. to the Govt. of Bengal.
